

SEVENTH DIVISION VOTES FOR WILSON

TROOPS ON BORDER GIVE PRESIDENT MAJORITY OF ONE HUNDRED AND NINE.

COMPANIES ARE COMPLETED

Machine Gun Company of Second Regiment Completed—Third Completes Supply Company.—Trying to Keep Liquor Out.

Camp Stewart, El Paso, Texas.—Counting votes of the North Carolina brigade, the seventh division returns a majority for Wilson of one hundred and nine. The Wilson vote was surprisingly large in the Pennsylvania outfit.

The football team of the First Regiment will play the Fifth Ohio Sunday afternoon at Camp Stewart.

Private E. M. Jarvis, Washington, accidentally shot Monday night while on guard, is resting well at the base hospital at Fort Bliss. Surgeons removed several pieces of bones from Jarvis's left arm and are of the opinion that amputation will not be necessary.

J. Y. JOYNER
Re-elected Supt. of Education.

Third Regiment Best Behaved.
The first month in Texas has been passed and the records of arrests show that the boys were much better boys at Camp Glenn than they have been here. The Second Regiment leads in arrests for the month with 34. The First Regiment is a close second with 33, while the Third qualifies as the best behaved regiment in camp with 22 arrests. The most of these were for drunkenness.

O. MAX GARDNER
Newly Elected Lieutenant Governor.

W. A. GRAHAM
Re-elected as Commissioner of Agriculture.

W. P. WOOD
Re-elected as State Auditor.

General Young, commanding his own brigade, two regiments of the Third Pennsylvania, two squadrons of Pennsylvania artillery and one battalion signal troop, was given the problem of warding off much larger forces, including field artillery, and getting away with wagon trains which he was supposed to have captured containing large amounts of money.

General Young's force numbered slightly more than five thousand and the opening force commanded by General Logan of the Second Pennsylvania brigade, numbered about eight thousand. General Logan's cavalry outfit numbered General Young's two to one and included the eight regiments of regulars. The wagon trains, both from the North Carolina brigade, were never in danger.

Colonel Gardner, with the First Regiment, formed the advance guard. Colonel Rodman followed and the fast cavalry of the enemy could not find a single gap in the line they maintained.

Skirmishing parties were thrown back repeatedly. It remained, however, for Colonel Minor and his regiment, the Third, to capture the enemy's entire cavalry outfit. By a piece of the finest strategy he concealed his regiment in the mesquite and the regulars, checked in a split-second charge, were agape with astonishment.

DEMOCRATS LEAD BY OVER 50,000

PRACTICALLY OFFICIAL RETURNS FROM NEARLY EVERY COUNTY.

AMENDMENTS ALL CARRY

Both Weaver, Democrat, and Britt, Republican, Claiming Election in The Tenth District.

Raleigh.—Having heard definitely from the vote in nearly all of the state the estimated plurality has been amended and it is practically sure that the Democrats will lead in North Carolina by over 50,000. Eighty-two counties heard from give the

THOMAS W. BICKETT
Governor-Elect of North Carolina.

ZEBULON WEAVER
Democratic Candidate in Tenth District. Both Mr. Weaver and J. J. Britt, Republican, are claiming the Election in this District.

Democrats a plurality of 49,211. Twelve counties in the lot went Republican, and seventy Democratic.

Although the vote for the constitutional amendments was exceedingly and disappointingly light to their adherents, nevertheless the apparent absence of determined effort to defeat the amendments gives hope that they have carried. Mr. W. S. Wilson, who has actively championed the four continues optimistic. The fact that only one county thus far has reported defeat of the amendments leads him to believe that although the vote will be inconsequential compared to the Democratic vote, yet it will be sufficient.

Both Congressman Britt, Republican, and State Senator Zeb Weaver, his Democratic opponent, continued to claim election to Congress in the Tenth district and that it will undoubtedly take an official count to decide.

From all indications, the Democratic majority will be the greatest since 1900 when Aycock swept Spencer B. Adams off his feet by 58,987. In 1904 Robert B. Glenn defeated Charles J. Harris by 49,256. Governor W. W. Kitchin's majority in 1905 was 49,256, while Governor Locke Craig carried the state in 1912 by 45,436.

INAUGURATE AT A & M FEB. 22

Elaborate Ceremonies Planned to Celebrate Inauguration of Prof. W. C. Riddick—Many Speakers.

West Raleigh.—February 22 has been set as the date for the inauguration of Prof. W. C. Riddick as president of the North Carolina College of Agriculture and Mechanic Arts, at a meeting of the faculty committee on arrangements, held for a discussion of a tentative program and speakers for the occasion.

