Important to Farmers.

In view of the fact that it is not generally understood that the Rice Crop is highly protected from foreign competition by an import duty and that the crops raised in this United States have every year fallen much below the home consumption the CAROLINA RICE MILLS of Goldsboro, N. C., in order to encourage the cultivation of Rice on a larger scale than has heretofore been done, is now prepared to make contracts with planters in North Carolina for their crops of Rice they may raise during the year 1902 on the most liberal terms.

Parties interested, who wish to avail themselves of this offer, can communicate with us and we will take pleasure in giving full particulars.

Respectfully,  
CAROLINA RICE MILLS,  
ap 23 Goldsboro, N. C.  
Seed Rice will be quoted on application.

We expect to visit Roper either to-morrow or the next Saturday, and we would be glad to meet all our friends of that section.

We learn that Mr. W. J. Mercer, of Creswell, and Mrs. Collie Kae, of Mackey's Ferry, were quietly married on Wednesday last.

We return thanks to our friends who renewed this week. We also thank those who sent their renewals, and those who subscribed.

Miss Meda Harrison is home from school, having come to be present at the marriage of her sister, Miss Pauline. She will return Monday.

Capt. J. E. Johnston, of Roper, was on the river in a skiff with some friends here on Tuesday, and in trying to kill a snake, which ran under a wharf, received a blow on the head, causing a painful, but not serious wound.

What came near being a serious accident occurred on Monday last. Miss Mary Nurey, who was at work around a fire in the yard, had her clothing to catch on fire. Quick work smothered the flames, but her hands were right badly burned.

The body of a colored man who was drowned between here and the sound two weeks ago was hauled up in one of Mr. W. H. Hampton's seines on Tuesday. Coroner B. S. Lucas went down with a jury on Wednesday and held an inquest.

If people who talk about their neighbors and believe everything they hear, could have their own lives reflected in a mirror, we dare say many people in Plymouth would be trying to crowd into a hole and pull the hole in after them. He who wrote, "Actions speak louder than words," must have lost sight of the town gossippers.

Dr. B. F. Arrington, surgeon dentist and specialist, who was here last week, met with such flattering success that he intends returning about the first of May and remain with us some time. Those desiring his services may find him after that date at Hotel Read. Dr. Arrington is a most successful dentist, and as clever a gentleman as you will meet in a day.

Snake Story.

While riding a bicycle from Sharpsburg to Elm City Mr. Isaac Braswell had quite a thrilling experience. On the return a black snake, which was lying in his way, became entangled in the rear wheel of his bicycle. The snake was thrown from the wheel around Mr. Braswell's neck and in trying to loose the snake Mr. Braswell lost his balance and was thrown from his bicycle and very painfully hurt.—Elm City Elevator.

Do They Read 'Em ?

There is no doubt about it; the people read advertisements. Several called at our office this week and asked us to point out certain dry goods and millinery stores to them, and without an exception they asked for those who advertised. Not one, but many, did this. Some of them said they were struck by our article last week urging them to trade with advertisers, and that they intended to do so in future, and to do all they could to encourage enterprise. Several of these men not only had trading to do for themselves, but had trading to do for neighbors. Where one man may say what draws him to a certain store, there are dozens who say nothing, but the same influence draws them, just the same.

THE SENATE VOTES SEVENTY MILLIONS.

River and Harbor Bill Goes Without Hitch.

Washington, D. C., April 21.—Without a word of discussion of the merits of the measure, the Senate today passed the River and Harbor Bill, carrying in appropriations about \$70,000,000. So thoroughly had the bill been considered by the Commerce Committee that every Senator was content that it should pass as reported from the committee.

Neglect Means Danger.

Don't neglect biliousness and constipation. Your health will suffer permanently if you do. DeWitt's Little Early Risers cure such cases. M. B. Smith, Butternut, Mich., says: "DeWitt's Little Early Risers are the most satisfactory pills I ever took. never gripe or cause nausea."
