### Starting Campaign To Eliminate Bangs Disease In County

(Continued from page one)

county about three months handling the work.  
Dr. Heflin, while fairly certain that the disease is present, would offer no guess as to the number of cases he would find. The disease is fairly prevalent in some counties and in others very few cases are found.

Now that the campaign has been started, all cows and beef cattle must be tested. The work would not prove of full value unless the campaign were made complete, it was explained.

The Philathea Class of the Baptist Church will meet Friday night, at 7:30 o'clock with Mrs. Frank Weaver. Members are urged to note the change in the hour of the meeting.

### Departments Submit Budgets To County Authorities Monday

(Continued from page one)

lic Health Service, the remainder, or \$6,395.55.

Budgets will be considered subject to final adoption at the next meeting of the commissioners.

The assessed valuation of the residence of Paul D. Roberson was lowered from \$3,000 to \$2,500 in Robersonville by the commissioners.

Greathouse and Butler, certified public accountants, were given a contract to audit the county books for the fiscal year ending the 30th of this month, the contract carrying a stipulated price of \$300.

Upon motion of Commissioner Joshua L. Coltrane and a second by Commissioner C. D. Carstarphen, Paul Ballard, Williamston man, was appointed to assist Dr. Allen Heflin in the campaign to eradicate bangs disease among cattle in the county.

The board approved the sale of the Mizelle house on West Main Street to James Ward for \$1,300.

### No Change Is Made In Organization Of Board for New Term

(Continued from page one)

in the operation of their cars in the town. The town attorney was outspoken in his views on the location of filling stations in the heart of a town's business district or in certain residential sections. No action was taken on the proposals, the board agreeing to wait until later to discuss zoning and other proposed steps in a general modernization program.

An ordinance was passed calling for the levying and collection of privilege taxes in the town.

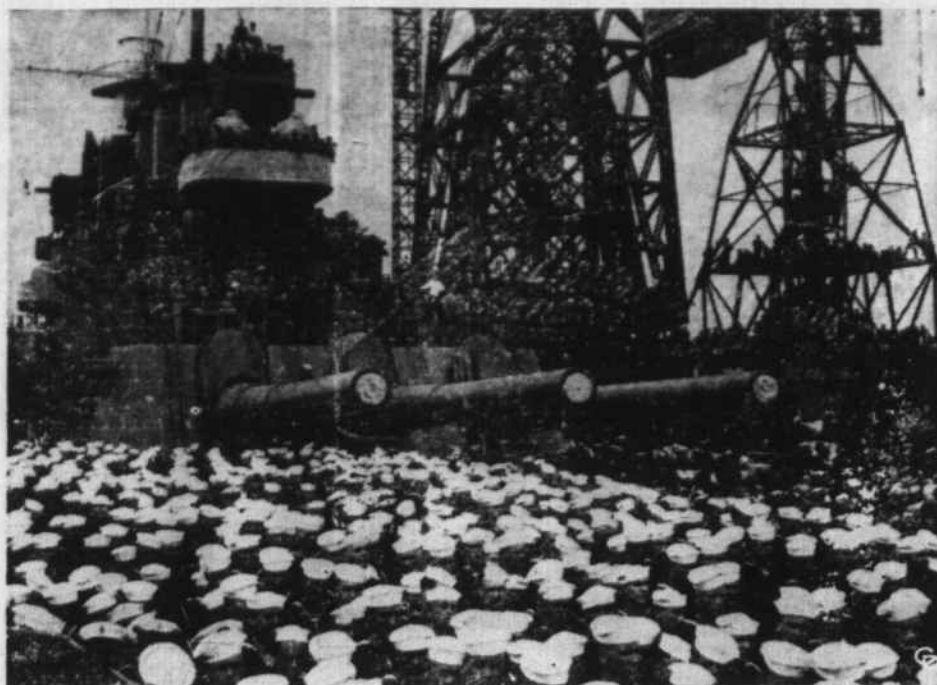

The meeting was possibly the last one the board will hold in the old mayor's or treasurer's office, a report on the remodeling program stating that the new quarters would be ready for use within a few days.

### Store Personnel Changes Effected

Changes were effected in the personnel of two stores here yesterday when Mr. Ralph Parker, formerly employed by Darden's Department Store, accepted a position with the Martin Supply Company. Mr. Parker, for several years was employed by Harrison Brothers and Company where he was in charge of the shoe department.

