Old Undated Endorsement USED BY Candidate For Congress

Greenville, N. C.
May 21, 1942.

Greenville, N. C.
May 22, 1942.

To the voters of the First Congressional District:

It has come to my attention that the newspapers of the District are carrying an endorsement of Marvin K. Blount bearing my signature. This endorsement was circulated among the ministers of Greenville a long time before the entrance of Jack Edwards into the race for Congress. I was led to believe that this endorsement would not be published and, as a matter of fact, I was busy at the time it was presented to me and not fully conversant with its contents. The advertisement is misleading in that it appears that the endorsement was made by the Ministerial Association. To my knowledge the Ministerial Association did not act on this matter in open meeting nor was it ever presented to the association as a body. The petition was brought to me long before Jack Edwards entered the race and I signed it as an individual voter after much pressure had been brought to bear upon me. It should also be called to the public's attention that the advertisement in question has not to my knowledge appeared in any of the Greenville or Pitt County newspapers. It is my desire now to correct the impression it might have made on the voters of this district. I shall cast my vote for Jack Edwards in the Democratic Primary and commend him to the voters of the District as a gentleman of high Christian character, marked ability, and a servant of the people.

(Signed) John S. Armfield, Rector
St. Paul's Episcopal Church.

The endorsement of Hon. Marvin K. Blount for Congress was before it was known that another Greenville man would enter the race.

In endorsing Mr. Blount for this high position it was not the intent of this minister to discredit either man in the race. So far as I know the three men are splendid, capable Christian gentlemen.

(Signed) Rev. G. W. Perry,
Minister, Jarvis Memorial
Methodist Church.

The endorsement referred to was circulated some time in November, 1941. Jack Edwards entered the race for Congress in February, 1942.
