YOU Can

Help Win This

War for Democracy

DEFENSE BONDS Are Our Ammunition!

With them—VICTORY shall be won by America and our Allies! Defense Bonds will implement our government with the funds necessary to buy and pay for — fighting ships, planes, tanks and guns. You can't buy too many! You can't make a better investment in your country's and in your children's future! Defense bonds are the ammunition with which democracy shall win through to final VICTORY!

LIBERTY . . . Through Cooperation

By Cooperating with Our Government and by Working Together for the Things We Believe in We Can Do Our Part to Preserve LIBERTY and HELP WIN THE WAR!

We are not alarmists but we do believe in facing the facts. We are going to be called on to make many sacrifices before the war is won. Some of us have already. There are already shortages of this and shortages of that and the freezing of this and the discontinuing of that, but we are ready to deny ourselves both luxuries and necessities that our armed forces will have what it takes to win the war!

SAVE YOUR TIRES . . . TRADE AT HOME!

In the mind of every American today there is only one question that counts: "How can I help America win the war?" Of course, there are many ways you can help win the war. These ways have been and will continue to be pointed out to us by our President and our government. Most of us, for example, can do war work in our free time—war work of many, many kinds. Many of us can make available to some extent, great or small, the use of our personal talents or business facilities in behalf of our national Victory Program.

But there is another way that everyone can help win the war. It starts right at home. Every American should begin now to live conservatively, without waste, yet normally.
