## MR. FARMER

Remember, There Is Only One Channel Drain Roofing

MR. FARMER, Remember there is only one Channel Drain Roofing. It gives you many years longer service and when it rains it drains. Often times you will be told that some other Sheet Roofing is Just As Good as Channel Drain. Why take this chance! Demand the original. Please keep this in mind that when you ride along the road and see a rusty roof "That's Not Channel Drain." So as protection to yourself, see that the word Channel Drain is on every sheet of metal you buy.
