

### British And Greeks Made Last Stand At Thermopylae Pass

(Continued from page one)

war reports came early this afternoon when German admitted that two of her leading submarine captains had either been captured or killed. The two men were accredited with sinking more than half a million tons of British shipping.

In this country labor and capital continue to wrangle, and the American people are fast reaching the point where the leaders in Washington should put up or shut up when it comes to promises. General Motors plants are likely to shut down tomorrow, and the coal strike has already closed a number of blast furnaces and is threatening others.

As the American people begin to open their eyes they see where their former idol, Charles Lindbergh, is being congratulated by the German press for his spoken views and his efforts publicly advanced against America's way of doing things.

### Federal Program To Raise Prices Of Eggs

A nation-wide drive to produce every possible egg from present poultry laying flocks should interest North Carolina farm people, says Dean I. O. Schaub, director of the State College Extension Service. The U. S. Department of Agriculture will make purchases of poultry products in connection with the defense program in such a way as to support prices of eggs at a level of 22 cents per dozen, on a Chicago basis.

"This does not mean," Dean Schaub stated, "that all North Carolina farmers will receive 22 cents per dozen for their eggs. In the first place, farm prices of eggs are lower than prices quoted on the Chicago market, transportation problems enter into the picture. Also the prices throughout the country will vary according to seasonal variations, and according to grade.

"But it does mean," the extension leader continued, "that farm prices of eggs will increase. Perhaps not immediately, but certainly by fall. For this reason, North Carolina farm people should keep their poultry houses filled to capacity where they

### Martins To Meet Durham Here In Exhibition Sunday

#### Skipper Frank Rodgers Announces His Starting Line-up

Fans of this section will have an opportunity to get a pre-season look at the 1941 prospects for the Williamson Martins Sunday afternoon when they will meet the Durham Lookouts on the local diamond. The contest will get underway promptly at three o'clock.

In announcing his starting line-up for the affair, Skipper Frank Rodgers said that several changes would be made during the game in an effort to find the best combination. His starting line-up is as follows: Byrum, lf; Stotler, ss; Taylor, rf; Sparr, lb; Rodgers, cf; Tuckey, 2b; Sliakis, 3b; Gainer, c; Miller, Rymer and Gardner will divide the mound duties for the afternoon.

Rodgers has been impressed with the players during the training period, and although he admits they are not the best in the world, they display plenty of fight and are working hard to make the grade.

According to information obtained here the Durham Lookouts are a fast and hard-hitting club, made up of players around Durham who have positions which do not enable them to take up baseball as a seven-day job. The roster includes several former college stars and the Lookouts are rated as a high calibre club in that section of the State.

President Pete Fowden feels that the fans want to see the Martins in action and he believes that there will be a large crowd here Sunday afternoon to start the season off right.

#### Bill Bullock Discharged From Hospital Wednesday

Bill Bullock, Bear Grass farmer who was hospitalized here last Monday after allegedly drinking from a bottle with a dead mouse in it, was discharged from the institution on Wednesday. The last report stated he was getting along all right.

Following a release of the report, at least one bottle has averred that it is impossible for foreign matter to get into a bottle. Whether the alleged victim will bring suit in an effort to prove the presence of the foreign matter in the bottle could not be learned.

#### Respected Colored Woman Dies Yesterday Afternoon

"Kitty" Hyman, wife of George Hyman, highly respected colored woman, died at her home here yesterday afternoon at 5:20 p. m. funeral will be held Sunday.

Miss Jane Moore, of Winston-Salem, was a visitor here yesterday.

have home-grown feed to spare." Secretary of Agriculture Claude Wickard has launched the national egg-production campaign, and he says the goal is to increase egg production for the whole country in the next 15 months about 10 million cases.

Dean Schaub said that North Carolina poultry raisers can wisely take three steps: (1) Eliminate hens which are brooding; (2) cull out hens which are not laying; and (3) sell or eat birds which are overly fat.

