Pasquotank Boys Return From Tour Of Own State

Farm Club Youngsters Under Charge of Agent Falls Had Interesting, Informing and Educational Central and Western Carolina

Eight boys' club members, Paul Scott and County Agent C. W. Falls returned a few days ago from a trip over the entire State in which they visited many places of interest and studied methods of agriculture as it is practiced in other counties.

The boys' club members of the party were Ivey White, Johnnie Scott, Otis Barco, William Britt, Walter Hobbs, Jr., Raymond Cartwright, and Elisha Rogerson. The trip was made in motor truck and the expenses were considerably lessened by reason of the fact that they camped all the way.

The cost of all necessary expenses for each person was $8 and the number of miles traveled was 1,125. They visited 31 counties.

The party left here on August 19. They crossed the sound at the Edenhouse ferry, and continued on to Raleigh, where they spent the first night. At the State capital they visited the A. & E. College, and inspected the poultry houses, orchards, dairy and parks.

At Pinehurst they saw the best Berkshire herd in the South and also an Ayshire herd that is considered the peer of anything of its kind in this part of the country.

The second night was spent at Aberdeen where the boys much enjoyed the spring fed swimming pool. Accustomed as they were to the mildly tempered waters of the Pasquotank they found the spring water somewhat chilly at first, but learned to enjoy it after becoming accustomed to it.

At Charlotte the party encountered Rev. Frank Scattergood and his Boy Scout campers. Here the two parties combined to visit a moving picture show.

Several other cities in that vicinity were visited before they moved on to Chimney Rock. The boys were much impressed with the mountains and, after an experience on the road in which a rapidly driven car turned completely around in front of them and started down hill backward in a dangerous pass, they were quite willing to allow the drivers to press on slowly. Most of the boys had never seen mountains before in their lives. They developed stiff necks from looking up at the peaks.

At Biltmore the Vanderbilt estate near Asheville they saw a wonderful Jersey herd and sampled the butter and ice cream made there. The party was provided with free passes about the estate which were much appreciated. They examined the Biltmore butter, ice cream and milk machinery also. One of the separators takes care of 3,000 pounds of milk an hour.

They returned by way of Chimney Rock, spent Sunday at Salisbury, thence on to Raleigh and after enjoying fine roads all over the State they encountered some bad going when they reached Eastern North Carolina. The return passage was made at Winton.

On the trip the boys passed through sections devoted to soy beans, peanuts, tobacco, fruit and small grain. The topography of the land and character of the soil changed frequently as they passed over the State.

The trip is looked upon as quite a success by both the boys and their leaders, offering the youngsters, as it did, opportunity to learn many things about agriculture as it is practiced outside their own counties and to appreciate something of the size and the resources of their own State.

REVIVAL AT NEWBEGUN CLOSE SUNDAY NIGHT

Revival services at Newbegun Church at Weeksville will be continued through Sunday night. Splendid crowds are attending and much interest is manifested. Services Saturday at 7:30 p. m. On Sunday at 11 a. m. the subject will be "The Christian Home." Indications are for a record breaking crowd as Union and Eureka churches will have Sunday school at 9:30 and then will come to Newbegun. The closing service will be Sunday evening at 7:30 o'clock.

Slain by Bandits

Assassination of Mrs Rosa Peters, a British subject, by bandits in Mexico has brought Anglo Mexican relations to a strained point. Mrs. Evans, though American-born, married an Englishman and held valuable estates near Tampico. She complained repeatedly of persecution by agitators, charging the government had hired them. The bandits carried off a payroll of $60,000 pesos.

SWEET SHIPMENTS ARE FALLING OFF

Shipments of sweet potatoes have fallen off somewhat this week and it is believed that the greater portion of the crop has been shipped. The storm of last Monday no doubt prevented shipping as well as shipping, however.

ALBEMARLE COTTON IS BEST IN STATE

The best cotton in the State is to be found in Eastern North Carolina, according to County Agent Falls who returned a few days ago from a tour of North Carolina.

The western and central parts of the State have suffered this summer from too little rain, he said. Most of the cotton in the central portion is about 10 to 15 inches high, while some of the corn has no ears on it at all and farmers are shocking it for fodder.

NO DATA ON WEEVIL

Farmers are watching with interest to see what rains the boll weevil will make on account of the recent rains. No estimate has been made of damage in the past week or so and the degree of infestation over the County is somewhat in doubt at present.

CURRITUCK HARDEST HIT BY THE STORM

Reports of storm damage have come in from all parts of the Albemarle district. It is evident that much damage was done to crops, especially to corn and cotton much of which was left flat on the ground.

Farmers from Currituck County who have driven to Elizabeth City in the last few days say that damage in that county is much greater than in Pasquotank County. The wind seems to have been stronger near the coast as more trees were uprooted, more outbuildings moved and the corn left in a flatter condition there than here.

Change of Life

"When change of life began on me," says Mrs. Lewis Lisher, of Lamar, Mo., "I suffered so with womanly weakness. I suffered a great deal of pain in my back and sides. My limbs would cramp. I didn't feel like doing my work, and there are so many steps for a woman to take on a farm. I was very anxious to get better. A friend recommended

CARDUI
The Woman's Tonic

to me and I began using it. I certainly improved. I went through change of life without any trouble. I can highly recommend Cardui."

At the age of about 40 to 50 every woman has to pass through a critical time, which is called the Change of Life.

If you are approaching this period, or are already suffering from any of its troubles or symptoms, take Cardui. It should help you, as it has helped others. At all druggists.
