

Several Schools In County Are Pushing Campaign For Scrap

(Continued from page one)

many of the children have been busy picking cotton and digging peanuts. The check-up and weighing of all scrap at the Oak City school building from the 5th to and including the 8th of October is as follows: Lieut. Leroy Robinson, charged with the responsibility of receiving and weighing all scrap as it is brought in reports the weights by grades:

First grade, 18 pounds; second grade, 72 pounds; third grade, 60 pounds; fourth grade, 639 pounds; fifth grade, 83 pounds; sixth grade, 502 pounds; seventh grade, 256 pounds; eighth grade, B sec., 421 pounds; tenth grade, 628 pounds; eleventh grade, 410 pounds; twelfth

NOTE OF THANKS

It is our sincere wish to express our great appreciation to all those who were so kind and thoughtful during the recent illness and death of our brother, H. Marriott Britt. Especially do we wish to thank the members of the American Legion and the owners-operators of the Biggs Funeral Home and the choir for their acts of kindness and sympathetic services.

The Family.

Minor Auto Accident Is Reported In County

No one was injured and no great property damage resulted when the cars of Joe Wilson and Pvt. Kader E. Gardner crashed in Williams Township on the Fair View Road yesterday morning about 11 o'clock. Gardner was driving over Mrs. Lula Gardner's driveway when the two cars crashed, doing about \$50 damage to the machines.

Mr. Tunnell Bullock, of the U. S. Navy, San Diego, Calif., is spending a few days with his parents, Mr. and Mrs. Nash Bullock, in Robersonville.

grade, 1198 pounds; and special class, 686 pounds. Adding to this two receipts for scrap sold from the home as follows: First grade, Sue Bunting, 2000 pounds, and tenth grade, Nellie Bunting, 2000 pounds, making a grand total of 8973 pounds. The 4973 pounds is on the school campus waiting for transportation to Williamston. The drive continues until Oct. 21st. The school is expecting an even bigger report next week when trucks will canvass the school community for the more weighty parts which could not be brought by hand of school children. Mr. Dennis Bunting has offered his truck and Mr. J. L. Hassell will use trailer to haul the scrap in.

The quality of the scrap at Oak City is probably the best seen at any school so far.

Operating in a small community but with a determination to do their part the Gold Point school children under the leadership of Mrs. Pitt Roberson had collected around 1000 pounds of scrap.

Paul Rogers Peel, Jr., son of Mr. and Mrs. Harper Peel, made an individual contribution of 1054 pounds to the Hamilton collection. LeRoy Everett said yesterday the school and community had collected a total of 3000 pounds and the committee members and individual citizens cooperating with the campaign drive would more than double the amount over the week-end.

Large Number Cases On Recorders Court Docket Last Monday

(Continued from page one)

Booked as a "peppering tom," Sandy Lee, adjudged guilty when he entered no plea, was sentenced to the roads for six months.

The case charging Harry Gorham with non-support was continued until next Monday.

Randolph Hinton, charged with operating a motor vehicle with improper brakes, entered no plea, and prayer for judgment was continued. In a second case charging him with reckless driving, Hinton was found not guilty.

Pleading guilty in the case charging him with drunken driving, Lonnie Meeks was fined \$50, taxed with the costs and his driver's license was revoked for one year.

A continuance until next Monday was allowed in the case charging Leroy Anthony with assaulting a female.

Joe Ebron, charged with being drunk and disorderly, was sentenced to the roads for three months. The court suspended the road sentence upon the payment of the case cost and on condition that the defendant remain of good behavior and not get drunk for one year.

Pleading guilty in the case charging him with larceny, Robert Langster was sentenced to the roads for twelve months. The sentence was suspended upon the payment of a \$50 fine and costs. It was also stipulated in the judgment that the defendant is to be of good behavior and a law-abiding citizen for the next two years.

Walter Freeman, charged with disorderly conduct and resisting arrest, was sentenced to the roads for six months.

Entering no plea in the case charging him with forgery, S. T. Hunter was bound over to the superior court under bond in the sum of \$500 when probable cause of guilt was determined. In a second case charging him with assault, Hunter was found not guilty.