One of the principal reasons for selecting this date was that being a holiday, more of the alumni and friends of the college would be able to leave their business to come back and pay their respects to the new executive.

The board of trustees has made a suitable appropriation to make the occasion an elaborate one and has appointed a committee on arrangements composed of Prof. W. A. Withers, chairman; Prof. J. W. Harrelson and Prof. C. L. Newman. Alumni Secretary Buxton White was selected as its secretary.

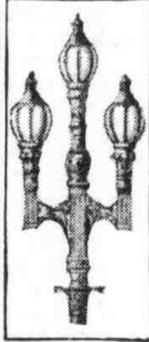

While the various speakers were not fully decided upon or all details mapped out, it is assured that there will be a distinguished delegation of technical and academic men to represent the institutions and societies of learning throughout the country making the occasion one of much dignity. Capt. H. H. Broadhurst, commandant of the cadet corps, was named as chief marshal and will have charge of the arrangements for the academic procession and the seating at the exercises.

HOME TOWN HELPS

RECOGNIZE VALUE OF LIGHT

What San Francisco Authorities Are Doing, Smaller Towns Might Copy in a Measure.

Both sides of a very busy section of San Francisco's chief business street are to be adorned with new ornamental lights, supported on standards 30 feet high. These metal posts have been designed by the chief of illumination of the Panama-Pacific exposition and are tastefully embellished at the top and base. Each post supports three lamps, one in the center and two somewhat lower on the arms that project at right angles from the upright; the three have a combined lighting capacity of 4,500 candle power. The average distance between the posts will be 100 feet, so that the whole street will be flooded with light. The upper lamps will be on a separate circuit and will be turned on all night; the annual cost, which is estimated at \$12,500, will be borne by the city; the lower lights on each standard will burn until midnight and their cost per year, which will be approximately \$20,000, will be borne jointly by the merchants, property owners, and the street-car company. The lamps will extend up Market street from the Ferry building, 13 blocks on one side of the street and 15 blocks on the other. Merchants expect to benefit by the improvement. —Popular Mechanics Magazine.

The time will come, says a New Jersey society that is devoted to the advocacy of roadside planting, when trees will line both sides of our rural roads. That is an optimistic observation, but there is probably a good deal of truth back of it. The farmer everywhere is undoubtedly beginning to show greater pride and interest in the appearance of his place. The city resident's invasion and the consequent establishment of "summer homes" and "country estates" has set a new standard in many communities.

PLANT TREES ALONG ROADS

Their Value in the Hot, Blistering Days of Summer Can Hardly Be Overestimated.

It requires little imagination to fancy how quickly a sunny, blistering hot, dusty road could be transformed if the farmer whose property abuts on it along a stretch of two or three miles would all agree to line it with saplings this fall. The work could be done in a few days when little else about the farm requires attention. The improvement would bespeak a spirit of progress and enterprise and, in a few years' time, would benefit the planter far more than it would benefit the casual tourist. It would go far toward subduing dust and it would make the trip of the farmer and the farmer's family, to and from his home, much more comfortable and much pleasanter. It would be, in short, a splendid investment.

Tear Down Wooden Fences.

Get rid of the wooden fences and you will help get rid of rats, flies and mosquitoes. So says Dr. John D. Blake, health commissioner of Baltimore. Doctor Blake believes that much disease and sickness is brought about by the wooden fence. "First of all the wooden fence is an obstruction to proper supervision of the premises by the police," the commissioner said. "The presence of rubbish, stagnant pools and other insanitary conditions in yards cannot be detected by the police or health officials as long as they are hidden by wooden fences. The back fence is an excellent hiding place for burglars and tramps at night. If a burglar manages to jump the fence he can take his time getting into the house. There is no need for him to hurry, as the fence keeps anyone from seeing him. The wooden fence prevents the proper circulation of air. Persons living in houses surrounded by high wooden fences do not get the real benefits of pure, fresh air. This is detrimental to the health. "Rats, flies and mosquitoes carry germs and spread disease. To do away with disease we must exterminate these. The dilapidated wooden fence attracts bugs of all descriptions. Rats gnaw at the wood and dig holes under and around it. These holes become filled with water and in time are excellent breeding places for flies and mosquitoes. "The fact that the wooden fence hides all this dirt and filth is a powerful argument why it should be done away with. What woman would allow dirt, garbage and other refuse matter to collect in her back yard if she thought her neighbors saw it? Everybody has more or less pride, and if each back yard was thrown into the view of the neighborhood efficient would be greatly improved."

Money Spent By Candidates.

Special from Washington.—Expenditures of North Carolina candidates for Congress are shown as follows in reports filed with the clerk of the house 10 days before election.

