The message reads: "For the sake of universal peace and the progress of humanity which are the ideals of Buddhism, we in paying homage to the president, earnestly wish for the development of a friendship between Japan and the United States based on liberty and justice with the exclusion of religious and racial prejudice. Three thousand Buddhists were present. M. Oishi, leader of the Progressive party, declared only by war could Japan obtain a solution of the California land question.

Was Not a Millionaire.

Berlin.-An authoritative denial was issued recently of published statements that the late August Bebel, Socialist leader, was a millionaire. His estate is valued at about \$100,000, of which he bequeathed \$5,-000 to the Social Democratic party and \$2,500 to the labor press. It had been reported that he left half of his estate to the party. An accusation that Bebel was a tax dodger and had invested his property abroad in order to escape German assessments is also

Expect Rate Decisions October 20. Washington.-Important rate declclons are expected from the supreme court in its first decision day, October 20, although the court has giver no indictations of its intentions. Justice Hughes is expected to clear ui the so-called state rate cases by announcing a decision in the Kentuckt rate case, involving rates on distiller; supplies from Obio River cities to distillery centers in Kentucky. It also involves the validity of the McChord Act, enabling the state railroad com-

EHRLICH'S SEARCH FOR CURE-ALL

The panacea, or drug that will cure all diseases, was the dream of the ancient student of medicine. It has not yet been found, nor is it likely to be; yet there is at least one great medical authority who expects to discover it for one particular class of diseases-namely, those caused by bacterial infection. There is nothing illogical in the idea of a substance that is fatal to all bacterial organisms. Indeed, such substances are already known, but unfortunately those with which most people are familiar will kill the patient as well. In an address before the recent international congress of medicine in London, Prof. Paul Ehrlich, famous as the discoverer of salvarsan, announced his hope of obtaining what he calls a "complete radical cure" of all infective diseases. A report in the Hospital (London, August 16) says:

"Many people associate Ehrlich

simply with the much-talked-of salvarsan, his sensational discovery of three years ago; and, outside bacteriological circles, this is perhaps his chief title to fame. It is well to realize, however, that Ehrlich is a man of most exceptional genius, whose bold speculations and imaginative theories have been the outstanding features of bacteriological progress any time this last 12 or 14 years.

"It will not be surprising if by the time of the next international congress in London, Ehrlich's name has been promoted to the company of the immortals-Lister, Pasteur, and the rest. As a matter of interest we may note that the professor is nearly sixty; so that if he lives to see that congress, and if it meets in London after a similar interval of time to that which elapsed between this just concluded one and its predecessor, he will be well over ninety years of age. We wish him length of years to visit us again when that time comes. Prosit!"

GAMBOA NAMED FOR PRESIDENT

Federico Gamboa, minister of foreign affairs, nominated for the presidency by the Catholic party convention, and Gen. Eugenie Rascon, named for the vice-presidency, have accepted the nominations. Gamboa in accepting the candidacy pointed to his record as a diplomat and the absence of affiliations with any party.

He tendered his resignation as minister of foreign affairs, but General Huerta has not yet accepted it. Senor Gamboa said he would not be surprised if General Huerta should prefer to continue him in his present post until the elections, there being nothing in the laws, he said, to prevent such a course

Meantime Gen. Felix Diaz has been recalled by Senor Gamboa to return to Mexico City. The military mission of General Diaz in France is ended and he is at the disposition of the foreign office.

The efforts of the Catholic party, it is said, have been directed at the selection of men who would be acceptable to the United States. The choice fell upon Senor Gamboa, for the reason that he has not been prominently identified with any political party, while it is believed that he will have the confidence of Liberals, as well as Catholics.

A FOOD DRINK Which Brings Daily Enjoyment.

A lady doctor writes: "Though busy hourly with my own affairs, I will not deny myself the pleasure of taking a few minutes to tell of my enjoyment daily obtained from my morning cup of Postum. It is a food beverage, not an irritant like coffee.

the day.
"On advice of a friend, I first tried Postum, making it carefully as suggested on the package. As I had always used 'cream and no sugar.' mixed my Postum so. It looked good, was clear and fragrant, and it was a pleasure to see the cream color it as my Kentucky friend wanted her coffee to look-'like a new saddle.'

"Then I tasted it critically, for I had tried many 'substitutes' for coffee. I was pleased, yes, satisfied with my Postum in taste and effect, and am yet, being a constant user of it all these years. I continually assure my friends and acquaintances that they will like it in place of coffee, and receive benefit from its use. I have gained weight, can sleep and am not nervous."

NEW MINISTER TO NORWAY

Albert G. Schmedeman of Madison, Wis., was recently appointed United States minister to Norway. The salary is \$10,000 a year. Mr. Schmedeman succeeds Lauritz Swenson of Minnesota, who served as

minister to Denmark and Switzerland before going to Norway. The appointment is for four years. In view of the centennial celebration next year of Norwegian independence and which will draw thousands of Americans to Norway the post which Mr. Schmedeman will fill will be one of much importance and interest to Americans. Mr. Schmedeman was born and

reared in Madison, where the Schmedeman family has long been prominent in business, civic and social activities. He is the senior member of the clothing firm of Schmedeman and Baillie. In 1910 he was the Democratic candidate for congress from this district. He has also served as treasurer of the Democratic state

central committee and for many years was a member of the committee. In the preliminary campaign for the Democratic presidential nomination a year ago he was an active supporter of Governor Wilson for the nomination. Mr. Schmedeman's selection for a diplomatic post is regarded by his

friends as a most wise and happy one. Mr. and Mrs. Schmedeman have two children, a daughter of fifteen and a son of twelve.

WHY O'HAIR DID NOT VOTE

Ill'nois, Democratic successor to "Uncle Joe" Cannon, is one of the members of the house who did not vote on the administration currency bill. But he thinks he has a good excuse. O'Hair was out in his district looking after his political fences a bit and rounding up some personal matters. He planned to leave for Washington in ample time to vote for the currency bill. The day before he had planned to leave, however, he decided to make some cider. Not having tasted any real cider fresh from the press for many moons, he drank coplously thereof. The same day he went on a jaunt into the country with a couple of friends and devoured a lot of juicy plums. About two o'clock the following morning he was awakened by a terrific pain in the region of his solar plexus-the kind of pain that the average small boy knows all about He thought he was going to
