

Haywood Dail Will Attend Mass Meeting Here Monday

Haywood Dail, the old war horse of the North Carolina Farm Bureau Federation, will be one of three men to appear before a mass meeting of farmers and business men in the courthouse here next Monday night at 8 o'clock. Plans for supporting a three-year crop control referendum will be laid at the meeting, and farmers and others interested in the welfare of Martin County and all the tobacco territories are invited and urged to attend.

Messrs. Floyd, of the AAA, and Suggs, of Greenville, are scheduled to make brief talks at the meeting which will not last very long.

Tax Unit Attaches Carolina Minstrel

(Continued from page one)

state that the proposal had been advanced to that point where applications for places in the chorus had been received, and that Sheriff Roebuck had been contacted as the end funny man, Hinton, a likeable fellow in the courthouse group, had been pledged support by other members of that group in promoting the venture, it was also said.

The prior claim of the tent and awning firm will force Mr. Hinton to abandon his plans, and it is almost certain that he will continue in his present position.

The approximately 20 members of the show's colored cast are believed to be stranded in Hamilton where the show offered its last performance last evening to a small audience. Others of the cast are said to be in Robersonville and Williamston. The whereabouts of the manager had not been determined at 11 o'clock this morning.

List Farm Land In County For Sale

Any farm land for sale in Martin County can be listed for sale with the Farm Security Administration for consideration under the FSA tenant purchase program, D. G. Modlin, county supervisor, announced today.

This means any real estate or farm land owner in Martin County can register farms for sale at the FSA office in the county courthouse. Funds for the sale of farm lands to tenants seeking to become owners under the FSA program have been appropriated by Congress under the Bankhead-Jones Act, and purchase of these farms is under supervision of the Farm Security Administration.

Mr. Modlin said each county FSA office wanted as large a selection of farms as possible in aiding tenants to purchase farms, and asked that local farm real estate men file their lists of suitable farms for sale with the FSA office. The prospective purchasers, who expect to borrow from FSA, will be referred to the owners and agents of suitable farm lands.

Farm Security Administration is receiving applications from farm tenants who want to purchase farms next year.

D. G. Modlin, County Supervisor for Martin County, announced today that applications may be filed now in the FSA office in the courthouse.

Congress has authorized a fund not to exceed \$50,000,000 from which tenants may borrow for the purchase of farms although the money has not been actually appropriated and made available. The loan funds were set up under the Bankhead-Jones Farm Tenant Act.

Little Billie Hunt Is Improving In Hospital

Little Billie Hunt, formerly of Williamston, is improving in a Washington hospital from burns received in a motor boat explosion at Washington last week. His recovery, considered doubtful for several days, is expected now if no complications develop.

A second victim of the accident died this week.

The boy, young son of Corporal and Mrs. W. S. Hunt, was horribly burned on the face, arms and legs when the explosion occurred, trapping him and others in the boat.

Marketing Quotas Will Tend To Hold Up Market Prices

(Continued from page one)

years no farm allotment (except in case of violation of the quota law) may be reduced during the three years below the 1940 allotment for the farm by more than 10 per cent; and that no farm allotment which is two acres or less in 1940 may be reduced at all during the three-year period. It is hoped that a sufficient part of the export market can be maintained so that no downward adjustment will need to be made from the 1940 allotment during the three-year period. Every effort will be made to keep our export market and it may be possible to increase the allotments during the latter part of the three-year period.

"One of the recent amendments makes adequate provision for full collection of penalties on any tobacco marketed in excess of quotas. Under this amendment, which goes into effect for the 1940 crops, any farmer who markets tobacco from an acreage in excess of his allotment will have the penalty of ten cents per pound on the excess marketed beginning with the first sale of tobacco from the farm. Since the quotas are on acreage basis and farmers can sell without penalty all of the tobacco produced on their allotted acreage there will be no transfers of quotas or sales of marketing cards.

"I hope that each tobacco grower will consider carefully the issues involved and vote his conviction in the July referendum."

Hundreds To Attend Tuberculosis Clinic

Three hundred engagements have been made for the tuberculosis clinics, which will be held in this county beginning July 1st. "This is about as many as a careful examiner can do in the two weeks but if anyone is particularly interested in the disease because of contact with it, we will be glad to try to make an appointment if the office is phoned and appointment is requested," Dr. John Williams, health officer, said.

Dr. Williams also said, "We hope all who have been given appointment will come promptly on the date set for them."

The following is the schedule: Robersonville: Monday, Tuesday and Wednesday, July 1, 2 and 3 in the health department at 8:30, 12:00, 1:00 and 4:00 o'clock. Oak City: Friday and Monday, July 5 and 8 in the white school building during the same hours announced for the clinics at Robersonville.

