Jack Everett Dies Here Last Evening

Jack Everett, 69-year-old colored citizen, died at his home on Hyman Street here last night at 11 o'clock following a long period of declining health.

He was born in Poplar Point and farmed a greater part of his life, but he gained prominence as a lodge leader and funeral director. Conducting funerals and adding a bit of pomp to the ceremony, Everett did a valuable work among his people. He handled gruesome tasks following murders, accidents and misfortunes. Sometimes he would receive a small remuneration and frequently his services would go unrewarded.

Jack Everett, while wishing for the good things in life, really desired only one thing above all others and that was a complete and well-rounded funeral. It is quite likely that his wishes will be recognized. A member of four lodges or organizations, the members will assist the Rev. Tillery in conducting the last rites at the Cornerstone Church on West Warren Street here Sunday afternoon at 2 o'clock. Interment will follow in the Odd Fellows Cemetery.

Everett, polite and courteous and accommodating, numbered his friends among both the white and colored population. He leaves his wife, the former Mittie Purvis, three children, Mary Dell Smith, Roberta Latham and Jesse Everett, of Philadelphia; two step-children, Frank Bell, of Williamston, and Haywood Everett, of Reading, Pa., and an adopted child, Laura Manson. He also leaves two brothers, Warren Everett, of Pennsylvania, and Sam Everett, of Norfolk, and two sisters, Sarah and Mary Eliza Everett, both of Pennsylvania.

Suffers Broken Leg In Fall On Farm Wednesday

Mr. N. T. Tice, prominent Griffins-Township farmer, broke his leg just above the knee in a fall at his Keys farm last Wednesday afternoon. Removed to a Washington hospital, he is getting along very well.

The last member of his family recently underwent an operation for appendicitis, and now Mr. Tice is back in the hospital for his third time. It is believed that he has had more doctors' bills than any other man in the section. But in spite of sickness and setbacks, he still sees the bright side of things.

Interesting Bits Of Business In The U.S.

Time-tables show war's backlashes at mass transportation as well as autos and bikes. Many customary vacation and excursion trains are omitted, expressed converted into locals. American Airlines timetable used to be 11 pages, now it's two. . . Department store sales nationally are barely holding their own, in dollar volume, compared to same weeks of 1941. . . One of those price ceiling "squeezes" that bother retailers was relieved when three big soap-makers rescinded factory price rises averaging 3 1-2 per cent. . . Curtiss-Wright announces a \$10,000,000 program for enlarging its Buffalo plants to boost production capacity of huge cargo planes. . . Plenty of cool clothes for men this summer. Stocks of tropical worsteds and cotton hot weather suits are normal.

4-H Club Members Will Attend Camp

Between 60 and 65 Martin County 4-H club girls and boys are planning to leave next Monday morning for White Lake where they will attend a special camp for the week. They will be joined by about 30 members from Bertie and the two groups will travel on trucks.

The youths will meet in Everetts about 7 o'clock and leave from that point for the camp grounds. They are to return home on Saturday of next week.

Misses Lora Sleeper, Eva Peele and Dolly Myers, of Hamilton, and Mr. and Mrs. John Eagles will accompany the girls and boys from this county.

Freight Car Derailed At Street Crossing Here

A heavily-loaded freight car went out of control on the A. C. L. tracks here at noon today and jumped the track when the brakes failed to hold at the Smithwick Street crossing. The car did not overturn but its wheels were buried in the ground and trainmen were experiencing much difficulty in getting the car back to the rails. Several large chains and a big steel cable snapped.

After working about two hours, trainmen got the car back on the track. Very little damage was done except to the street crossing.

Firemen Called To Small Roof Fire In New Town

Starting from a kitchen flue, fire did very little damage to the roof on the Sam Jones house on Biggs Street at 1 o'clock this afternoon. The fire was brought under control just as the fire-fighting equipment was driven to the home.

For each automobile we are not making this year we have saved enough nickel to make 100 pounds of nickel steel for armor plate, projectiles, and armor piercing bullets.

Peanut Farmers Ask Parity Price

In an impromptu meeting held in Windsor yesterday morning, peanut farmers from this part of the State passed resolutions urging the Congress to maintain parity prices for farmers' stock peanuts. Representatives of the cleaners, appearing before the meeting, solicited the support of the farmers in calling for a slight increase in the price ceiling placed on peanut products. The meeting, according to reports received here, did not go on record as favoring an increase in the price ceiling.

