Burning Pain

Erysipelas in Face and Eyes
Inflammation Subdued and Tortures Ended by Hood's.

"I am so glad to be relieved of my tortures that I am willing to tell the benefits I have derived from Hood's Sarsaparilla. In April and May, I was afflicted with erysipelas in my face and eyes, which spread to my throat and neck. I tried divers ointments and alternatives, but there was no permanent abatement of the burning, torturing pain, peculiar to this complaint. I began to take Hood's Sarsaparilla and

Felt Marked Relief

before I had finished the first bottle. I continued to improve until, when I had taken four

bottles, I was completely cured, and felt that all signs, marks and symptoms of that dire complaint had forever vanished." Mrs. E. E. OTTAWA, Hillsboro, Wisconsin.

what the Democrats would do

the State.

He was told that the Democrats had for twenty years collected from the people all they could afford to pay for public schools and had fairly and justly divided that fund between the white and colored children in the State during these years; white teachers had taught white children and colored teachers had taught colored children and if the Democrats carried the State this year, as they undoubtedly would, they would continue to be taught by teachers of their own race, and this would be done in the future as it had in the past without reference to the way they might vote because the Democratic party believed in the education of the masses regardless of the party or race to which they belonged.

The negro, who had asked the question, then arose and said: "Well the People's party won't get many colored votes down here—they are against the negroes anyhow." This sentiment was acquiesced in by others of his race.

Every mother should know that croup can be prevented. The first symptom of true croup is hoarseness. This is followed by a peculiar rough cough. FRIDAY, OCTOBER 19, 1894.

HON. W. A. B. BRANCH is making a fine canvass of this district and he makes Col. Skinner hold his silver tongue on many occasions. Mr. Branch presents facts upon the live issues and makes a solid speech while Col. Skinner takes up his time trying to persuade the colored man that he is their friend.

THAT staunch farmer Democrat, Hon. Wm. R. Chesson, having again been called by his people as one of their standard bearers, is now out in the field hurling Democratic bumps into the enemies camp. He will go to Raleigh to occupy a seat in the State Senate, where he will always be found voting for the best interests of his people.

HARRY SKINNER and other Third party politicians go upon the stump and plead with the negro to support the new party or its fusion. This little game will work with a few of the ignorant colored men, but the majority at this day are too intelligent to be duped, they know that Col. Skinner is no more a lover of the black man to-day than he was two years ago when he refused to be the Third party candidate for Governor for fear it would lead to the overthrow of white supremacy in the State of North Carolina.

Verily, the colored voters in this State are in a political stew, they are the body and life of the Republican party and have stood by it from its birth, though that party has done so little for them as a race, and the minority white voters of that party have managed to manipulate the colored vote so as to give all the spoil to the white man. Now the white leaders of this, the colored man's party, go beyond the line and attempt to sell the negro vote and drive them into the fusion camp. We believe the negro is honest in voting the Republican ticket, he votes according to his principles and it is wrong for the white men to undertake to vote them against their principles. The colored men will not find Col. Skinner any truer friend as a Populist than he was as a Democrat. The black man has a right to vote in his own way and no white man has a right to influence him by falsehood. The facts should be given and then the voters left to act according to their convictions.

Col. Skinner has joined the Third party for office. He has a fine head on him, he is gifted with an eloquent tongue and all that, but to listen to one of his speeches will convince any sane man that Col. Skinner is sailing under false colors. He is not afraid of turning the First district over to negro rule, no, no, but he hopes to carry the strength of the negro vote to elect him to Congress, which is his only chance.

Let the colored voter of the First district have an opinion of his own and let him vote according to his conviction we are sure he will place the seal of condemnation upon the actions of those who are trying to sell him out to Mr. Skinner and his fusion combination.
