

Supplementary Gas Cards Are Granted In County By Board

(Continued from page one)

trator explained that in those cases, the employee should ride the bus, meaning that if no bus connection is possible then the employee should stay put.

While the A and B cards are somewhat more liberal, neither of them, according to the administrator, entitled the holder to operate his vehicle for pleasure. A farmer with an A or B card may ride to and from his farms, visit his other places of business, collect and deliver provisions and even do extra driving in an emergency, but he is violating the law when he starts driving for pleasure. The holder of an A card can run errands with his car, drive to church and travel in an emergency for other causes, but he is violating the law when he gets in his car and drives to a bridge game, a party or any other place of amusement. He will travel on the bus or stay home or, of course, violate the law and sub-

ject himself to the penalties of the law.

Quite a few X cards have been returned and exchanged, and it is understood that the improper use of other types of cards is being reported to the rationing boards. No direct answer could be had from the administrator, but it was intimated that machinery was being set up to tighten up and clamp down on those who willfully violate the rationing laws. Action is hardly to be expected at once, but since rationing is closely associated with the war program, it will be handled as war.

Supplementary gasoline cards were issued by the board in this county Monday to the following applicants:

Norah Hardy, Hassell, one A card.
J. G. Staton, Williamston, one B-3 and one B-1.
Daniel C. Sharpe, Williamston, two B-3 and one B-1.
A. T. Perkins, Robersonville RFD, one B-3 and one B-1.
W. Clyde Manning, Williamston, one B-3.
Ronald Ross Johnson, Robersonville, two B-3 and one A.
T. Gordon Roberson, Robersonville, one B-1.
Geo. E. Thorpe, Williamston, one A card.

Band's Last March Of Current Season

Last Thursday at 8:00 o'clock the its last marching performance of the season.

The youthful musicians marched from the High School building down Smithwick Street to Main Street and up Main Street to Washington Street, back down Main to Watts Street, and then assembled in front of the post office building where they gave a fine exhibition of drills and rendered several musical selections.

A crowd of 500 or more gathered for the occasion and gave hearty applause to the performance.

This band was organized about two years ago under the direction of Prof. Jack Butler and under his training they have displayed marked proficiency and have won recognition not only at home but in other cities where they have visited.

Mayor Hassell made a few remarks expressing how proud the people of the town were in having such a fine band and what a fine advertisement it was for the town and predicting that greater laurels awaited them in the future.

FROM WASHINGTON Comes Proof That BONNER FIGHTS FOR THE FARMERS

As proof of the ridiculous statements of a misleading campaign being waged against Herbert Bonner for Congress, comes indisputable evidence from the highest authorities in Washington. Let the voters beware of any effort to the contrary, Herbert Bonner, has always stood for the farmer, and by living testimony that is reliable, is proved to have done everything for the Farmers' interest that could possibly be done under present conditions. Let no one argue to you that Bonner himself could be on the Agriculture Committee of the House. The fact is, this place is already held by another North Carolina Congressman with service longer even, than Bonner's. The only way he or any other man could get it, is by seniority in case of a vacancy, and no new man could get it.

Now read these letters, and see what Bonner has been doing to help the farmers. One from Congressman Bloom tells of his good work for the tobacco farmer. Another from Congressman Tarver recounts the story of other work to develop the beef cattle industry. Many more such letters could be published, showing what he had done for other lines of agriculture, but these should be enough to show how false and misleading, and unfair, some of the statements being made about Bonner are now proved to be. READ THEM:

CONGRESS OF THE UNITED STATES
Committee on Foreign Affairs
House of Representatives
Washington

February 7, 1942.

Honorable Herbert C. Bonner
House of Representatives
Washington, D. C.

My dear Herbert:

With reference to the conversation that you and I had on the Floor and also in regard to your letter concerning the Lend-Lease Bill, I know how interested you are to be sure that the Bill in Section 2 includes tobacco.

I can assure you that my impression is and, in fact, I am positive that it does include tobacco; so you can assure your constituents that after your inquiry and after a special investigation by me that tobacco is included.

I want to take this opportunity to say to you that I wish every Congressman were as attentive and as interested in seeing in legislation of this kind that the interests of his constituents is protected.

Sincerely yours,
(Signed) SOL BLOOM.

HOUSE OF REPRESENTATIVES U. S.
Committee on Appropriations
Washington

May 18, 1942.

