

SHYLOCK

Shylock was the man who wanted a pound of human flesh. There are many Shylocks now, the convalescent, the consumptive, the sickly child, the pale young woman, all want human flesh and they can get it—take Scott's Emulsion.

Scott's Emulsion is flesh and blood, bone and muscle. It feeds the nerves, strengthens the digestive organs and they feed the whole body.

For nearly thirty years Scott's Emulsion has been the great giver of human flesh.

We will send you a couple of ounces free.

A First-Class Show.

Our people enjoyed a rare Dramatic exhibition by home talent at the Opera House Tuesday night when The Plymouth Dramatic Company, under the management of Mr. Louis P. Hornthal, presented "Tony, the Convict."

Times are hard and it behooves us to economize. If your last year's suit is soiled don't cast it aside, but take it to Saml. Wiggins. He can, for little cost, dye them or clean and press them so they will look good as new, and you will save the cost of a new suit. Ladies' dresses dyed or renovated. He is also an expert in cleaning and upholstering furniture. Try him once and be convinced.

To the Citizens of Washington County.

I take this method of announcing myself a candidate for the office of Clerk Superior Court, assuring you that if elected I will endeavor to do my duty in the future, as I have tried to do in the past, and that the administration of my official duties shall not be repulsive to the minds of the most refined. To this end I request the efforts of my friends, and the suffrage of the people of my native county, all of which will be appreciated by your most humble servant,
W. M. BATEMAN.
