

Timely Questions-Answers on Share The Meat Program

Poultry and Fish Not Included in Voluntary Rationing Plan So Far

The following is a list of answers to questions which have recently been raised concerning the "Share the Meat" program:

Q Does the 2 1-2 pound allotment include luncheon meats?

A Yes.

Q Are coupons going to be used?

A Not at present. When ration books have been printed and distributed and meat placed on a rationing basis, coupons will be used.

Q How is the amount purchased now going to be controlled?

A On a purely voluntary and patriotic basis.

Q Will families consisting of only two adults be able to buy large sized roasts?

A Yes, but if its weight is five pounds or more they will not be able to eat any other kind of meat during the week.

Q Will prices be controlled?

A Yes. They have been controlled since last spring.

Q Does the ration allowance include dinner guests?

A No. Dinner guests are expected to deduct what they eat at your home from their personal allowances.

Q How much will invalids get?

A Whatever the doctor has prescribed, whether the amount is above or below 2 1-2 pounds weekly.

Q How much will children get?

A Children below six years of age are entitled to 3-4 of a pound weekly. Children between six and twelve may receive 1 1-2 pounds. All above that age, including adults, are entitled to the weekly 2 1-2 pounds.

Q Are light meat eaters entitled to get meat?

A They are expected, of course, to stay within their share.

Q Does the 2 1-2 pounds include fats and bones?

A Yes.

Q Does the Share-the-Meat program call for 2 1-2 pounds weekly of each kind of meat or of all meats?

A All beef, veal, lamb, mutton taken from the dressed carcass.

Q Can a person get the kinds of meats he wants or must he take what is left over?

A He can order the kind of meat he wants and if the butcher has it, he will receive it. It is suggested that women working in war plants place their orders ahead of time so that they will be sure to receive the kind of cuts they desire.

Q Can one buy a large amount of meat from farmers and keep it?

A Yes, but they are expected to limit themselves to their fair weekly share of 2 1-2 pounds.

Q Are those who raise their own meat supply also expected to "share the meat"?

A Yes.

Q What are the regulations in regard to eating meat in restaurants?

'Praise the Lord'

It has been revealed that the real author of the famous phrase, "Praise the Lord and pass the ammunition" is Lieut. Howell Forgy (above), 34, of Haddonfield, N. J. The ex-football playing naval chaplain, attached to a cruiser at Pearl Harbor used the phrase to encourage men as they passed shells by hand to fight off the Japs.

State College Hints For Farm Homes

By RUTH CURRENT

Today's storage is tomorrow's dinner. Don't store glass jars of fruits and vegetables (1) in hot places, (2) in damp places, (3) in bright places, (4) on weak shelves.

Fresh fruits and vegetables should be stored in a way that will preserve their attractive colors, their fresh flavors, and their health-giving nutrients.

The most useful cellar will be large enough to hold canned goods as well as potatoes, turnips, beets, carrots, cabbage, celery, onions, and apples. Cellar, cave, and pit storage are cheap and effective for many vegetables. In storage cellars or caves, shelves, bins, or stacked crates may be used to conserve space and provide for free circulation of air around fruits and vegetables.

What foods build strong muscles? Milk, eggs, meat, cheese, dried beans and peas. These foods not only build muscles but help keep muscles in good repair.

Do milk, eggs, meat, dried beans and peas have any other value in the diet? Yes, they help safeguard the health of the body. They are some of the "protective" foods rich in minerals and vitamins.

A Restaurant menu will indicate the weight of the meat portion served and the patron will accordingly deduct this from his weekly allowance.

Q Will chicken be shared under the 2 1-2 pound allowance?

A No.

Q Will fish be shared under the 2 1-2 pound allowance?

A No.