Elijah Shepherd, charged with carrying a concealed weapon, pleaded guilty, and was sentenced to the roads for three months. The sentence was suspended on condition that the defendant pay a \$50 fine and the case costs. His pistol was ordered confiscated. Notice of appeal to the superior court was noted, and bond in the sum of \$100 was required.

Secretary Declares Attack On Farm Bureau Unfounded

(Continued from page one)

laws controlling inflation from one end of the slate to the other. The organization favored sound values then, and it still stands on that principle. When legislation was not enacted to curb inflation clean across the slate, the Farm Bureau reasoned that it had a right to call for fair treatment for agriculture.

The fight in Congress recently was merely a climax, and it could have been avoided if the Farm Bureau proposal had been accepted back yonder, it was pointed out. The secretary then went on to show another side of the picture when he pointed out that the price of shirts had advanced but that cotton was still selling for the same price it sold for a year ago. The consumer, he explained, had a tendency to blame the price increase on the farmer.

Differing with the metropolitan press and the radio commentators, the secretary said that the farmer's position in the national economy could not possibly influence the price spiral as much as some had claimed.

In conclusion, Mr. Shaw said that the farmer is in a healthy condition today, but his place in the national economy has been muddled in the mind of the public. "Evidently there is a long war ahead and production is first in importance, and the farmer's place and his rights must be recognized if production is to meet the most urgent demands."

Nearly 1,000 members have been signed up by the organization in this county during recent weeks, and the drive for 200 more will be continued, Mr. Chas. Daniel, county president, urging the membership committee to get busy and complete its work within the next two weeks. A final report will be heard at a meeting on October 21. Approximately 13,000 farmers in eastern Carolina have already joined the organization, and the membership drive is just starting in other sections.

Mr. Shaw explained to the meeting that the Farm Bureau had presented the case of oil peanuts to Secretary of Agriculture Wickard, that the reaction following the two-hour meeting was considered favorable. Farmers, he said, are being urged to buy wheat delivered at 99 cents a bushel for their hogs and dig and place the oil peanuts in the desired channels of the trade for the war effort.

Large Number Tires Allotted In County By Rationing Board

(Continued from page one)

lumber.

James T. Spencer, Williamston, one tire for hauling logs.

R. T. Purvis, Jr., Robersonville,

THE RECORD SPEAKS . . .

Motorists on Martin County highways traveled through another week without serious incident and despite fair week which is ordinarily marked by an increase in accidents. Only one accident was reported during the 40th week. But that one should convince all drivers that accidents can and still happen.

The following tabulations offer a comparison of the accident trend: first, by corresponding weeks in this year and last and for each year to the present time.

40th Week Comparison

Accidents Inj'd	Killed	Dam'g	\$
1942	1	1	0
1941	1	1	0
1940	53	32	3
1941	71	45	3

Comparison To Date

1942	53	32	3
1941	71	45	3
1940	53	32	3
1939	71	45	3

Number of Highway Fatalities Pushed To Four For This Year

(Continued from page one)

He is survived by his wife and two children, of Bethel. Latham was held in high esteem by those who knew him.

Driving an old 1931 model car, Palmer, accompanied by four other colored men, started to make a left-hand turn just as Latham, operator of the motorcycle, was making ready to pass him. The motorcycle struck the left rear wheel of the car and knocked it almost all the way around. The two-wheeled vehicle was smashed and the car wheel was damaged. No one in the car was hurt.

Palmer left the scene of the accident and went to his home on the Robersonville-Stokes highway where he was arrested for operating a motor vehicle without a driver's license and for reckless driving resulting in manslaughter. He is being held in the county jail without bond pending a hearing in the county court next Monday. Palmer, declaring he was frightened, explained that he went home to tell his folks and his boss man.

Numerous Cases In Mayor's Court Here

Justice J. L. Hassell has had another busy week clearing his calendar of minor cases. A total of eighteen cases was run through the court hopper this week.

Charged with passing a car on a curve, Hoyt Moore, of Philadelphia, was fined \$5 and taxed with the costs.

Willie Godard, Eli Raynor, Burt Tyner, Hilliard Price, Abram Jones, Clayton Rogers and James Davis, charged with being drunk, were each fined \$2.50 and taxed with the costs.

Miles Twiddy, drunk and down, was taxed with \$7.50 costs.

