Old Master's Work.

Mrs. Parvenue—"That picture in the corner is by an old master." Mrs. Swartleigh—"Indeed! I would never have guessed it." Mrs. Parvenue—"Yes, the man I bought it from gave me a written guaranty that the painter was past seventy-five before he died a stroke on it."

But Never to Our Shekels.

"What is your definition of 'filthy lucre'?" "That's a derogatory term applied to other people's money."—Baltimore Sun.

Wingless Victory.

Aunt Dinah was a colored saint in Charleston, who could shout above the entire congregation. It was the custom during the collection to sing "Fly abroad, thou mighty Gospel," and Aunt Dinah always threw back her head, shut her eyes, and sang away lustily till the plate was returned to the altar.

Deacon Alphonius Green, noting this, stopped when he reached her pew one Sunday, and said:

"Look-a-heah, Dinah! What use you a-singing 'Fly abroad, thou mighty Gospel' if you ain't give nothin' to make her fly?"

Double Work.

"Why is it that a man won't wash his face with a washcloth?" demanded Mrs. Wombat. "Men haven't time for all that foolishness," said Mr. Wombat. "First you have to wash your face and then you have to wash the washcloth."—Louisville Courier-Journal.

Why?

Alden has reached the "Why" age. It isn't always easy to answer the whys. One day he lay on the floor with his eyes shut.

"Am I asleep, mother?" he asked. "You know you aren't," said his mother.

"Well, I'm lying down; my eyes are shut, why ain't I asleep?"

No. SIX-SIXTY-SIX

This is a prescription prepared especially for Malaria or Chills and Fever. Five or six doses will break any case, and if taken then as a tonic the fever will not return. 25c.—Adv.

Laughter Aids Digestion.

Laughter is a most healthful exertion; it is one of the greatest helps to digestion with which I am acquainted; and the custom prevalent among our forefathers, of exciting it at table by jesters and buffoons, was founded on true medical principles.—Hufeland.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy. Adv.

Too Much for Him.

A colored porter for a local druggist was told to go to another pharmacy to get some cimifuga rasismoses. He stood, open-mouthed, and gazed at his "boss," then asked: "Ain't thar any other name for dat?"

THE KITCHEN CABINET

We grow like what we eat, bad food depresses; good food exalts us like an inspiration.

The seat of courage is the stomach.

HOUSEKEEPING HINTS.

A most delicious sandwich butter is made by creaming half a pound of butter and then adding a half cupful of whipped cream, a seasoning of mustard, salt and a dash of cayenne. This butter is used to spread on the bread, and is sufficient for filling as well.

Marzipan.—This is a most delicious confection made of almond paste or powder. Blanch a pound of Jordan almonds in a mortar or use a chopping bowl and a wooden potato masher if a mortar is not at hand. Mix when the almonds are fine with equal parts of confectioner's sugar, moisten with orange juice and mold in any desired shape. The most natural looking fruit may be made of this marzipan, which is tinted to resemble the different fruits. After the paste is molded it is baked and then tinted.

Egg-Plant With Nuts.—Put a good sized egg-plant into boiling water and cook ten minutes, then cut in halves and scoop out the center, leaving a wall an inch thick. Chop that taken from the center and mix with four tablespoonfuls of bread crumbs, 12 chopped almonds or half a cupful of peanuts. Season with salt and pepper and fill the shells. Stand this in a baking pan, cover with greased paper and cook slowly in the oven until soft and dark. Dish carefully without breaking.

Rhubarb.—This is the time when rhubarb is plentiful and it should be canned and put on the fruit shelves for the wintertime. Canned in sterile jars after cutting in small pieces, the rhubarb need not be cooked. Put the jar, packed as full as possible, under the cold water tap, and let the water run to overflow the jar, then seal and keep in a cool place. The rhubarb will keep and be ready for any kind of dish, from pies to puddings.

An effort is pleasing in proportion as it is attained by little effort and simple means.

Life is but a succession of opportunities. They are good or evil as we make them.—Jordan.

SOME FISH DISHES.

Fish is a food which is easily digested and is good for indoor workers on that account.

Halibut Steak.—Make a rich sauce of tomatoes thickened with flour and butter cooked together, a chopped green pepper and a slice of onion cooked to season, for 15 minutes. Lay the halibut in a little oil and vinegar, and let stand for an hour. Lay the fish on the rack in the roaster, pour the sauce over it, cover and bake 12 minutes. Sift Parmesan cheese over the fish and cook five minutes longer. Serve upon a hot dish, pouring the sauce over it.

Sour cucumber pickles cut in bits and added to a white sauce is a good sauce to serve with fish.

Curry of Salmon.—Open a can of salmon two hours before using and remove all the bits of bone and skin. Fry a minced onion in two tablespoonfuls of olive oil and then add a tablespoonful of flour mixed with a tablespoonful of curry, and when well blended a cupful of boiling water. Season and stir for a moment, then turn in the salmon. When hot serve with lemon.

Salmon Loaf.—Flake cold boiled salmon and moisten with a half cupful of cream, the same amount of milk and two beaten eggs. Stir in a quarter of a cupful of fine breadcrumbs, the juice of half a lemon, a tablespoonful of butter, salt and pepper to taste, and a spoonful of minced parsley. Mix well and turn into a well greased pudding dish and bake for three-quarters of an hour, then turn out on a platter. Serve with a fine sauce.

Fish Bisque.—Pick up and free from bones, any fish, baked, broiled or boiled, pour over it a pint of oyster liquor, and butter, pepper and salt, and put over the fire, stir in a cupful of bread crumbs soaked in milk, simmer for three minutes and serve. Bearnaise sauce to serve with fish is one well liked. Beat the yolks of two eggs, stir in a few drops at a time, three tablespoonfuls of oil, cook over water, add three tablespoonfuls of boiling water, a tablespoonful of lemon juice, a dash of salt and cayenne.

Invidious Distinction. A gentleman one day approached the hosiery counter and asked: "Let me see some ladies' hosiery." The floorman was astonished to hear the clerk reply: "Do you want it for your wife or something more expensive?"

Profitable Side Dressing

The use of side dressing is increasing on COTTON and CORN

It pays to do it, if one uses the right goods.

Two applications of 200 pounds each per acre are recommended by a well-known Southern investigator and experimenter. He suggests a 5-5-5 formula, or a mixture of equal parts of Acid Phosphate, Kainit and Nitrate of Soda.

KAINIT

Side dress cotton when the plants are 10 inches high and again when the bloom begins to open. Where cotton is inclined to rust, use Kainit, making two applications of 200 pounds each per acre. This is also effective against root lice and cut worms on corn, if applied early enough. It will pay you to try it, for Potash Pays.

Order Kainit now before the supply is exhausted. We sell Kainit and Potash Salts, any quantity from one 200-lb. bag up.
