As will be noticed, our reading matter on the inside is rather limited, owing to the increase of the advertisements just at this season. This is the only season that we get many advertisements, and it would not pay us to enlarge the paper just for a few weeks, so we hope our readers will understand and appreciate our position.

Remember that the printer may want a little Christmas and that little amount you owe will help him. We have waited very patiently during the summer, but now you have sold your crop please do not keep us waiting longer. It has been hard for us to keep the paper going during the dull days of the past year, but it has not failed to visit your home every week, now we ask you kindly to come to our aid and pay up your subscription in full. Some owe us but little while others owe for a year or more. We are not able to do a credit business as we have to pay cash for everything we use, hence we need what you owe us, and those who fail to pay up need not expect the paper next year. We have done our part. Will you do yours? We think you will.

No Change Wanted.

If the Hon. Harry Skinner will consult the wishes of the people, regardless of party affiliations, he will find that the people do not desire a change made in the postoffice at Plymouth. There is no need to make the change since the office is in charge of a lady who expresses no political views, and her entire force has not given vent to any political expressions during the days of the past campaign. The office is certainly not in any way political. The people want a postoffice official that is obliging, courteous and attentive. All this they now have and hope to retain.

Steamers Disabled.

Last week was an unfortunate one for the steamers of the N. & S. R. R. Co. Early in the week the Str. Roberts, plying between Mackey's Ferry and Edenton, was disabled by the loss of a rudder and had to go on the ways for repairs, the tug D. K. Neal taking her place.

On Thursday the Str. Plymouth was left at Edenton to be inspected and the Str. Dickerman took her place, but when this steamer reached Williamston she was disabled by a hole being blown in her boiler. The Str. Mayflower made the run to Edenton in her place, taking passengers and mail, and Friday night the Str. Plymouth went up the river and Saturday morning took the Dickerman out with her.

Returned Home to Die.

As the morning brightened into day on Wednesday last the messenger of death entered the home of Mr. Louis P. Hornthal, on Third street, and waited to the great beyond the spirit of Mrs. Hornthal's grand-father, S. H. McRae, Esqr., aged 81 years.

Mr. McRae, in years ago was one of the leading citizens of this town, doing a large shingle business, and before the war was a large slave owner and quite wealthy. Some years ago he moved to Lewiston, Bertie county, which has been his home ever since. About two weeks ago he came to Plymouth, as he has often done, to visit his grand-children, Mrs. L. P. Hornthal, Mrs. H. S. Ward and Mr. Clarence Latham. He was in feeble health, but no uneasiness was entertained by him or his people until a few days ago when he took his bed and gradually grew worse until his sufferings was relieved by death at 8 o'clock on Wednesday morning.

It seems that he had come back to the old home to die. The remains were consigned to their last resting place in the family vault under the shadow of old Grace Episcopal Church, in which so many of his loved ones are sleeping the sleep of the just, on yesterday afternoon at 3:30 o'clock.