C. R. Swain, V. L. Teel were taxed \$6.50 costs and Wheeler Beach and John Philpot were taxed \$7.50 costs for being drunk.

Costs of \$5.50 were assessed against Lawyer Wallace for riding a bicycle on the main street.

Cecil Phippen, charged with being disorderly at Buck's Place, was taxed with costs in the sum of \$8.50.

Lazarus Williams and Charlie Williams were required to pay \$7.50 costs each for fighting.

Clinton Clark, charged with the larceny of a suit of clothes from Pittman's, was bound over to the county court under a \$100 bond.

The 43rd Week Of The War

(Continued from page one)

attempted in the day time by American bombers, has been received.

Ground fighting in New Guinea is at a standstill, but American airmen have been busy pounding the Japs in the Southwest Pacific. No late reports have come from the Solomons on the fighting there.

Wendell Willkie almost got a first-hand taste of war today when his train missed a Jap air attack by hardly more than five minutes.

The President is to address the nation next Monday night at 10 o'clock, but his subject has not been announced. And the United States Senate has decided that stocks and bonds are not to be taxed.

Things To Watch For In The Future

Recent additions to the variety in the quick-frozen food field are beef stew, chicken a la king and sweet potatoes. And expected soon are these others: frogs legs, soft shell crabs, and mixed fruits and vegetables. . . . A greaseless cream especially designed by duPont to protect workmen's hands. It is intended to be used as an invisible film which will be washed off at the end of a day with soap and water, carrying the grime with it. . . . Plastic spoons, forks and knives made by American Cyanamid, extremely light in weight. . . . And the buttons on postmen's uniforms will be longer be made of brass, but of plastic.

on corn and wheat used for feeding livestock and poultry.

Agriculture Secretary Wickard, speaking at Tylerstown, Miss., said agriculture in wartime must be limited to "producing only the farm products which are absolutely essential." He said farm production for 1942, nearly a record, might not be exceeded for years, and future production might not be sufficient for all needs at home and abroad. "Next year we will need a farm production even greater than this year's. . . (but) I am not at all sure that total production will even be as large."

Oak City Parents-Teachers In Meet

The Parent-Teacher Association of the Oak City High School held its first meeting Wednesday night, October 7th.

The auditorium, about half filled, showed interest even in the face of busy farmers and their wives grading tobacco. The third grade gave an interesting program and the meeting was taken over by Mrs. Julian Mizelle, of Palmyra, president, and Mrs. J. H. Hopkins, secretary. In a brief way, business was handled and the following projects assigned for the year's work. First, a committee was named to arrange plans to furnish the serving room in the new home economics department, also a committee was appointed to canvass for a film projector for the school. Dues were collected and reports made which were very satisfactory. Mr. and Mrs. Bunn, of Hamilton, were present and took membership in the local organization. After the business meeting, Principal H. M. Ainsley was asked to give a report of the N.C.E.A. meeting held in Edenton Wednesday. Mr. Ainsley made his report center on the one given by Mr. Jule B. Warren at the teachers' association with the following topics: first, "The Duration, and War Victory"; second, "Will the Home Front Stand Behind the Boys"; third, "Teachers' Responsibility in This War," and last, "The Results of the War, If the Axis Wins or if the Allies Win."

E. A. Daniel Is New Senatorial Nominee

In a delayed but brief meeting held in Washington Wednesday afternoon, the democratic senatorial committee for this, the second district, unanimously nominated E. A. Daniel to succeed John C. Rodman, Jr., as the party's nominee for the State Senate. Mr. Rodman, gaining the nomination without opposition last May, recently resigned to enter the armed service of his country. Mr. Daniel is a Washington attorney.

Only one other name was before the committee meeting in Washington Wednesday, reports stating that E. O. Williams, of Hyde County, had expressed interest in the nomination.

Just before Mr. Rodman resigned, the chairman of the Martin County Board of Elections, Mr. Sylvester Peel, had ordered 5,000 county-district election ballots printed carrying the name of the primary nominee. The order was completed and made ready for delivery just a few days before it was learned Mr. Rodman had resigned. A complete order of new ballots is being printed for the November 3 election.

Mr. T. B. Slade, member of the district senatorial committee, attended the meeting at the call of the chairman, Harrell Whitley, of Washington.
