Guests were greeted at the door by Miss Bolton Cowen, attractively dressed in red and white with a matching corsage; Miss Gould, wearing a becoming blue net with pink trim and a corsage of pink gladioli, presented Miss Bowen, the honoree, who wore white embroidery with a white gladioli corsage and Mrs. Clyde Griffin, a recent bride, who wore white with black lace trim and a corsage of peach gladioli, to the guests. Miss Thelma Lilley, in white with a yellow gladioli corsage, passed the tallies of a bridal motif. Mrs. Hayman, sister of the hostess, also wore white with a yellow gladioli corsage, and Miss Gloria Hayman, niece of the hostess, who assisted in serving, wore pale yellow.

On the mantel of the living room, attractively set with lovely roses and other summer flowers, was a miniature altar scene of the bride and groom with the preacher performing the ceremony. Lovely ivy and baby's breath were used to accentuate the scene.

During the four progressions refreshing drinks and crescents were served.

HINTS FOR HOMEMAKERS

By Mary Brown Allgood, Home Service Director, Virginia Electric And Power Company

IT'S THE LITTLE THINGS THAT COUNT

It's the little things in life that count. If you don't believe it, ask any homespun philosopher and you will hear a twenty minute discourse on the subject. And now these little things seem to have reached the table, as the modern tendency toward smallness—of families, packages, houses and menus—continue to develop.

Here are a few tested recipes that I think you will like. Don't hesitate to change them because after all, every good cook has her own way of doing things.

Black Cherry and Orange Marmalade

1 qt. sweet pitted black cherries
2 medium-sized oranges
Juice 2 lemons
3-1/2 cups sugar
Wash and cut the oranges. Cover them with water and cook until soft. Add the cherries, sugar and lemon juice. Boil the mixture until it is thick and clear. Pour into sterilized jars and seal.

Fig Preserves

Six quarts figs sprinkled with cup baking soda, then about 6 quarts boiling water poured over them. Let stand 12 minutes, then drain and rinse figs in clear, cold water. While they are draining from last rinse, prepare syrup by mixing 4 pounds sugar (8 cups) with 3 quarts water, bring to boil, boil hard 10 minutes and skim, then slowly drop figs into it, a few at a time so as not to cool syrup. Cook rapidly until figs are transparent. Lift out and place them in shallow pans, boil syrup down until thick, pour over figs and let stand until morning. Then pack into clean jars and process in water bath for 20 minutes at simmering temperature, 180° F., or bring to boil and then pack into sterilized jars and seal. Sliced lemon or sliced preserved ginger may be added.

Crab Apple Preserves

Select uniform and perfect crab apples, wash, remove blossom end. Leave stems on and do not peel. Make a syrup by boiling 6 cups sugar and 3 cups water together for 5 minutes. Add crab apples to the syrup and boil until they are tender and transparent. Pack into sterilized jars and seal.

Carrot and Pineapple Marmalade

4 cups carrots (ground fine)
1 cup diced pineapple
1 cup pineapple juice
1-2 cup water
3-1/2 cups sugar
Grated rind and juice of 2 lemons
Grated rind and pulp of 3 oranges
1 tsp ground ginger
Cook carrots and grated rind of lemons and oranges in as little water as possible until tender (about 35-40 minutes). Add the 1-2 cup water, sugar, pineapple juice and ginger. Cook until thick and clear. Add lemon juice and cook 5 minutes. Pour into sterilized jars and seal.

Apple-Peach Conserve

2 cups chopped, unpared, tart apples
2 cups chopped peaches
Juice of 2 lemons
3 cups sugar
Combine ingredients; cook slowly until thick and apple is transparent, about 20 minutes. Pour into hot, sterilized glasses, seal immediately. Makes 6 8-ounce glasses.

Bride-Elect Honored

Miss Thelma Lilley was a charming hostess at four tables of bride Friday night at the home of Mrs. D. V. Clayton, in honor of Miss Frances Bowen, whose marriage to Miller Harrell, of Plymouth, will take place in the Baptist church here tomorrow.

Pink rosebuds were used throughout the living room where cards were played. During the five progressions, salted nuts and soft drinks were served. The tallies and covers were of a bridal motif and in pink and white. Miss Lilley, assisted by her sister, Miss Evelyn Lilley, served pink and white ice cream in the shape of a bell, angel food cake, and pink and white mints, placed on pink doilies.

Miss Bowen received crystal in her chosen pattern and the high score prize which was bridge cards, and Mrs. Phillip Keel, recent bride, was remembered with silver in her pattern and won the runner-up prize, of candy.

Guests of Miss Lilley were Miss Bowen, honoree; Misses Bolton Cowen, Jack Hollingsworth, Lola Phillips, Mamie Clyde Taylor, Lillian Breen, Natalie Gould and Ernestine Barber; Messdames Phillip Keel, D. V. Clayton, Frank Carstarphen and D. R. Davis and Joseph Griffin; Mrs. Clyde Hardison, of Plymouth; Mrs. Harry Barnhill, of Colerain; Mrs. Charles Whitley, of Atlanta; Miss Ruth Modlin, of Jamesville, and Miss Thelma Peel, of Everetts.

Interesting Bits Of Business In The U.S.

Nation-wide check by National Retail Dry Goods association brings prediction that September-November season will bring seven per cent sales increase. . . Largest contract yet signed under national defense program is just announced—with Chrysler corporation, totaling \$53,500,000 with 20 of those millions for plant and equipment, the balance for tanks; expected to be in quantity production in a year. . . It's estimated auto production for the 1940 model year, now closing, was 4,164,693 units—which is nearly 23 per cent more than in preceding model years; dealers are now moving stocks at extreme sacrifices to clear their floors. . . Leading employers of Santa Barbara, Cal., hold payday on Monday instead of traditional Friday or Saturday—on suggestion by the credit bureau that thus the temptation of week-end spending would be lessened and more bills would get paid.

"Log-Jam" In Plane Production Broken

In view of the general recognition that the pace of national defense goods production is the chief governing factor in the state of business, news that the "log-jam" which has held up aircraft procurement apparently has been broken up if of prime importance. An agreement has now been reached between the government and the aircraft industry that will allow for awarding of contracts and immediate undertaking of production without waiting for enactment of the new tax bill covering excess profits. . . Within a few hours after the agreement was reached it had borne fruit, in the form of an \$11,000,000 contract with one firm for 700 planes, and other contracts were expected to be signed within a few days. These would involve about a dozen other aircraft, accessory and engine manufacturers, for production of approximately 4,000 ships for the air corps—at a complete cost of around \$400,000,000. This development will almost surely open the way for similar arrangements with respect to production of many other kinds of munitions.

Seed Crimson Clover And Vetch As Cover Crops

Warren County farmers are now making plans for seeding crimson clover and vetch as winter cover crops, reports R. H. Bright, farm agent of the N. C. State College Extension Service.

Twenty-one persons were killed in 12 auto-train accidents in this state for the first six months of this year.