First District—Leslie E. Jones, Republican, none; John H. Small, Democrat, \$235.

Second—W. O. Dixon, Republican, none; Claude Kitchin, Democrat \$145.

Third District—Geo. Hood, Democrat, \$185.

Fourth District—Joseph J. Jenkins, Republican, none; E. W. Pou, Democrat, \$620.

Fifth District—Chas. M. Stedman, Democrat, \$1,801.49; Gilliam Grison, Republican, none.

Sixth District—H. L. Godwin, Democrat, \$326.67.

Seventh District—L. D. Robinson, Democrat, \$450; Presley E. Brown, Republican, \$5.

Eighth District—R. L. Doughton, Democrat, \$150; H. Sinclair Williams, Republican, \$150.

Ninth District—Charles E. Greene, Republican, \$3,125.36; E. Y. Webb, Democrat, \$410.

Tenth District—James J. Britt, Republican, \$3,055.37; Zebulon Weaver, Democrat, \$363.99.

NORTH CAROLINA NEWS BRIEFS.

The reclamation of 9,000 or more acres in the vicinity of Bayboro, Pamlico county, by a local drainage company, now in progress, will turn over a big part of a township to colonization by the plan of the promoters.

A. & M. will soon be the proud possessor of a nucleus of what will eventually be one of the finest athletic stadiums in the south. Already one section has been completed, this being left by the members of the class of 1916.

Much interest is now being manifested in the development of Hyde county and the prospect for opening that section through railroad transportation. There appears to be a general sentiment that it will not be long before work on the railroad will begin. Arbor Day was fittingly observed at Lenoir at the graded school building with exercises appropriate for the occasion. The main feature of which was an excellent address by El Murray Bruner, of the United States Forestry Service, who has charge of the National Forest Reserve in this section of the state.

In Doubt.
"You had a narrow escape from the sharks this summer."
"Yes," replied Mr. Meekton.
"Your wife must have been very grateful to the lifeguard who rescued you."
"I hope so. I saw her talking to him. But I'm not sure whether she was thanking him or scolding him for butting in."

Acid Stomach, Heartburn and Nausea quickly disappear with the use of Wright's Indian Vegetable Pills. Send for trial box to 372 Pearl St., New York. Adv.

Compulsory education—most of the things we learn from experience.

A woman's idea of a secret is something worth telling.

Sam—"What's the matter, Father, you look as though you wasn't enjoying your grub?"
Father—"I'm enjoying it well enough only I'm thinking how I got to suffer with my dyspepsia afterwards. Get while, but I'd give a farm if I could turn myself loose and eat every god-darned thing I want, same as other folks do."
Poor old chap didn't know about the great remedy

Green's
August Flower
A blessing to those with weak stomachs, constipation, nervous indigestion and similar disorders. When the stomach and bowels are in working order general good health prevails. When not in working order, use Green's August Flower. 25c. and 75c. at all Druggists.

Don't Persecute Your Bowels

Cut out cathartics and purgatives. They are brutal, harsh, unnecessary. Try **CARTER'S LITTLE LIVER PILLS**. Purely vegetable. Act gently on the liver, eliminate bile, and soothe the delicate membrane of the bowel. Cure Constipation, Bilelessness, Sick Headache and Indigestion, as millions know. SMALL PILL, SMALL DOSE, SMALL PRICE. Genuine must bear Signature.

RHEUMATISM

is completely washed out of the system by ten grains (three weeks) of the celebrated Shivar Mineral Water, costing only two dollars. Tastes fine; positively guaranteed by money back, on return of the two loaned carboys, should you report "no benefit." Mention your express office Address. Shivar Spring, Box 42, Shelton, S.C.

Every Woman Wants

Paxtine
ANTISEPTIC POWDER
FOR PERSONAL HYGIENE
Dissolved in water for douches stops pelvic catarrh, ulceration and inflammation. Recommended by Lydia E. Pinkham Med. Co. for ten years. A healing wonder for nasal catarrh, sore throat and sore eyes. Economical. Has extraordinary cleansing and germicidal power. Sample Free. 50c. all druggists, or mailed by mail. The Paxton Toilet Company, Boston, Mass.

ECZEMA!

"Hunt's Cure" is guaranteed to stop any persistent case of eczema, itching, or burning. It is compounded for skin purpose and your mother will be proud to be refunded without question if Hunt's Cure fails to cure Itch, Eczema, Tetter, Ring Worm or any other skin disease. 50c the box.
For sale by all drug stores or by mail from the
A. B. Richards Medicine Co., Sherman, Tex.
