Subscription price, \$1.00 per year. Advertisements inserted at low rates.

The editor will not be responsible for the views of correspondents. All articles for publication must be accompanied by the full name of the writer.

THE ROANOKE BEACON, Plymouth, N. C.

ABOUT THE PROFESSIONS.

Why do most medical colleges and others adhere to the time-worn fallacy of teaching their graduates that it is unprofessional to advertise?

Some physicians have a fairly good way of getting out of the rut and still keeping in touch. They make it a point to accompany the city editor of every out of town visit, and actually go down in their pockets to have them mention the physician in charge, when a case of note turns up.

It sometimes occurs that the black sheep in medical circles (the man we do not care to serve in consultation with) knows of a pill that has pronounced merit for some particular ailment.

Among the professions of modern times we note which is the outgrowth of the science of optics. It is the most promising of any that has come from that field of research.

The "optometrist" is fully deserving of note by all who believe in advertising as a legitimate, honest, profitable means of creating and holding business.

In fact, wherever you find him he's telling the people something good and practical through the press, in booklets, cards, novelties, etc.

If you go to his office and have the unusual opportunity of finding him at leisure, you will find him in truly professional quarters with a look of success that is actually gratifying.

Dyspepsia or Indigestion.

The term "Dyspepsia" means a lack of pep in the stomach. Indigestion is rightly used when ever the food is not properly digested regardless of the cause.

Rheumatism is never known to those persons who take an occasional dose of Finches. The value of the remedy obtained from the Finches has long been recognized in the treatment of diseases of the muscles and kidneys.

Matrimony is a great institution; it makes a man forget his other troubles.

Croup is quickly relieved, and Whooping Cough will not "run its course" if you use the original Bee's Laxative Honey and Tar. This Cough Syrup is different from all others because it acts on the bowels.

It takes a genius to get 10 cents worth of satisfaction out of a 5-cent cigar.

You can't get Mac-Zan inside, right where the pain is. It is put up in collapsible tubes with special attachment for introducing it. Mac-Zan stops pain instantly and cures all kinds of band, bleeding, itching and protruding piles.

Some people are unable to distinguish between a surge and foolhardiness.

Got Off Cheap. He may well think, he has got off cheap, who after having contracted consumption or indigestion is still able to perfectly restore his health.

NORFOLK & SOUTHERN RAILROAD COMPANY.

IN EFFECT JULY 3rd, 1905.

S. J. BARCO.

Undertaker and Carriage Maker, Coffins, Caskets and Burial-cases of all styles, grades, sizes and prices.

Special attention given to orders from a distance. If it should be your misfortune to need anything in this line, call on me.

I have as nice a line of open and top vehicles as has ever been shown in this section. In work and price I defy competition.

S. J. BARCO, ROBER, N. C.

RYDALES TONIC

FOR THE BLOOD AND NERVES.

It purges the blood by eliminating the impurities and other impurities and by restoring the normal condition of the blood. It builds up the blood by restoring and purifying the red corpuscles, making the blood rich and red.

MALARIA.

RYDALES TONIC is a specific for all forms of Malaria. It acts on a new principle. It kills the malarial parasites that produce malaria.

FAITH SHATTERED.

A BRIDE OF DEATH.

Two Girls Who Left Home to Wed.

ONE IS NOW A SUICIDE

Both of the Men Concerned in the Cases Have Disappeared.

Miss Emma Sellers Comes for the Body of His Dead Child.

Dunn, N. C., Aug. 26.—After an unsuccessful attempt to commit suicide by taking poison last night, from which death was narrowly averted, Miss Emma Sellers succeeded in taking sufficient poison here this afternoon to cause death.

The deceased came here about three days ago from Whiteville, to meet one W. B. Floyd. About the same time Miss Rebecca Jackson, of Dillon, S. C., came to meet one A. Hinson, for the purpose, as she states, of marrying him.

The young men they came to meet are partners in the picture business, and they are said to hail from South Carolina. Miss Jackson states that her father objected to Hinson calling on her, and that she came here in response to a letter of Hinson's to marry him.

It is now reported that both of the girls were deceived, and that the two picture vendors have disappeared. Both girls are said to be of good families.

Miss Sellers' father has been advised and will reach here tonight.—News and Observer.

The "Lazy" Malaria.

A learned Professor claims to have discovered that "Laziness" is caused by a germ. If the Eminent Doctor is right, Rydale's Liver Tablets can rightly be termed Microbe Killers, because they always remove that tired lazy sluggish feeling that has usually been attributed to a torpid liver.

Moral cuisine is all right in its way, but there are times when it should be backed up with a shotgun.

It is difficult to cure a cough or free yourself from the discomforts of a cold unless you move the bowels. Bee's Laxative Honey and Tar acts on the bowels and drives all cold out of the system.

BRICK, BRICK, BRICK!

Having installed the latest improved machinery for the manufacture of brick, I am now prepared to furnish building brick in large or small lots, at moderate prices.

Those intending to build should write for samples and prices before placing their orders elsewhere.

Transportation is good, my kilns being directly at the junction of the A. C. L. and N. & S. Railroads.

D. O. BRINKLEY, Plymouth, N. C.
