"SAVED MY LIFE"

—That's what a prominent druggist said of Scott's Emulsion a short time ago. As a rule we don't use or refer to testimonials in addressing the public, but the above remark and similar expressions are made so often in connection with Scott's Emulsion that they are worthy of occasional note. From infancy to old age Scott's Emulsion offers a reliable means of remedying improper and weak development, restoring lost flesh and vitality, and repairing waste. The action of Scott's Emulsion is no more of a secret than the composition of the Emulsion itself. What it does it does through nourishment—the kind of nourishment that cannot be obtained in ordinary food. No system is too weak or delicate to retain Scott's Emulsion and gather good from it.

We will send you a sample free.
 Please send this card in the form of a label on the wrapper of every bottle of Emulsion you buy.

When cotton was 7 and 8 cents the farmers held for 10, and when it reached 10 they held for 20. And so it goes. We only hope it may not be a subject for regret.

Our farmers should attend the meeting at Roper next Friday. Organization, though still imperfect, has lifted the farmer from the lowest to one of the highest rounds of prosperity.

Having decided to devote my entire time to shoeing horses, repairing guns, driving pumps, etc., I respectfully solicit the patronage of any one needing my services in these lines. **R. W. BATEMAN.**

Some few have paid their subscription this week, for which we return thanks. We shall wait another week before sending out bills, as it is something we hate to do, and which we put off until circumstances drives us to it.

We have found that giving Almanacs is not properly appreciated, and does us but little, if any good. However, as we have begun the practice, all new subscribers, and old ones paying up between now and Christmas, will be given a Turner's N. C. Almanac for 1906.

When you want a pleasant physic try Chamberlain's Stomach and Liver Tablets. They are easy to take and produce no griping or other unpleasant effect. Sold by all druggists.

Sabbath Breaking.

It is contrary to the laws of God and man to work on the Sabbath, yet the railroads are kept busy, and some of our mills take that day to make changes and repairs. It is as unlawful and sinful to work one man as a hundred, so why not make full time? Or, why arrest one man for selling a cigar or glass of beer to the poor devil at work in the machine shop or cleaning boilers, while his employer, being rich, goes free? Whiskey is out of the way; now let our good people strike at Sabbath breaking. There is a direct command against the latter.

Call for Meeting of Washington County Farmers' Institute Committee.

The Washington County Farmers' Institute Committee is hereby called to meet at Roper, Friday, December first, 1905, at twelve o'clock, M. The object of this meeting is to decide if it is desirable to hold a Farmers' Institute in this county during January, 1906, and if so, to select a place for such meeting. Also to choose two practical farmers to deliver short addresses on local conditions, and to take such other steps as may be regarded necessary to the success of the Institute.

The following is the committee appointed by the last Institute: Mr. W. S. Davenport, Mackey's Ferry, N. C.; Messrs. W. T. Freeman and Clarence Latham, Plymouth, N. C.; Mr. E. R. Spruill, Skippersville, N. C.; Messrs. W. T. Hopkins and J. F. Davenport, Cherry, N. C.; Thos. W. Blount, Roper, N. C.

A full meeting of the committee is earnestly requested.

To Our Subscribers.

DEAR FRIENDS: We place a cross mark on the margin, or wrapper, of your paper this week, if your subscription has expired. If you find it on yours please take it as an invitation to pay up or renew as the case may be.

We have given you the very best paper its patronage will justify, and are not able to lose a single cent of what is due us, or spend much in its collection—nor do we think you will allow us to do so, intentionally. But we are now needing funds very badly, and trust you will make an effort to relieve us. None of you owe very much, but the many litters are our dependence.

Cash in advance is newspaper rule everywhere, as a publisher must spend money every week to keep the paper going, and if not paid in advance the cash must come from his own pocket, which means that he is lending you his money every week.

Another rule with local papers is to keep the paper going to your address until ordered discontinued, and all arrears are paid. The law protects us in this and if it did not we would be compelled to do so anyway, for almost without an exception, a man gets mad if we stop his paper, taking it that we doubted his honesty and was afraid to trust him.

We give the above facts that you may fully understand the position we are in, and understanding this, we feel sure you will do your part toward your county paper and its editor.