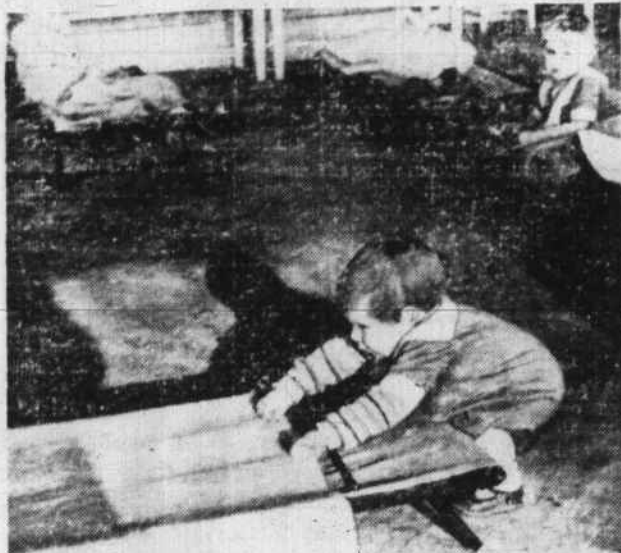

Mr. H. R. (Dick) Williams, formerly connected with the Belk-Tyler Company, has accepted a position with Darden's Department Store. Mr. Williams will feature men's wearing apparel.

### U.S.S. Washington Commissioned 17 Months Early

The new 35,000-ton, \$70,000,000 battleship U. S. S. Washington is commissioned in the Philadelphia Navy Yard. Completed 17 months ahead of schedule, the new vessel brings Uncle Sam's capital ship list up to 17. Secretary of the Navy Knox, officiating, declared the U. S. is building the greatest navy ever conceived.

### Young England Does His Bit

An important problem arising out of the necessity for British women engaging in the various services is being solved through use of creches and day nurseries. Children are given scientific care at 25 cents a day, of which the state pays one quarter. Here, a child, hardly more than an infant, makes his own bed.

### This Week In Defense

(Continued from page one)

Navy asked Congress to grant naval commanders authority to "take whatever steps they deem necessary... for proper protection of the naval forces" in the U. S. territorial waters.

Navy Secretary Knox announced the Navy will open 23 schools for training regular and reserve enlisted men as petty officers. Mr. Knox estimated 114,500 of the Navy's 256,000 enlisted men will be petty officers by July 1. The Navy also announced a three-months course at Harvard to train 400 college graduates as supply officers.

**Air**  
The President asked Congress for an additional \$2,790,000,000 for planes for the Army and \$529,000,000 for planes for the Navy. The War Department announced that construction of new Air Corps schools is "proceeding much faster than expected," with eight of 100 stations already completed and 50 partially occupied. Some of the fields, the department said, were completed in three months.

The Air Corps announced that examinations of applicants for flying cadet appointments who have not had two years of college have been changed to include seven instead of nine subjects, with two of the subjects elective.

**Pilots for Britain**  
War Secretary Stimson announced arrangement to train 8,000 RAF pilots, bombardiers and navigators in U. S. civilian and Army schools. The U. S. will defray some of the cost from lease-lend funds. Mr. Stimson said the program would not interfere with U. S. pilot training.

**Ships**  
The Maritime Commission awarded contracts for 123 additional merchant vessels. To date, the commission said, 850 ships have been ordered—312 emergency vessels, 85 cargo ships for private concerns, 72 tankers and 60 ships on British contracts. The commission said the first of the emergency ships will be completed by November, a month ahead of schedule.

Congress voted the President authority to requisition foreign ships in U. S. ports.

**Materials**  
A sample campaign to test effectiveness of scrap material collection by the public is being conducted in Richmond, Va., and Madison, Wis., under the direction of local defense councils. If the campaign is successful, the OPM said, it may be made nation-wide. In the meantime, citizens in other areas were asked to refrain from similar campaigns.

**Nutrition**  
Agriculture Secretary Wickard told the National Nutrition Conference for Defense "at least three-fourths of us" do not have satisfactory diets. He said "we need to consume twice as much green vegetables and fruit, 70 per cent more tomatoes and citrus fruits, 35 per cent

### Chief of Infantry

Brig. Gen. C. H. Hodges

In the realignment of the army high command, President Roosevelt designated Brig. Gen. Courtney Hicks Hodges to be chief of infantry. He succeeds Maj. Gen. George A. Lynch, retired.