Apparently some farmers are dubious about the peanut price outlook even though the government has agreed to peg the price for the edible nuts at 85 per cent of parity. The parity price is right at \$7.30 a hundred pounds, and the market price will range around \$6.20 a hundred pounds to the farmer.

The growers and cleaners plan to hold a joint meeting in Murfreesboro in about two weeks when the price ceiling feature will be discussed.

Among those from this county who attended the meeting in Windsor yesterday were: T. B. Brandon, John Eagles, Chas. Daniel, T. B. Slade, D. G. Matthews, L. M. Peel, W. Robert Everett, J. R. Winslow and John A. Manning.

John S. Ayers Dies Thursday Afternoon After Long Illness

(Continued from page one)

ed from the Hamilton Baptist church tomorrow afternoon at 3 o'clock by his pastor, Rev. W. O. Andrews, assisted by Rev. J. M. Perry. Interment will follow in the Hamilton cemetery.

The 28th Week Of The War

(Continued from page one)

said Pacific coast lumbermen will be considered for temporary draft deferment. Agriculture Secretary Wickard said the Farm Labor Supply problem might be solved if either the government paid transportation expenses as part of the war program, or farmers pooled expenses to bring in the migrant labor they need. Railroads have already agreed to reduce fares for migrant farm workers.

Truck Transportation
The ODT established a U. S. Truck Conservation Corps to mobilize the nation's five million trucks—greatest truck fleet in the world—for more effective war service. The office distributed to truck drivers, trucking firms, parts dealers and garages throughout the country in-

formation designed "to assure the continued and uninterrupted flow of the materials of war and the necessities of civilian life. All are being asked to pledge they will cooperate to 'keep 'em rolling' during the emergency."

Rubber and Oil
The House passed and sent to the Senate legislation authorizing \$93 million to complete a barge canal from St. John's River, Fla., to Port Inglis, Fla.; for an oil pipeline from Port St. Joe, Fla., to Jacksonville, Fla.; for enlargement of the existing gulf intracoastal waterway from the St. Marks River, Fla., to Corpus Christi, Tex., and its extension to Brownsville, Tex.; and for construction of a pipeline from the Tinsley, Miss., oil fields to Charleston, S. C., and Savannah, Ga.

The WPB announced American chemists have perfected a petroleum cracking process for making aviation gasoline and butadiene, a vital ingredient of synthetic rubber, in the same operation. The U. S. signed an agreement with the Republic of Costa Rica, under which this government will purchase all of Costa Rica's rubber production for the next five years, and will aid in development of potential rubber resources there. The Post Office Department directed rural carriers to cooperate in "every reasonable way" in the scrap rubber collection drive, to help transport the scrap to collection depots from homes and farms on their routes.

Lend-Lease
President Roosevelt reported to Congress lend-lease aid in 1942 through May totaled \$4 1-2 billion in goods and services, at a rate equal to 12 per cent of our entire war effort. He said lend-lease is now on a reciprocal basis. The Agriculture Department said farm products costing \$154 million were bought in May for lend-lease second highest total since the program began in March 1941. In 14 1-2 months, through May, farm products valued at \$1,225 million had been purchased for lend-lease, Belgium and the U. S. signed a master lend-lease agreement.

The Armed Forces
The President signed legislation granting pay increases to members of the armed forces retroactive to June 1st, with a minimum base pay of \$50 a month—the first general pay increase in 20 years. Congress also completed action on a bill to provide financial aid for dependents of men in the four lowest grades of the armed forces and authorizing deferment of married men with legitimate homes. The Senate passed and sent to the House a bill to provide men who

entered the armed forces since passage of the Selective Service Act with \$5,000 insurance in event of injury or disease contracted while on active duty.

The War Department directed "no military personnel on duty in any foreign country or possession may marry without the approval of the commanding officer of the United States Army Forces stationed in such foreign country or possession."

The House passed and sent to the Senate the \$8 1-2 billion naval expansion appropriation bill to provide 500,000 tons of aircraft carriers, 500,000 tons of cruiser, and 900,000 tons of destroyers and destroyer escorts. The President signed a bill permitting the Navy to increase the number of its lighter-than-aircraft from an authorized strength of 48 to 72.

