Some Idea
Two Irishmen roomed in an eight-story apartment on the top floor and could not sleep on Sunday morning, as the sun would shine in the windows and wake them up. They bought some black paint and painted the windows, and lay down to sleep. When they woke up, they realized they would be late for work, as it was seven-fifteen. They rushed to their jobs and the foreman looked at them in bewilderment. Pat said, "Faith, and what's the matter boss? We're only 20 minutes late." The Foreman: "Twenty minutes? Where were you Monday and Tuesday?"—Labor.

Streamliner "Torpedo" Six Sedan Coupe \$923* (white sidewall tires extra)

A Pontiac tells you all about itself except *how little it costs!*

YOU DON'T NEED us to tell you what a whole of a car the Pontiac "Torpedo" is. The new Pontiac speaks for itself—and it tells you clearly that a smarter, roomier, sweeter-acting car will be hard to find.

The only time this Pontiac needs our help is when somebody says, "It's too high-priced for me." That's when we go to work, and here's what we tell them: With all of its size, its beauty, its "expensive" look, Pontiac's prices are so close to the "lowest-priced three" that the difference is only a few dollars per month.

COMFORT. You will never guess from a ride in a Pontiac that it's a low-priced car. Pontiac's perfected "Triple Cushioned Ride" is conceded to be without equal in any car at any price. You can go on and on in a Pontiac... and step out relaxed and rested at the end of the trip.

ECONOMY. When you own a Pontiac, however, you realize that it's a tight-knit mixer with gas and oil and remarkably trouble-free in the bargain.
