Drop Only Temporary
The Charlotte Observer agrees with this newspaper that the drop in the price of cotton had no real basis in actual conditions...

The drop in cotton last week was without warning. In the main it based on an estimate that had been made...

With much of the gasoline that is sold in Elizabeth City brought here in tankers and pumped directly from the tankers into the storage tanks...

After you have searched through the bulky pages of a big city newspaper for the one small item of news in which you are interested we hope you are properly thankful that The Advance is no bigger and that in it you can find the news you want to read without a half hour hunt for it.

Elizabeth City has had a bit more than its share of hectic excitement for the last few days. Here's hoping that with LeRoy White in custody we can get back to something like normalcy.

We're hoping that the Edenton policeman who captured LeRoy White gets more than the \$100 reward offered by Elizabeth City authorities.

Now didn't the Frank H. Simonds article in this newspaper Saturday make the news of the British elections more intelligible and interesting to you?

If you could take a look each day, as we do, at The Advance of just a year ago you could plainly see that this newspaper is Advancing.

The Advance hopes to give its readers fuller service than ever before on the Baptist State Convention this week.

The Unexpected Flounce

Dresses do odd things this season. In proof of which we offer these two sketches. One frock has a slanting waistline to follow the line of its hem which circles up on one side in an overskirt effect. The second dress exploits the new flat flounces and has two of them cut into long drooping points in front and forming merely a tunic in the back.

IMPORTANT MEETING OF CANVASSERS ON TUESDAY

An important meeting of the men of Christ Church who acted as canvassers Sunday together with members of the Vestry will meet in the Parish House Tuesday, December 11th, at 7.30 p. m. It is hoped that every man will be present as important work for Christ Church, besides the canvass will be discussed.

THREE HUNDRED ARE KILLED IN BATTLES

Mexico City, Dec. 10.—More than 300 deaths on both sides are reported in battle about Jalapa, capital of the state of Vera Cruz, between supporters of the Huerta revolt and the forces backing the government and President Obregon.

SEE DISSOLUTION OF ITALIAN PARLIAMENT

Rome, December 10.—The Italian cabinet has decided to advise King Victor Emmanuel to prorogue parliament. It is believed in political circles that prorogation will be followed by dissolution.

Advocates World Experience Before Conferring Degrees

New York, Dec. 10.—A man should rub shoulders against life for at least three years after his graduation from a technical school before an engineer's degree is conferred upon him, in the opinion of William Kelly, prominent Michigan engineer, and a director of the American Institute of Mining and Metallurgical Engineers.

WOMEN RUN METAL BUSINESS

London, Dec. 10.—There is a metal company in Great Britain which is administered wholly by women. It has a woman chairman, women directors, a woman auditor and a woman secretary, as well as a qualified woman engineer and metallurgist.

Mrs. Charlie Griffin of Edenton is in the city visiting Mrs. John Griffin at her home on Riverside Drive.