Motorist Kills Large Snake In The County Last Sunday

While on their way to visit relatives Sunday, Mr. and Mrs. Donald Andrews ran over a rattlesnake on a dirt road in the Farm Life section near the home of Henry Williams, and killed him. The snake had 16 rattles and weighed about twelve pounds. Mr. Andrews brought the snake to Williamston with him and some visitors from Rocky Mount took it home with them to make a belt.

Williams Chapel Sunday School Holds Picnic

The annual picnic of the Williams Chapel Methodist Sunday School was held at Albemarle Beach last Friday. Plans were made and carried out to have dinner and supper. A truck was provided for transportation for the entire group, which consisted of approximately 110 men, women, boys and girls.

It was a day of success and all who attended enjoyed it. The day was well spent and it was a valuable experience for all.

Visiting in Richlands

Mrs. G. H. Harrison and Bobby and Nannette Harrison are spending a few days with relatives in Richlands.

Housing Authority Lends More Than Half Billion

During the fiscal year now drawing to a close, the United States Housing Authority has advanced \$638,213,000 for the construction of 413 housing projects containing 145,446 new homes.

Of these projects, 220 comprising 84,126 homes are now under construction or already have been completed. Today, 11,050 homes in 30 projects actually are occupied and about 5,000 additional new homes will be opened for occupancy each month from now on.

The average net construction cost of these new homes is \$2,772 per dwelling unit. This is about 1-5th less than the cost of current private residential construction in the same cities or towns, as shown by figures published by the Bureau of Labor Statistics.

New Rate Expected To Remain Fixed At \$1.45 For New Year

(Continued from page one)

ond hearing will be granted in connection with a request by Mrs. I. P. Hodges for an appropriation of \$2,827 for the maintenance of a county sewing room project during the next fiscal year. The commissioners, recognizing the value of the project on the one hand and determined to hold the tax rate to its present figure on the other hand, is finding the problem a puzzling one. "But we do not propose to boost the rate even if it means the loss of the project," one commissioner was quoted as saying. If the project is accepted, it will possibly be financed at the expense of other departments. The preliminary adoption of the budget was delayed yesterday until next Monday that the WPA representative might have an opportunity to propose a new plan for the cooperative financing of the project.

It was unofficially learned that the commissioners are not planning to hear other appeals, that the requests already before them constitute one big problem. If no other items will be crowded into the 1940-41 budget, it is likely that the movement by Everett citizens to have their high school re-established will be delayed. It is possible, however, that an expressed attitude by the board members will give them something to work on and possibly determine their action for the immediate future, at least.

The meeting, attended by Commissioners Pope, Fleming, Roberson, Perry and Haislip, was held without interruption. No figures for the several departments were released, the clerk stating that they are subject to change before the budget is tentatively adopted at the regular meeting of the authorities here next Monday.

Little other business is scheduled for consideration at the meeting next week, but the budget will keep the commissioners busy a greater part of the day and likely give them the budgets before it is adopted.

Russia Is Causing Concern for Hitler In the Balkan Area

(Continued from page one)

ary headlines in the press by the Republican National Convention in Philadelphia. There has been little talk about the preparedness program, and nothing has been said to change the nation's position as it relates to the struggle. The location of the American fleet is not generally known, and the trend of events indicates that more trouble is brewing on new world fronts.

Germany, last night, was said to have ordered Norway, Denmark and Holland to kill half of its cattle and hogs and ship the meat into Germany. The order, unconfirmed, would indicate that the British blockade is slowly having its effect, that feed supplies are either running short in those countries or food is getting scarce in Germany.

Germany was said to have started an attack along the English coast early today, firing docks and properties at Channel ports.

Man Badly Hurt In Hand-Car Accident

Nathan Campbell, 30-year-old white man, was badly injured about the head early yesterday morning when he fell from a hand-car on the old Dymond City-Jamesville log road. Placed in a local hospital for treatment, the accident victim was reported to be getting along very well this afternoon.

Dividend Checks Issued By Local Building-Loan

Approximately 140 citizens of Martin County received checks yesterday from the Martin County Building and Loan Association as dividends on their full paid shares of stock.

The total amount paid out as semi-annual dividends amounted to \$2,594.00. The association which pays full paid shares holders 4 per cent on their investment are paid each June and December.

BIRTH ANNOUNCEMENT
Mr. and Mrs. Thomas Everett Harris, of 1233 30th St., N. W., Washington, D. C., announce the birth of a son, Marvin Bryan, on June 14th, Mrs. Harris was formerly Miss Lucille Hassell, of Williamston.

Federal Agency Is Prepared To Make Proper Inquiries

(Continued from page one)

ing to neutrality, espionage, sabotage and kindred offenses. Noting that in connection with the existing international situation, United States attorneys and marshals would doubtless receive considerable information from individuals and groups concerning espionage, sabotage, subversive and similar activities, he pointed out that a definite procedure had been established under which the citizens and the various law enforcement agencies each play an appropriate part. In this respect the instructions stated:

"The duty and function of the citizen is to report to local representatives of the Federal Bureau of Investigation all information relating to violations of this character and not to engage in investigative activity relative thereto. United States attorneys and marshals are likewise requested to refer reports, information and any persons having or claiming to have information of violations in this category to the nearest representative or field office of the said bureau."

