The grist mill and feed store being erected by Mr. Macon Norman is very rapidly nearing completion. This is an enterprise that has been needed here for some time, and we predict for Mr. Norman the success that is sure to come to him through this venture.

An editor works 365 days in a year to get out 52 issues of a paper, that's labor. Once in a while a subscriber pays a year in advance for his paper, that's capital. And once in a while some son-of-a-sea-cock of a dead beat takes his paper for two of three years and then skips out without paying for it, that's anarchy.

Mr. Clarence Latham who has been suffering for some time from attacks of kidney cholic, left yesterday for Sarah Leigh Hospital, Norfolk, Va., to be treated and possibly operated upon. He was accompanied by Dr. W. H. Ward and Mrs. Latham. Our entire people earnestly wish for Mr. Latham speedy and complete recovery.

Killed in Saw Mill.

Henry Hyman, a young colored man, at work in the mills of the Plymouth Lumber Co., got his clothing caught on a shaft on Tuesday and was so badly broken up that he died from his injuries on Wednesday.

Wood's Catalogue.

We have received the new Descriptive Annual Catalogue for 1913, from T. W. Wood & sons, seedsmen of Richmond, Va., whose ad appears regularly each season in these columns. This catalogue is even better than those heretofore published and we would advise you to send for it. As seedsmen the Woods are recognized authorities for the South, they know and sell just what will succeed in this section. Get your seed from Wood, and you get the best to be had.

A Silent Drummer.

Did you ever think what your ad in the newspaper is doing for you? When you close your store in the evening and go home to your family and fireside, not thinking about your business at all, then it is that the paper is being pored over in hundreds of homes—the homes from which your trade is drawn. And there is your ad doing its work silently, but surely, and if you have taken the pains to make it attractive its work will be all the more attractive. This is repeated over and over again, and is no doubt what inspired some writer to call newspaper advertising a "silent drummer."

Fythian Banquet.

On last Monday evening the knights of Pythias celebrated the 49th anniversary of the order and despite the cold wave and otherwise disagreeable weather which suddenly came upon us, something over 230 guests were present and we are sure all present left feeling amply repaid for defying the weather condition.

At 8:00 o'clock the service began in the Castle Hall, being called to order by the Chancellor Commander, and after prayer by the private the introductory story of Damon and Pythias was repeated, being illustrated by lantern slides. At the conclusion of this Rev. L. W. Blackwelder made a most excellent address lasting about one hour, in which he gave a brief history of the order, its origin and its purposes. This address was followed by a short, humorous talk by Mr. D. S. Jones. Both talks were highly entertaining and we are sure will bear good fruit.

Supper was announced at 10:00 o'clock and all repaired to the Armory of the Naval Reserves when ice cream,—made in blocks showing the Pythian colors, blue yellow and red,—was served with cake and fruit punch in greatest abundance.

The members of the Lodge are most grateful to those ladies who really made the supper the perfect success it was, for their cooperation and valuable services.
