RUTS

The walking sick, what a crowd of them there are: Persons who are thin and weak but not sick enough to go to bed.

"Chronic cases" that's what the doctors call them, which in common English means—long sickness.

To stop the continued loss of flesh they need Scott's Emulsion. For the feeling of weakness they need Scott's Emulsion.

It makes new flesh and gives new life to the weak system.

Scott's Emulsion gets thin and weak persons out of the rut. It makes new, rich blood, strengthens the nerves and gives appetite for ordinary food.

Scott's Emulsion can be taken as long as sickness lasts and do good all the time.

There's new strength and flesh in every dose.

We will be glad to send you a few doses free.

To see that this picture in the form of a label is on the wrapper of every bottle of emulsion you buy.

Swain and others, to the court, I will sell for cash to the highest bidder, at the Court House door in Plymouth, on Monday, Feb 2nd, 1903, at 12 o'clock, the house and lot in Plymouth, N. C., in which said Ed. B. Norman now lives, adjoining the lands of Mrs. G. H. Harrison, of W. Norman and others. This Jan. 1, 1903. A. O. GLOCK, County.

Mr. Andrew Davenport has moved into his own home, on Third street.

The Graded School system is being talked here. By all means let us have it.

Farmers wanting tobacco seed can be supplied by applying to this office.

Dr. J. W. Speight, of Roper, called and handed us a dollar on Monday. Thanks.

Our venerable friend, the Rev. Luther Eborn, of Creswell, was in town this week.

We had a pleasant call last Saturday from Mr. W. H. Harrison of near Monticello.

Remember, a cross mark on the margin of your paper means that your subscription has expired.

If you have anything worth selling, be sure you have something to advertise. And it will pay you to do so.

We welcome "Johnnie" and "Beacon Girl" to our staff of correspondents this week. Try to send us a nice letter every week.

Have you seen that frame of beautiful pictures in the postoffice? They were taken by Baker, the photographer, of Edenton. If you want a nice picture it will pay you to visit his studio. Don't have half-headed work done.

Mrs. W. A. Forbes, after a pleasant visit to relatives here, has gone to Roper, where she is the guest of her brother, Mr. J. E. C. Johnston.

Miss Sadie Harrison, one of Washington county's most charming young ladies, has been visiting her cousin, Miss Meta Harrison, this week.

Mr. S. H. Newberry, of Williamson, has been spending the week at Hotel Roanoke, with her husband, who is located here this season.

Many readers of THE BEACON will be interested to learn that Mr. Louis F. Hornthal has concluded to add a Millinery Department to his already large Department store. This addition will make Mr. Hornthal's store one of the foremost in this section of country. Mr. Hornthal is a progressive, up-to-date merchant, and delights in keeping abreast of the times, and his patrons can be assured they will always find the best, and most fashionable, Millinery found in the northern markets.

We extend a hearty welcome to Mr. J. E. Hughes and family. Mr. Hughes was at one time a citizen of our town, but for several years has been living in Columbia.

Space forbids our giving the death of Rev. Henry Wrigate, who died in this town on Sunday last, any extended notice this week. More will be said next week.

No paper yet. However a second shipment was made on the 17th, which we trust will reach us in time for next week. But don't complain, as we heard one of our patrons doing last week. It is much worse for us than it is for you.

The peculiar cough which indicates croup, is usually well known to the mothers of croupy children. No time should be lost in the treatment of it, and for this purpose no medicine has received more universal approval than Chamberlain's Cough Remedy. Do not waste valuable time in experimenting with untried remedies, no matter how highly they may be recommended, but give this medicine as directed and all symptoms of croup will quickly disappear. For sale by all druggists.

At a meeting of the Board of Councilmen on Monday it was decided to ask the Legislature to extend the town limits. The extended limits proposed starts above Walker & Myers mills, runs south to the A. C. L. road, thence with the road to the river.

The trial of Jim Wilcox, at Hertford this week, for the murder of Miss Ella Cropsey, at E. City, more than a year ago, has ended. Wilcox gets 30 years in the pen. The verdict of second degree was rendered on account of any possible doubt as to his guilt.

We regret to note that Capt. Archie Turner, with his boat, the G. W. Pettitt, has been transferred from the Roanoke to the Chowan river. Capt. Turner is not only one of the best steamboat men, but he is one of the cleverest gentlemen in the service of the N. & S., and our people regret to see him leave us.

Advertising has become one of the most important features of any business. Towns with no papers are forming stock companies for that purpose, that their business men may have the means of publicity, which means the drawing of trade to those towns. Now, this town needs a better paper. For us to publish a better one and to do the job work of the town in a more neat and up-to-date manner, we need a larger and better plant. Can we not get the business men interested enough in this to join with us in getting such a plant as the town needs? It will be a good safe investment, and will be of more benefit to the town and county than many times the amount expended in any other way. Think the matter over and be us talk it up.

Please Remember This.

Nothing affords us more pleasure than to please our people, but when they take advantage of us they do us a serious wrong, and we can but resent it.

A little article was handed us last week, which we published as a personal favor, (any editor would have done the same) understanding it to be an innocent joke.

It seems, however, to be anything else.

Now such articles are a direct injury to us and our business, and we would thank you, when you wish to cast slurs or insults, to use some other means of doing so.

This is the first time we have ever been imposed upon in this manner. The second time we will not pass over it so lightly.

We wish to oblige you when possible, and thank you for all items of legitimate news, but such rot as this causes us to suffer much more than it does the ones you hit at.

Mysterious Circumstances.

One was pale and sallow and the other fresh and rosy. Whence the difference? she who is brushing with health uses Dr. King's New Life Pills to maintain it. By gently arousing the lazy organs they compel good digestion and head off constipation. Try them. Only 25c. at Spruill & Bro's.
