INTERESTING ITEMS ABOUT NORTH CAROLINA

During the last 12 years the furniture industry has grown to be one of the most important in the state.

The value of the output of these mills in 1910 was \$11,232,000 annually.

In 1910 the total number of wage earners employed by the industry was 6,383.

Capital invested in the manufacturing industries in 1910 as \$3,283,246 and in 1922 had increased to \$6,525,102.

The annual payroll a decade ago, was \$1,618,150 while in 1921-1922 it amounted to \$5,467,614.

Wages in these plants are paid weekly and semi-monthly.

The combined value of the tobacco and cotton goods manufactured products represents more than 40 percent of the total manufactured products of the state.

North Carolina ranks first in acreage planted in tobacco among the states of the union and is second in quantity of output.

Winston Salem is the center of the industry, more than three-fourths of the tobacco being manufactured there.

The tendency for the past 20 years has been to concentrate the industry in immense factories.

In 1910 there were 96 factories in the state, 4 in 1910, and in 1922 only 15.

The value of products manufactured in 1910 was \$35,987,00 and in 1922 it had grown in to \$214,830,348.

The industry furnishes support to 16,449 persons, with an average high daily wage for men of \$5.94 and for women \$3.07.

The value of plants operating in 1922 was \$20,115,034 with a yearly payroll of \$14,027,661.
