excellent concerts in this town on Monday
night next, the 23rd. These entertainments

should receive your hearty support and
financial assistance.

"Backet Stores," and "Cheap Johns" the
latter especially, have been legislated
against, but Plymouth boasts of a "Cheap
John," notwithstanding. We refer to no
less a personality than our popular mer-
chant, John T. Lewis, known in this sec-
tion as "That Cheap man, Lewis." His
pamie is John, consequently the law can't
hold him down. If you don't believe he is
cheap, just drop in and get prices on Clo-
thing, Dry Goods, Notions, Shoes, etc., and
especially Heavy and Fancy Groceries. His
low prices have long been the talk of the
town, and now his \$4.00 Shirts for 25c.
is creating wild excitement. Call on him
and he'll tell you how to get a pair.

THE BEST REMEDY FOR STOMACH AND
BOWEL TROUBLES.

"I have been in the drug business for
twenty years and have sold most all of the
proprietary medicines of any note. Among
the entire list I have never found anything
to equal Chamberlain's Colic, Cholera and
Diarrhoea Remedy for all stomach and
bowel troubles," says O. W. Wakefield, of
Columbus, Ga. "This remedy cured two
severe cases of cholera morbus in my fam-
ily and I have recommended and sold hun-
dreds of bottles of it to my customers to
their entire satisfaction. It affords a quick
and sure cure in a pleasant form." Sold
by Plymouth Drug Co., and Roper Store
Co.

How Advertising Pays.

Two farmers were discussing their
local paper. One thought it had
too many advertisements in it. The
other replied: "In my opinion the
advertisements are far from being
the least valuable part of it. I look
them over carefully and saye at least
five times the cost of the paper each
week through the business advanta-
ges I get from them."

Said the other: "I believe you
are right—I know that they pay me
well and rather than that it is not
good taste to find fault after all."

It pays any man to take a good
local paper for the sake of the adver-
tisements if nothing more. And if
business men fail to give farmers a
chance to read advertisements in the
local paper, they are all blind to their
interests, to say the least of it.
"You never trade with me," said
a business man to a prosperous farmer.
"You never ask me and I
never go where I am not invited; I
might not be welcome," was his re-
ply.

ROBBED THE GRAVE.

A startling incident, of which Mr. John
Oliver of Philadelphia, was the subject, is
narrated by him as follows: "I was in a
most dreadful condition. My skin was al-
most yellow, eyes sunken, tongue coated,
pain continually in back and sides, no ap-
petite—gradually growing weaker day by
day. Three physicians had given me up.
Fortunately a friend advised trying 'Elec-
tric Bitters' and to my great joy and sur-
prise, the first bottle made a decided im-
provement. I continued their use for three
weeks, and am now a well man. I know
they saved my life, and robbed the grave of
another victim." No one should fail to try
them. Only 50c., guaranteed, at Plymouth
Drug Co.

The trouble with imaginary dangers is
that they often lead us into real ones.

During last May an infant child of our
neighbor was suffering from cholera in-
fantum. The doctors had given up all
hopes of recovery. I took a bottle of Cham-
berlain's Colic, Cholera and Diarrhoea
Remedy to the house, telling them I felt
sure it would do good if used according to
directions. In two days time the child had
fully recovered. The child is now vigorous
and healthy. I have recommended this
remedy frequently and have never known
it to fail.—MRS. CURTIS BAKER, Bookwal-
ter, Ohio. Sold by Plymouth Drug Co.,
