

War As It Relates To Home Front Is Reviewed for Week

(Continued from page one) production has mounted 50 per cent since Pearl Harbor there is no ground for "false complacency."

"We are nowhere near our goals," he said. "We need more and forever more... weapons, and we need them now. We have got to realize the value of time."

Voted for War
In the three months after the Pearl Harbor attack, the United States made available for the war effort more money than in the 18 preceding months.

Jalopies Requisitioned
For the first time putting into effect its previously announced plan for dealing with "recalcitrant" operators of automobile graveyards, the Bureau of Industrial Conservation requisitioned the entire stock of wrecked jalopies on a lot near Valparaiso, Indiana.

In Florida, they're even moving trick dogs and clowns out of winter quarters of a circus to make room for an arms plant. Machines from several factories have been moved into the quarters, and the community is all set for war work.

President Roosevelt has signed a bill authorizing acquisition by the Navy of \$100,000,000 worth of tools, equipment and facilities needed in the production of ordnance material, munitions and armor. Plans for the military highway to Alaska are being speeded.

Occupants Escape Injury In Wreck

No one was hurt but considerable damage resulted in two sideswiping automobile accidents in the county over the week-end.

A colored fellow by the name of Moore accepted the responsibility for damages resulting when he sideswiped a truck driven by William Henry Manson on the Jamesville Road, near Sweet Water Creek, late last Saturday night.

The cars driven by Daniel DeMary, colored, and by Elijah Taylor, a white sailor from Virginia, crashed on Highway 125 in Poplar Point Sunday evening about 8:30 o'clock.

Superior Court In Final Session Of Term Here Today

(Continued from page one) ers against Walter Bailey was settled by agreement, the plaintiffs recovering \$189.95 with interest from September 1, 1941.

The case of D. L. Howell against E. P. Leathers involving a dividing line dispute was settled by agreement.

A judgment in the sum of \$411.98 with interest from December 31, 1939, was granted the plaintiff in the case of F. L. Rogers against M. E. Rogers.

The case of D. G. Matthews against D. W. Downs and others involving a dividing line was referred to Attorney Clarence Griffin for a hearing and investigation of the facts.

After working for nearly three hours on a case growing out of unfortunate circumstances, the court shortly after 1 o'clock this afternoon allowed Mary Chance \$50 a month alimony without divorce from Rufus Chance.

The case attracted more than passing attention possibly for its sympathetic appeal and the good character of the defendant. Rufus Chance married when a young man and had twelve children by his first wife.

Following her death some years ago, he married her sister, Mary, and she moved in with the family, worked hard and helped accumulate some wealth.

All was peaceful within until about 1930 when the second wife's health started failing. She lost her mind and she visited among her sisters and relatives until the husband finally had her entered in an asylum for the insane where he paid the required monthly amount of \$10.

She partially recovered, but during the meantime, the husband asked the court for a divorce. It was not granted. Returning to this section, the wife, possibly at the instigation of relatives, sued for alimony without divorce.

Judge J. Paul Frizzelle, presiding, took a very definite stand in the case, and while he listened to both sides he said in so many words that the wife, in his opinion, was entitled to her claim.

Quite a few orders and judgments were signed this afternoon, but they could not be recorded in the public records immediately.

THE RECORD SPEAKS . . .

Reporting two sideswiping in the county during the past seven days, Martin County motorists flirted with death and attacks on human limbs, but came through with no one injured and only a moderate property damage.

The volume of traffic is decreasing rapidly on the highways in this section, and while the number of accidents is trailing the number in the corresponding period a year ago, the percentage decrease is hardly as great as it should be under the circumstances.

The following tabulations offer a comparison of the accident trend: first, by corresponding weeks in this year and last and for each year to the present time.

12th Week Comparison			
Accidents Inj'd Killed Dam'ge			
1942	2	0	\$ 150
1941	4	3	429
Comparison To Date			
1942	21	9	\$3385
1941	26	16	1744

"Bits And Pieces" Program In U. S.

While a shortage of small parts held up delivery of desperately needed war equipment, a vast, untapped array of machinery, skilled mechanics and manufacturing space which can be used to turn out millions of small items for planes, tanks, guns and boats was uncovered in the nation's 40,000 automobile dealer shops.

Japs' Fierce Drive Southward Has Been Halted Temporarily

(Continued from page one) for peace while most of the world was clamoring against the Soviets, electrified all classes when he moved into India this week.

Over in Burma the Chinese are gradually yielding in a fierce battle raging since last Thursday. Fort Moresby in New Guinea was pounded again by Jap airmen, but Premier Curtin of Australia predicted today that despair and disappointment will be Japan's from now on until the end.

The fighting in Russia as spring opens up is being watched with anxiety. Increased activity is being reported there, but in most sectors the Germans are still facing defeat.

Unrest is growing in the conquered countries, and even in Germany the operation of plants and railroads is being sabotaged.

The Swedes are bolstering their defense as Germany moves more divisions in their direction. England is building a spearhead that will make Germany's visit to Crete look small, and is preparing for any invasion attempt that may be ordered.

While fighting in the southwest Pacific, in Burma and in Russia is figuring in the news, observers are watching developments in the Middle East where it is believed by many that Hitler will attempt a march to gain a back entrance to the Caucasus.

In this country the fight over the New Deal still surges ahead, the Tories and labor-haters getting a jolt yesterday when it was disclosed that one manufacturer, broke in 1941, had gained \$58,000,000 contracts from the government and that he had drawn \$145,000 in salary, paid his secretary a bonus of \$13,000 and had dished out the money liberally to others from the sale of motor starters manufactured at a cost of about \$275 and sold to the government for \$600.