"Egg prices are seasonably low now," he said, "but instead of selling out, farmers will do well to cull out poor producers at this period of the year. It is wise to keep all pullets because fall production of eggs this year will provide the poultry raisers with the most money."

### Superior Court In Final Term Session Wednesday Night

(Continued from page one)

jury deliberated the contradictory evidence almost an hour, finally declaring Miller was the dog's rightful owner. Yesterday afternoon, Deputy Sheriff Haislip turned the dog over to Miller and the defendant, Godard, offered \$35 for him. Miller would not sell. The value of the dog had jumped from 50 cents to \$35, but even then the price offered for him was \$25 below the cost costs which were taxed against the defendant. Joe Bunting was given a \$75 judgment in his case against Ben Roberson, colored man of Goose Nest Township.

A survey was ordered in the case of E. L. Glover against J. B. Whitfield to determine a certain boundary line in dispute.

In the case of Henry Salsbury against Emma L. Everett, the court found that the defendant was due \$1,338.34 from the plaintiff. The plaintiff is to have until January, 1942, to pay the mortgage debt. If the judgment is not complied with by that time, the judgment provides for foreclosure proceedings.

A voluntary non-suit was recorded in the case of Standard Fertilizer Company against Guy C. Griffin.

### Closing Exercises In Colored School

The first in the series of commencement exercises in the local colored high school will be held Sunday afternoon at 3:30 o'clock when Rev. J. B. Turner, pastor of the Metropolitan A.M.E. Zion Church, Washington, preaches the annual sermon. Other events on the finals schedule are, as follows:

Monday, April 28, 8 p. m.—High School dramatic extravaganza: Three plays, "Darkness at the Window," "Bread," and "Love in Bloom."

Tuesday, 2 p. m.—Anniversary of clubs; 8 p. m.—Junior-Senior banquet.

Wednesday, 2 p. m.—Industrial arts, vocational agriculture and home economics exhibits; 8 p. m.—Class exercises.

Thursday, 8 p. m.—Graduation exercises, awarding of certificates, diplomas and special awards.

#### Officers Capture Large Liquor Still In County

After picking up a cub bear in the Free Union section earlier in the week, A.B.C. Enforcement Officers Joe Roebuck and Roy Peel returned there and found an unusually large copper still and poured out 1,400 gallons of beer. The kettle had a capacity of 150 gallons, the officers describing it as one of the largest taken in a raid during recent months.

### Indifference Is Said To Be Threatening Peanut Referendum

(Continued from page one)

planned production when he said that this country with its farm program is far better off than any other country in the world without a planned farm program. "Canada steered clear of a planned program until it was bogged down with surplus wheat. Now Canada has a drastic control program, cutting production one-half and imposing a prison sentence for those who sell in excess of their marketing quotas. In Argentina, the government had no planned program to control its surplus corn production, and the government offered to resell it to the growers for 5 cents a bushel and they would not have it. Today, Argentina is placing new grates in its stoves and making ready to burn corn."

The speaker urged growers to study the probable effect on peanut prices if marketing quotas are rejected, with the attendant loss of the loan and diversion-to-oil programs. "It is estimated that when the price of peanuts goes down one cent per pound," he said, "farmers lose from 10 to 15 million dollars. And it seems obvious to me," he continued, "that farmers have no assurance as to what the price of peanuts will be if there is no marketing quota, no loan and no diversion program, and peanuts are just thrown on the market for whatever price they will bring."

"A lot of hard work has gone into this peanut program," Administrator Evans concluded. "The program pro-

vides the machinery necessary to keep prices on a reasonable basis. It is up to you fellows on the farms and you merchants in small towns and cities to get busy and protect your interests."

## WANTS

WANTED: FIVE CORDS OF GREEN oak wood. Roberson Slaughter House. a25-29

ANY PERSON HAVING FRUIT jars or containers that can be used for canning purposes, and will give them to the local schools, kindly call Mrs. Jimmie Taylor, Telephone 252. a25-21