Hon. Herbert C. Bonner
House Office Building
Washington, D. C.

My dear Colleague:

As we near the conclusion of legislative action in the passage of the Agricultural Appropriation Bill for 1942 I wish to express to you my very deep appreciation of the able and efficient service you have rendered in cooperation with our subcommittee on Agricultural Appropriations in having the bill represent the utmost that can be accomplished for agriculture under present conditions. Your constant advice and collaboration with the subcommittee and your earnest and effective support of the bill in its passage through the House have been matters of deep gratification to me.

As you know, we have sought together that the provision for those activities of the Department which are of particular interest to the Southeast should be adequate. I think one item in which you have been particularly interested, the provision of sufficient funds for the continuation of work related to the development of a beef cattle industry on the cut-over forest lands of the Southeast, and for which provision has been made, will be of greater value to our section ultimately than many of our people realize. With kindest regards, I am

Sincerely yours,
W. C. TARVER
Chairman, Subcommittee on Agricultural Appropriations
House of Representatives.

HAD IT NOT BEEN FOR BONNER'S EFFORTS, Tobacco would not be one of the agricultural products that may be purchased with Lend-Lease Money. Only three agricultural products were named in the original bill, viz: Wheat, Cotton and Corn. But Bonner appeared before the Foreign Affairs Committee, urging that tobacco be definitely named. He obtained this benefit for the tobacco farmers of North Carolina. Yet, a vicious campaign would deny him credit for his vigorous and thoughtful work, which has resulted in untold benefit to the people of the District.

The thinking man who reads these letters may judge for himself. The informed farmers already know that Mr. BONNER succeeded in getting an appropriation of \$50,000 to spend on developing a Beef Cattle Industry. Progressive men know that this program properly expanded can lead the way to new opportunities and greater earnings for the farmers. For surely, in Eastern North Carolina can be developed a Cattle Industry that will pay, when we consider that year round pasturage is possible, as compared with the adverse conditions prevailing in western states, where cattle must be housed and fed a great part of the year.

MAKE NO MISTAKE — STICK BY THE MAN WHO CAN HELP ALL CLASSES OF PEOPLE — BONNER ALREADY HAS EXPERIENCE — BONNER ALREADY KNOWS THE WAY AROUND WASHINGTON — EXPERIMENTS ARE TOO COSTLY IN THESE TIMES — PLAY SAFE — VOTE FOR BONNER.

This advertisement Published in the Interest of Fair Play and Correct Information by Friends of Herbert Bonner

To the Voters of Martin County

In the past few years and especially so during the past few months, it has been my pleasure to have been called to serve on several committees of a civic nature acting on matters of local and national importance. In acting in these various capacities I have tried to the best of my ability to do the job and at all times have done my utmost to serve well the people of Martin County.

During the past several years I have been actively engaged in agricultural, business and public life and I feel that through experience in these various fields I am well qualified to represent you, inasmuch as one or more of these interests vitally affect you, especially so during time of War.

I am taking this means of soliciting your vote and support in the Democratic Primary, Saturday, May 30th, and at that time if you see fit to call me as your Representative to the North Carolina Legislature, I promise that I shall carry out your wishes in an honest and efficient way.

Faithfully yours,
W. Iverson Skinner

SENATOR J. W. BAILEY'S RECORD

Read and Think —

1. Opposed First Farm Relief Bill (Triple A) 1933.
2. Opposed Bankhead Cotton Control Bill 1934.
3. Opposed amended AAA Farm Bill, 1935.
4. Opposed and worked against paying soldier bonus.
5. Opposed old age security with destructive amendments.
6. Opposed bill prohibiting issuing tax free securities.
7. Opposed anti-Holding Co. Bill.
8. Opposed soil conservation and domestic allotment (new Farm Bill).
9. OPPOSED PREPAREDNESS AND OUR DEFENSE
10. Opposed Pepper resolution transferring 24 obsolete warships to England.
11. Opposed transfer of Axis ships to England for defense.

Senator Bailey did not support the President on a single one of 10 test votes on domestic issues during this present term as Senator. (See statement of New Republic carried in News and Observer May 17, 1942.) Only three Senators of both parties are listed as opposing the administration on all these votes. The other two were Bridgers, of New Hampshire, and White, of Maine, both Republicans. Bailey has not introduced a single important bill for the relief of our people during his twelve years in office.
