cy if sented cost of cotton, the other half atively more unfavorable situation being the margin for the mills. Now in the country, with the other groups the two factors making up this cost things he buys going up and the prices of the things he sells not going up.

Congress recognized this fact, and the said defendants will further take notice that they are required to appear before L. B. Wynne, Clerk of the Superior Court of Martin Country at his home in Williams are no longer anywhere near equal. In this period of less than a year, cotton prices advanced about half a Congress recognized this fact, and the said defendants will further take notice that they are required to appear before L. B. Wynne, Clerk of the Superior Court of Martin Country at his home in Williams ton, North Carolina, within thirty (30) days after the completion of this service of publication by notice and to answer or demur to the complaint of the plaintiff in this action. Congress recognized this lace, and recently passed an 85 per cent of most doubled. If mill margins remained unchanged, cotton prices parity loan on cotton, wheat, tobaccould now be about 20 cents a pound of the affect on consumers of cot-

and the effect on consumers of cot-ton goods would be the same. modities which will enable him to buy 85 per cent as much of the example, but by the same yardstick things he needs as he could buy with I could have pictured the identical same quantity of these products condition with tobacco and peanuts The surplus problem we have to-

in the period 1909-14. This means that the farmer's wage for producing cotton, for example, will be increased from 10 cents an hour to about 16 cents an hour, which is about one-half of the minimum wage in industry, and the farmers are receiving no time-and-a-half for overtime. While 85 per cent of parity loans will improve the farmers' situation over what it was a year ago, he still will not be on a basis of equality with industry, business and labor.

With the talk of higher prices for

With the talk of higher prices for farm products, perhaps a word should be said about consumers. Under the AAA—act, Congress has charged the Department of Agriculture not only with improving farm income, but with safeguarding the interests of consumers. This part has not been forgotten, but the consumer angle has received much publicity in recent months, and much of this publicity is based on erroneous the product of the product of the said about consumers. The part the democracies. Total war means we must have healthy, courageous and calm people who are able at all times to exert themselves **) the limit, and we can do this only when our people are getting an adequate dief. Farmers have and will continue to provide the nation with all these basic necessities.

During the past seventeen years I have assisted in all legislation for

Since becoming a member of Congress, I have worked and voted for farm legislation. I led the fight to restore to North Carolina its just and proper peanut legislation. I led the fight to have tobacco named as one of the agricultural commodities in the lend-lease bill.

I voted for 85 per cent parity loans on cotton, wheat, rice, corn and tobacco.

I will continue to work and vote or all good farm legislation.
