

Picture Describes Gathering Of News

To a joint meeting of the Kiwanis and Lions clubs last night, Mr. G. F. Ball, of the Public Relations Department of an oil company, through the facilities of a motion picture with sound effect, gave an interesting story of how news is gathered and disseminated throughout the world.

News was traced from its original source until it reached the newspaper or the broadcasting station. The sinking of the U. S. Gunboat, Panay, in Chinese waters was dramatized and the various news agencies showed how the news was flashed around the earth within the short period of only a few seconds. The picture showed the modern and useful tele-types receiving and sending news to all corners of the earth.

With the United States Public Health Service as sponsor and the three National Nursing Organizations as co-sponsors, a survey of all graduate nurses who have ever been registered in any state in the United States is now being conducted.

Bertie Killer Will Die In Gas Chamber

George Peel, 21-year-old Windsor Negro, was sentenced by Judge R. Hunt Parker in the Bertie County Superior Court last Tuesday afternoon to die in the gas chamber for the murder of E. W. Gray, aged Windsor store employee.

After spending the greater part of two days selecting a jury, the court heard the first evidence in the case last Friday afternoon. A session was held Saturday, the court ordering a recess until Monday. Shortly after the noon hour the jury was given the case, the verdict following 50 minutes later.

Peel took the stand in his own behalf and maintained he was drunk, so drunk in fact that he only vaguely recalled striking some one. Three other defense witnesses testified that they bought some liquor and shared it with Peel, but that they did not get drunk and returned to work on the afternoon on January 31. A short time later the attack was made on Mr. Gray when he caught Peel robbing the iron safe.

Peel was sentenced to die in the gas chamber on March 21.

According to an unofficial report, the first-degree verdict was the first ever returned by a Halifax County jury which was called into service when a special venire of 175 Bertie citizens was exhausted without getting a single jurymen.

The Brooks woman was said yesterday to have moved or is planning to move from the section where the arrest was made.

Plan Reopening Of Drug Store Shortly

Purchasing the stock and fixtures at a referee sale this morning, Mr. C. B. Clark plans to reopen for business within the next three or four days. Plans for reopening the drug store are being delayed pending confirmation of the sale by the court. Bringing what was generally believed to be a fair price, the stock and fixtures are not likely to command an upset bid.

If confirmation by the court follows tomorrow, Mr. Clark will start making arrangements immediately for opening the store for business possibly next Tuesday or Wednesday.

Several parties participated in the sale which lasted about 45 minutes. Sold separately, the business brought around \$2,600, but when offered as a whole, it sold for \$3,000.
