GOOD NEWS FOR PLYMOUTH.

Science at Last Discovers a Real Cure For Rheumatism.

After years of experiment a new scientific remedy has been found that not only relieves, but absolutely cures Rheumatism and kindred diseases to stay cured. Rheumatism is caused by an excess of poisonous acids in the blood. The new discovery RHEUMACIDE, though purely vegetable, and acting through nature's channels, neutralizes these acids and sweeps all poisons and harmful germs out of the blood. At the same time it tones up the stomach and regulates the liver and kidneys.

RHEUMACIDE therefore, cures the disease permanently, because it removes the cause. It has cured hundreds of cases after the most noted doctors and hospitals have failed. RHEUMACIDE cured James Wilkes of Dillon, S. C., after he had been held in bed by rheumatism for three years and his feet were drawn up almost to his back. This is only one of the many marvelous cures RHEUMACIDE has already performed. RHEUMACIDE is curing many cases of Rheumatism, Sciatica, lumbago, gout, kidney trouble, indigestion and constipation, right in this community today.

Because it has cured so many others we believe it will cure you. All the leading druggists in this place sell and recommend RHEUMACIDE.

CURES AFTER THE DOCTORS HAVE FAILED.

RHEUMACIDE has cured thousands of cases of Rheumatism after all the doctors and all other means had failed. Rheumacide cured John F. Eline and others, of Baltimore, after the famous specialists of Johns Hopkins Hospital, the greatest hospital in the world, had failed. Rheumacide cured Austin Percelle, of Salem, Va., and D. H. Olmstead, the Norfolk, Va., contractor, after they had spent large sums on other remedies and the doctors had given up hope. Rheumacide cured Mrs. Mary Weiborn, of High Point, N. C., of rheumatism she had endured for 20 years. Rheumacide cured W. F. Hughes, of Atkins, Va., after the most famous New York specialists failed. There is a reason why it cures: Rheumacide is the latest discovery of medical science, and while powerful enough to sweep all germs and poisons out of the blood, it operates by purely natural methods, does not injure the most delicate stomach, and builds up the entire system.

Almost a Miracle in This Case.
Dillon, S. C., Aug. 18.
Robbitt Chemical Company.
Gentlemen:—In September, 1899, I took rheumatism in a very bad form (inflammatory). In a month after the disease started I had to give up my work and go to bed. It continued to grow worse until my arms and hands were badly drawn so much so that I could not use them. My legs were drawn back till my feet touched my hips. I was as helpless as a baby for nearly 12 months. The muscles of my arms and legs were hard and shrank up. I suffered death many times over. Was treated by six different physicians in McGill, Dillon and Marion, but none of them could do me any good, until Dr. P. E. Davenport of Dillon came to see me. He told me to try your RHEUMACIDE. He got me one bottle of the medicine and I began to take it, and before the first bottle was used up, I began to get better. I used 55 bottles and was completely cured. That was years ago and my health has been excellent ever since. Have had no symptoms of rheumatism. Will say further that I began to walk in about six days after I began to take RHEUMACIDE with the aid of crutches. In about three months after I began to take it, I could walk as good as anybody, and went back to work again.
Yours truly,
JAMES WILKES.
