ANNIVERSARY

An Important Announcement

Beginning OCTOBER 9th, we are featuring the biggest event of the year — OUR ANNIVERSARY SALE. We have two reasons for making special reductions during this event. First, because in the fall of the year people think of buying furniture for their homes, and second, because it marks the second anniversary of the business which you have helped to build. If you will visit our store during this sale we will prove to you that we have outstanding values for your dollar. We are running numerous special items below present day production costs and in addition, every item in our store will be reduced. IT WILL PAY YOU TO SEE US BEFORE YOU BUY.
