

Not One • But Two

Big TOBACCO Warehouses

It gives us much pleasure to announce the consolidation of the Roanoke-Dixie & New Carolina Warehouses under the Management of Jimmy Taylor, Claude Griffin, Sylvester Lilley and Johnny Gurkin

PROPRIETORS.

In the combination of these two warehouses we expect to have one of the best tobacco sales organizations in North Carolina. We'll have a sales force second to none and an office force equal to the best in the belt. Jake Taylor will be with us as the auctioneer, with a capable assistant. We don't consider it necessary to speak of the qualifications of the men who will operate these houses. You know them by reputation and experience and they have no peer in the tobacco business. We'll have a first sale every other day and a second sale every other day, which means we'll be able to get all our customers a sale each day they sell with us. We are expecting you to be with us on the opening day and every day thereafter.

Williamston Tobacco Market Opens
TUESDAY, SEPTEMBER 3rd, 1940