The War Front
The White House announced British Prime Minister Churchill and President Roosevelt are conferring in the U. S. on "the war, conduct of the war, and the winning of the war."

The Western defense command announced a submarine presumed to be Japanese on June 21 fired six to nine shells into a sandy waste on the Oregon Coast line near Astoria, in the second attack on the North American Pacific shore in 24 hours. Earlier, shells were fired at Estevan Point, Vancouver Island. The Navy said two ships previously announced sunk by submarine off the Virginia Coast were sunk by enemy mines, the first authenticated instances of mines in American waters in this war.

The Navy said U. S. Air Forces engaged in "restricted air operations against Kiska," Aleutian Islands, where enemy "tents and minor temporary structures were observed to have been set up on land." A small force of Japanese ships in the harbor was bombed by army aircraft, with hits scored on one cruiser, and one transport sunk. Earlier, U. S.

bombers sank an enemy cruiser, damaged an aircraft carrier, three enemy cruisers, one destroyer, a gunboat and a transport, and shot down four enemy planes.

WANTS

FOR RENT: FOUR-ROOM DUPLEX apartment. Occupancy July 15th. Herbert Taylor, Williamston.

Citizens of Williamston and Martin County Important Notice:

WAR DAMAGE PROTECTION IS NOT INCLUDED IN YOUR PRESENT FIRE INSURANCE POLICY.

Effective July 1st, 1942, we shall be able to obtain for you War Damage Insurance on your property from the WAR DAMAGE CORPORATION, an instrumentality of the United States Government.

Under its policy the WAR DAMAGE CORPORATION in consideration of the payment of the premium, agrees to indemnify the insured, and legal representatives, against direct physical loss of or damage to property which may result from enemy attack, including any action taken by the military, naval or air forces of the United States in resisting enemy attack.

There is not sufficient time to call on all of our clients personally to explain fully the advantages and the scope of this important class of insurance, but if you will write or telephone to this office as promptly as possible we shall be glad to give you full information.

Yours very truly,

JOHN E. POPE
OFFICE PHONE: 17-W

IN COMPLIANCE WITH GOVERNMENT REGULATION "W" YOU CAN BUY FURNITURE ON EASY PAYMENT PLANS FOR ONLY 20% DOWN

With the Exception of the Following Items Which Require 33 1-3 Per Cent Down

EXCEPTION: When Cash Price of Purchase Is Less Than \$6.00, Not Regulated.

All Of Above Applies To Both New And Used Articles.

30-DAY CHARGE ACCOUNTS (NOT INSTALLMENT ACCOUNTS)

Must Be Paid by the 10th Day of the Second Calendar Month Following the Calendar Month in Which the Purchase Was Made.

Not just our Army, Navy and Air Force, but every man, woman and child in the United States is at War, Total War. War means Discipline—Discipline is the most important element in our whole endeavor, and whether we like it or not, we must do what we are told to do. Uncle Sam means business when he speaks.

Government Regulations have been set up for the SELLERS and BUYERS of FURNITURE. And under these regulations the Government is speaking to the Sellers and the Buyers in the same positive language.

Twenty per cent or 33 1-3 per cent means just exactly what it says, and \$1.25 or \$2.50 per week, or \$5.00 or \$10.00 per month means just exactly what it says.

If a bill is sold without the proper down payment, both the Seller and the Buyer have violated the Government Regulations.

If a Buyer does not pay as agreed—his proper weekly or monthly payments and his account is not paid out in due time—both the Seller and the Buyer have violated the Government Regulations.

When your furniture dealer tells you that you must pay a specific amount down under Federal Regulations, remember, it is your government speaker. And when you are told at the office or by a collector that you must pay as agreed, again it is your Government speaking.

Everyone of us must realize and realize now that we are a part of this Great Nation, and much depends on how we behave in our relations with each other. We, the undersigned merchants, pledge to do our full part and cooperate with our Government in the matter of business Regulations. We sincerely ask that our customers cooperate with us to the end that we as a Nation may be preserved as a FREE and HAPPY PEOPLE.

PRICE CEILING

All household furnishings are under the Price Ceiling Order and all the undersigned Furniture Merchants have complied with this regulation in every respect.

All items are priced in plain figures. Because of the Government Regulation, prices cannot go up.

Because of the manufacturing cost prices are not expected to go down. You can BUY NOW with full confidence.
