We appeal every reader of THE ROANOKE BEACON, to aid in making it an acceptable and creditable medium of news to our citizens. Let Plymouth people and the public know what is going on in Plymouth. Report to us all items of news—the arrival and departure of friends, social events, deaths, serious illness, accidents, new buildings, new enterprises and improvements of whatever character, change in business—indeed anything and everything that would be of interest to our people.

FRIDAY, SEPTEMBER 21, 1894.

At the Populist Senatorial Convention held in this town on Thursday of last week T. E. McChesney, of Martin, and C. W. Snell, of this county were nominated. Mr. Snell, refused to accept and a meeting of the Executive Committee has been called to meet in Plymouth on the 27th for the purpose of filling the vacancy.

Secretary Carlisle had coined in July \$430,000 of silver and in August \$228,000. In the last eleven months \$4,970,727 in silver, coined from the bullion bought under the Sherman act, have been used to redeem Treasury notes. This doesn't look as if the Cleveland administration was opposed to coining and putting silver in circulation.—Star.

The Republicans used to tell a story about the Democrat who was afraid to look a sheep in the face, says the News and Observer. That was when Republicans made sheep-growers believe that free wool would reduce the price of wool. Now the Republicans are like little Bo-peep—they have lost the "sheep" farmers who have been following their leadership, and they don't know where to find other voters equally as silly to believe their fallacies.

The campaign in the Ashland District of Kentucky has closed between Hon. W. C. Owens and Col. Breckinridge the result of which virtually ends the political career of Col. B. The fight was the most bitter one ever fought even in Kentucky and Col. Breckinridge has shown game to the end, but with his personal character ever before the people it proved too much for him and he is forced to retire to private life realizing the fact that he alone is responsible for his own downfall.

PERSUANT to a call made by the Democratic Executive Committee of Plymouth Township a Democratic Club was organized at the Court House on Thursday night last. A large and enthusiastic number of our citizens were present and the club was started in good shape.

The Democrats of Plymouth see "the hand writing on the wall," they see that the opponents are in high spirits and that they have just cause for so being. The Republican machine is in good shape and the leaders are confident, but if the Democrats in all the townships will go to work as those of Plymouth have done we will see the combination machine buried never again to be resurrected.

When Populists are spoken to about their fusion with Republicans in this State they at once refer you to the fusion of the Democrats and Populists in the West and the Democratic endorsement of Gen. Weaver. So it is. We see no great difference in the Democratic platform and that on which Mr. Weaver stand—the Omaha—it is reasonable how Democrats and Populists can come together as it can be done without a wholesale surrender of principles, but now under the sun the Republican and

Populist platforms can be joined we do not see. There is as much difference in the makeup of the Republican platform and the Omaha platform as there is in the Republican and Democratic platforms, in fact more. That Mr. Weaver is a Populist from principle we have no right to doubt, but when he surrenders it is always to the Democrats. He is opposed to giving Republicans any show and he declares that the fusion in this State will do his party harm. He is, and has been for 16 years, fighting the Republican party. He is speaking in all the districts of Iowa and in all his speeches he pays his respects to the charge that the Democrats are responsible for the hard times.

He declares that in making this charge the Republican party is like the thief who swore his crime on an innocent Third party, and then claimed the reward offered for the apprehension of the criminal. The Republican party, he declares is directly responsible for every existing law against which the people complain, and for every law on the statute books when the hard times came. Any man, who states that the Democratic party is responsible for the panic is either a knave or a fool, or both. He further states that for a generation this great Republican party, which claims all the virtues and attributes to its opponents all the vices, has virtually had control of the government; that with all its boasted wisdom and virtues it was unable in all this time to place the government on a firm, substantial footing; He declares that immediately after the war the money power took charge of the Republican party and through it took charge of the people and their business public and private. It is wicked Republican legislation on the money question, on the land question, and the tariff question, and the railroad question, that brought the hard times. He says the charge by Republicans that the cause is elsewhere is an insult to the intelligence of the American people.

**FOR CLERK OF THE SUPERIOR COURT.**

At the earnest request of my friends, and after due consideration, I take this method of announcing myself a candidate for the office of Superior Court Clerk of Washington county. I am aware that the offices of the County, State and Nation belong to the people and not to individuals, and that I, as an American citizen, have a right to ask for an office, but, if for any reason the people of my county think I am not entitled to share the honors of office, and in open convention a majority say I am not the preference of the people of my party, I shall humbly submit to the decision of that convention, and remain a Democrat still. If, however, I should be honored with the nomination, the party may rest assured that I shall endeavor to be elected, and if elected, to faithfully discharge all the duties of the office. Respectfully, W. F. AUBSON.

By Purifying Their Blood

Hood's Sarsaparilla Makes Pure Blood, Cures Scrofula, Etc. My experience with Hood's Sarsaparilla has been very effective. My little girl, five years old, had for four years a bad skin disease. Her arms and limbs would break out in a mass of sores, discharging yellow matter. She would scratch the eruptions as though it gave relief, and tear open the sores.

Two Bottles of Hood's Sarsaparilla caused the eruptions to heal and the sores peeled off, after which the skin became soft and smooth. As a family medicine we believe Hood's Sarsaparilla has no equal and I recommend it. W. L. KING, Blue Dale, Tex.