The attorney general requested that this procedure be adhered to strictly so as to avoid confusion and irresponsibility and to bring about an orderly and correlated handling of information received.

While the cooperation of every citizen in turning over useful information to the Federal Bureau of Investigation was welcomed, Federal law enforcement agencies were instructed to discourage as far as possible individuals or groups from engaging in counter-espionage or activities of an investigative nature, as follows:

"Certain of these individuals and groups may offer their active cooperation and propose the formation of volunteer associations and citizens counter-espionage units. Counter-espionage activity by individuals or groups, without official status or responsibility, and the unauthorized assumption of an investigative functions by such groups should be discouraged. The cooperation of your office is requested to see to it that in no instance should any representative of your office directly or indirectly place the department in the position of approving, encouraging or sponsoring activity of an investigative nature upon the part of any individuals or organizations."

"The protection of the civil liberties of loyal and innocent citizens and aliens, as well as the maintenance of a sound public attitude, was emphasized, the instructions stating:

"While it is important that those engaged in illegal acts hostile to the best interests and welfare of the American people be promptly detected and the country protected against their activities, it is equally important that the civil liberties of loyal and innocent individuals be not invaded. Care should be taken to assure aliens of complete and friendly protection under the law. The law enforcement officers of the federal government have important responsibilities in helping to maintain a reasonable and healthy attitude on the part of citizens of this country and in the turning of their energies and patriotism into useful and efficient channels."

The procedure contained in the instructions in brief contemplates that the citizen's function is to turn over all information relating to the existence of improper activities in this field to the Federal Bureau of Investigation. The Federal Bureau of Investigation will collect and act as a clearing house of information respecting violations, make the necessary investigations and whenever it appears that a violation of a Federal law may have been committed, will bring the circumstances to the attention of the United States attorney in the district for the purpose of taking action. The United States attorney, while having the primary responsibility in the determination of cases for arrest and prosecution, will, except in cases of emergency, secure the prior approval of the Department of Justice in Washington before taking prosecutive action. Within the Department in Washington, a separate unit, known as the Neutrality Laws Unit, has been established to give prompt action on cases submitted to the department by the United States attorneys, to

NOTICE
Notice is hereby given that under the power of sale contained in that certain deed of trust executed and delivered to J. C. Smith, Sr., trustee, by W. O. Donald and wife, Mattie Moore Donald, on March 27, 1939, to secure a note of even date; which said deed of trust is of record in the Martin County public registry in Book E-3 at page 595, and the said note being past due and unpaid, the undersigned will, upon demand of the owner of the note, offer for sale to the highest bidder for cash in front of the Bank in Robersonville, N. C., on Saturday, the 27th day of July, 1940, at 3 o'clock P. M., the following described lands:

Situate in Cross Roads Township, Martin County and in said state and on the North side of State Highway No. 90—now U. S. Highway No. 64—adjoining the lands of Leman Barnhill, Harland Barnhill on the South, on the West by the lands formerly owned by Andrew Clark, on the East by the lands of the late Billy Cullifer and the center of the Run and Beaver Dam Swamp, and being the share of land devised to Clelie Moore and sister, Mattie Moore Donald, by the last will of the late Whit Moore, which is of record in the office of the Clerk of the Superior Court, of Martin County, and is hereby referred to for a part of this description. Containing 25 acres, more or less. Said will being probated on Oct. 18, 1927.

This the 24th day of June, 1940.
J. C. SMITH, Sr., Trustee.

"Lost Colony" Will Open New Season Saturday, June 29

(Continued from page one)

paradise for the entire family with miles of virgin surf for the swimmers seeking thrills, and the shallow waters of Roanoke Sound for the kiddies. The waters are plentiful in a variety of fish, especially channel bass or drum.

Visitors to Roanoke Island will find, in addition to "The Lost Colony," countless other historic shrines. Across the sound is Wright Memorial—Birthplace of Aviation. At Fort Raleigh one will find a restoration of a 16th century village in the thatched roof, rough-hewn juniper log tradition of pre-colonial America. Fort Raleigh museum has a unique collection of Americana, with drawings, maps, Indian relics.

"The Lost Colony" is sponsored by the Roanoke Island Historical Association as a non-commercial venture, with State Senator D. Bradford Fearing as president. Paul Green wrote the drama gratis and solely for presentation on Roanoke Island by the natives as an epic drama at the birthplace of the nation. All gate receipts are used to improve the production and the Roanoke Island site as a memorial to the first American pioneers.
