LAST REGISTRANT

Chester Grant Sears, young Hamilton white man who is attending school or working in Orville, Ohio, was the last man to get his registration card in the files of the Martin County Draft Board. While his card was the last to be filed, the young man drew the order number "632". His serial number is 3-269.

While the old saying, "the last shall be first and the first shall be last," does not hold true in its entirety in the young man's case, it is certain that he is well in the front.

Improvement Made In Farm Program

An important improvement in the Agricultural Conservation Program, effective in 1941, has been announced by G. T. Scott, Johnston County farmer and chairman of the State AAA committee. It provides for more emphasis on the conservation phases of the program, makes the AAA program more adaptable to all farms in the State, encourages the production of food and feed crops, and should greatly reduce the cost of compliance.

"General soil-depleting allotments will be discontinued with the 1941 program and payments will be based upon the amount of soil-building accomplished," Scott stated. "The farmer who earns all soil-building units will earn his maximum payments for planting within special allotments, such as tobacco, cotton, peanuts and commercial wheat, potatoes and vegetables in designated counties."

As an example of how the new plan works, Scott said, "Suppose Farmer Jones had set up for his farm a total farm payment of \$100, made up of \$50 for planting within special crop allotments and \$50 to be earned for carrying out practices, such as seeding legumes and grasses, winter cover crops and green manure crops, terracing, contour strip-cropping, forestry practices, home gardening, application of liming materials, and the like.

"If Farmer Jones only carries out enough soil-building practices to earn \$40 of his soil-building allowance, then he would only get \$40 of his special allotment payments, giving Farmer Jones a final total payment of \$80 instead of \$100. That's because he earned only 80 per cent of his soil-building goal. Of course, if he carried out enough practice to earn his entire \$50 in soil-building allowance, he would receive his full \$50 for planting within special crop allotments."

CARD OF THANKS

We wish to sincerely thank the members of the Robersonville Fire Department and also our friends and neighbors who so ably assisted us last Friday when our home was destroyed by fire. Your untiring efforts probably saved our tobacco barns and other adjoining buildings. Mr. and Mrs. J. A. Osborne.

Local School Pupils Enjoy Halloween Party

Sponsored by the home rooms and student organizations of the local high school, the Halloween festival held in the gymnasium last night, was well attended. Over 100 children were dressed in interesting and original costumes, presenting a difficult task for the judges.

Prizes were awarded to the wearers of the prettiest and most original costumes. Tommy Cooke, three-year-old youth, dressed as "Uncle Sam," was a popular winner of one prize, and Kenneth Lindsley, "The Boy with the Big Tummy," was adjudged the winner for originality.

The various sideshows and games reported good business, and a good time was had by all. The boys glee club and the Gurganus brothers band furnished the music.