### Man Slightly Injured In Automobile Wreck Sunday

Bert Gilmore, Durham man, was slightly bruised last Sunday morning when his old model car went out of control and plunged into Collie Swamp between Robersonville and Everetts on Highway No. 64. A tire blew out, causing the driver to lose control.

Operator of a carnival concession, Gilmore was on his way to Edenton when the car plunged into the swamp carrying a trailer load of ten poles and show equipment with it. Damage was estimated at \$30 by patrolmen.

more eggs, 15 per cent more butter, 20 per cent more milk."  
Surgeon General Parran of the Public Health Service recommended the following minimum daily diet, one pint of milk for an adult and more for a child, at least one serving of meat, one egg or substitute, two green vegetables, two fruits rich in vitamin C, bread and cereal, butter or oleomargarine, and "other foods to satisfy the appetite."

**Prices**  
Leon Henderson, Price Control Administrator, reported that although industrial production is now almost 35 per cent higher than in 1929, the cost of living has risen only about three per cent and wholesale prices only about seven per cent in the past year, considerably less than during the comparable period of the World War.

He said leading oil companies in New England and middle-Atlantic areas have agreed not to increase gasoline prices "substantially" unless basic cost conditions change. He announced a ceiling will soon be placed on cowhide prices. He requested producers of ammonium sulfate used as fertilizer to continue prices at the present level because there is no justification for an increase.

### THE RECORD SPEAKS . . .

Motorists traveled through another week in this county without the loss of human life or injury to limb. The property damage reported in one accident was minor. Three of the four columns in the accident record hold a slight advantage over the figures for a corresponding period in 1940. Possibly the gain called for a little extra effort on the part of the motorists, but the gain is worth all that effort and more.

The following tabulations offer a comparison of the accident trend: first, by corresponding weeks in this year and last and for each year to the present time.

22nd Week Comparison			
Year	Accidents	Inj'd	Killed
1941	1	0	0
1940	2	1	0
Comparison To Date			
1941	40	28	2
1940	41	29	1

### Kiwanis Festival In Ahoskie June 9-10-11

Ahoskie, N. C.—The local Kiwanis Club announced today, the completed plans for their seventh annual festival. Sponsored for the benefit of underprivileged children, the Kiwanis Festival has become an institution in Northeastern Carolina. The program for this year, includes a floor show and free dance on opening night, June 9th. June 10th will see a combination show for the old and young, with free dancing until the wee hours of the morning. On Wednesday, June 11th, the first personal appearance of Guy Lombardo and his Royal Canadians will take place in Ahoskie.

Proceeds from past festivals have been used to construct a camp on the banks of the Chowan River, for the underprivileged children of the Roanoke-Chowan section of North Carolina. To be completed this summer, the camp will be the largest on the river and will accommodate over 50 children.

The festival committee this year has spared no expense and left no stone unturned to insure the finest in entertainment and educational exhibits for the hundreds of visitors expected. Opening night, June 9th, will see the professional floor show, "The Hollywood Scandals," as the feature attraction. After the floor show, free dancing will take place in the mammoth warehouse dance floor. Decorations for the festival will literally convert the bleak tobacco warehouse into a beautiful floral garden. Thousands of yards of multi-colored garlands will make the overhead a velvet carpet of color.

### Small Hamilton Child Dies Enroute To Hospital

Franklin David, three-year-old son of Mr. and Mrs. Elmer C. Stevenson, of Hamilton, died while being carried to a Rocky Mount hospital for treatment last Friday. Death, coming while he was being rushed through Tarboro, was attributed to a cerebral hemorrhage or a blood clot.

Funeral services were conducted Saturday in the Robersonville Primitive Baptist Church by Elders B. S. Cowin and W. E. Grimes.

### Band Concert Heard By A Large Group Sunday

The Williamston High School band members were well received in a concert on the Church of the Advent lawn here Sunday afternoon. Directed by Professor Jack Butler, the young musicians were heard by a large group.

### 4-H Club Members Seeking To Start Dairy Calf Club

Four-H club members of Greene County are interested in starting a dairy calf club, according to J. W. Grant, assistant farm agent of the N. C. State College Extension Service.

### Negro Road Show Here This Evening

Silas Green, famous colored road show, will make a one night stand here this evening at 7:30 o'clock on the vacant lot just off West Main Street and across the railroad from the municipal water plant property. Making its 53rd annual tour, the show will very likely play to a capacity audience.
