**Welfare Institute Held at Chapel Hill**

Fourth Group of Events for Special Instruction of Welfare Officers

Chapel Hill, July 16. — The fourth group of special summer institutes of public welfare under the direction of the State Board of Charities and Public Welfare and the University School of Public Welfare will begin here today and extend through July 27. These institutes have been planned for the instruction and interest of all social workers, public or private, in the State.

Among the prominent speakers at the institute will be: Judge James Hoge Hicks, of the juvenile court, Richmond, Va.; Dr. Joseph Kinnmont Hart, educational editor of the Survey; Louis Brownlow, city manager of Petersburg, Va.; and Miss Mary F. Bogue, director of mothers' pensions for Pennsylvania. Members of the faculty of the University School of Public Welfare and of the staff of the State Board of Public Welfare will also be speakers.

Special courses will be given on problems of mental health and hygiene by Dr. Harry W. Crane and on county organization by Dr. Joseph Kinnmont Hart. These courses will be required of all county superintendents of public welfare and their assistants attending the institutes and will be used as the basis for certification of these officers. Dr. H. D. Meyer will give an optional course on play and recreation. There will be a lecture every morning and evening on subjects relating to public welfare. The afternoons will be devoted to round table discussions.

The full program of the institutes follows:

**CLERKS SORT MAIL IN SPEEDING PLANE**

London, July 16.—A "flying mail train" is the latest type of airplane to be developed in England.

In the plane's mail-chamber, says the Daily Chronicle's aeronautical expert, sorters will be able to carry on their work just as they might in a railway mail-train. It will have a radius of 2,000 miles and will be able to stay in the air 24 hours without alighting. The crew in charge will be provided with regular sleeping quarters on board. They will, in fact, work in shifts while in the air, some of them sleeping while others are on duty in the control-chamber.

If necessary, when flying at night or immersed in fog or cloud, the crew will be able to bring into play mechanisms which will endow the craft with the power of automatic self-balance. The machine will virtually fly itself, and all the helmsman will have to do will be to keep it on a compass course by means of the rudder.

**SUPREME COURT TO DECIDE HARD QUESTION**

Washington, July 16.—The Supreme Court has been asked to decide whether the counterfeiting in this country of Canadian securities can be punished under the penal code. The question was before the Eighth Circuit Court of Appeals for solution, but that court found it so perplexing that it called upon the highest court for instructions.

Isadore Luvisch was convicted in the Federal District Court for eastern Michigan of counterfeiting Canadian excise stamps, and was sentenced to five years in Leavenworth, Kansas for a writ of habeas corpus, which ordered his discharge on the ground that the offense for which he had been convicted did not constitute a violation of any law of the United States. The warden of the penitentiary, while holding Luvisch in confinement, took the case to the Federal Court of Appeals for that circuit, which suspended further proceedings until the Supreme Court could consider and pass upon the question.

**Finds Saving in Cost of Making Electricity**

Washington, July 16.—The United States is becoming an increasingly heavier user of electricity, but despite the mounting power totals, the consumption of fuel to produce it is decreasing in proportion. Geological survey figures show that purpose in 1922 was only 2.5 pounds a kilowatt hour, as compared with 3.2 pounds in 1919.

A total of 47,659,000,000 kilowatt hours was generated last year. Of this amount 36.1 percent was generated by water power. New York leads the list of states in production, manufacturing 15.57 percent of the total for the country. Other states in order are Pennsylvania, California, Illinois, Ohio, Michigan, Massachusetts and West Virginia.

Norma sighed and sadly sobbed; her heart was full of woe; She had to have a party dress and yet she couldn't sew; "Last winter's suit," her mother said, "is almost good as new; But never fit you well at all; I'll tell you what to do— Sit down and write a SWAP-AD out. 't will do the work, I guess." So Norma stopped the flow of tears of course, SHE GOT THE DRESS.
