Slow in Getting Start.

According to Dr. Simon N. Patten, leading economist at the University of Pennsylvania, only 25 per cent of the graduates in law at that institution follow the practice of law after they leave the university. The statistics also show that 75 per cent of the law students, after the long course and at heavy expense, go into other lines of work.

"It requires ten years for a college man to earn as much as the untrained man of business," Doctor Patten added. "While college men require ten years to get on their feet, the high school graduate usually steps at once into a paying business. But it must not be overlooked that the trained man far overleaps his untrained competitor after ten years."

THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Try It! Hair gets soft, fluffy and beautiful—Get a 25 cent bottle of Danderine.

If you care for heavy hair that glitters with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. You can not have nice heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots fashish, loosen and die; then the hair falls out fast. Surely get a 25-cent bottle of Knewlton's Danderine from any drug store and just try it.—Adv.

BICKETT APPOINTS MARTIN SECRETARY

WINSTON-SALEM NEWSPAPER
MAN ACCEPTS POSITION AS
GOVERNOR'S PRIVATE SEC.

LATE STATE CAPITOL NEWS

Review of the Latest News Gathered
Around the State Capitol That
Will Be of Interest to Our Readers
Over North Carolina.

Raleigh.

Mr. Sanford Martin, editor of the Winston-Salem Journal, will be private secretary to Governor Bickett when the latter is inaugurated in January, according to announcement made by Mr. Bickett. For weeks, it has been the current report that the Winston-Salem newspaper man would be the next private secretary. The announcement of his appointment did not come, therefore, as a very great surprise. Mr. Martin was in Raleigh recently. Then, he steadfastly refused to commit himself in regard to the office.

Governor-elect Bickett, thus follows the precedent of his two direct predecessors, Governors Kitchin and Craig, each of whom selected a newspaper man for private secretary. The death of Col. J. H. Kerr, private secretary to Governor Craig, caused the vacancy in the office which gave rise to the appointment of Miss May Jones, first woman to hold that office in the history of the state.

Editor Sanford Martin has had newspaper experience as news writer and editor and has dipped into politics with good effect. He was one of the staunch supporters of Governor-elect Bickett in the primary campaign and in the general election.

This, it is understood, completes the office force for the new Governor. Mrs. Hattie Gay, of Goldsboro, who has been Mr. Bickett's secretary while he has been attorney general, will be executive clerk, while Miss Mamie Turner, now stenographer in Governor Craig's office, will remain in that capacity.

State Officials Glad of Prospects.

State officials and their employes were interested in the announcement that a move would be made in the approaching general assembly for an increase in their salaries. The letter of Mr. A. H. Arrington to the legislators appealing for higher salaries for state officers and employes on account of increased costs of living received favorable comment. The officers and employes are agreed that the living costs have increased 40 per cent in the last ten years and that an addition to their salaries would not be a bit unwelcome.

The general rumor that Governor Craig would recommend a sweeping increase in salaries of state officials and employes from Governor down was accepted heartily. Governor Craig, however, declined to comment either way upon the rumor, declaring in effect that he would not consider giving to the contents of his message or any part of it until it was presented to the general assembly.

The feeling that prevailed in state circles was that the legislature would be called upon, in the very first days of the session, to make provision for increase in salaries so that all may receive benefit from the increase upon entry into their new terms of office.

WEEKLY NEWS LETTER FROM TAR HEEL SOLDIER BOYS.

Correspondence Concerning North
Carolinians Stationed on the
Mexican Border.

News reached here that the Reidsville Chamber of Commerce had started a movement to have North Carolina soldiers on duty here returned home and was asking like organizations throughout the state to join it. The story was received here with mixed feelings, indignation predominating. Col. Sidney W. Minor, of the Third Regiment voices the opinion of the majority of the officers of the brigade in the following message sent to the Durham Chamber of Commerce: "Please learn motive behind action Reidsville board of trade. Can't locate it here. Of course home is dear to us but we keenly resent action Reidsville organization and glad you turned it down. There are no babies in this out."

fit and as red blooded Americans we are in the service to the finish."

The resignation of Capt. Albert Cox, Co. B, Third Regiment, reached here. It is not thought there will be any delay in securing its acceptance by the president.

The resignation of Col. W. C. Rodman, Second Regiment, will call for several promotions in that outfit. Lieut. Col. John Van B. Metts, of Wilmington, will doubtless succeed him.

The lumber for walling and flooring tents, long sought by the supply officers of this brigade and many times promised, is being issued just as fast as a fleet of army trucks can deliver it. Sergeant Carl Stelmitz, Third Regiment band, left for home in Raleigh in response to a telegram announcing the death of his sister.

The North Carolina football team went down in defeat this afternoon before the eight field artillery regulars by a score of 7 to 0. The lone touchdown came in the fourth quarter which was the result of a lucky forward pass. The Carolina team was in bad shape. George Young and Lieutenant Koon were out of the game from injuries received in the Ohio game. In spite of a bad knee and spained ankle Lieutenant Bob Young played his usual star game and was Carolina's most consistent ground gainer. Orders have been issued suspending all work in the seventh division until New Year.

Every company has arranged for a great Christmas dinner tomorrow and the men will take it easy through the holidays.

The Granville Grays, Company E of the Third Regiment, enjoyed a great banquet at Hotel Shelton tonight. The people of Oxford provided the funds that paid for it and it was the happiest occasion of the season. The spread included turkey and everything that goes with it, and 60 boys of the Granville Grays enjoyed it immensely. General Young, Colonel Minor, of the Third; Captain Scott, regimental adjutant; Captain Stem, of the machine gun company; Chaplain McCullen, Major Chambers, Lieutenant Cook and this correspondent were present as guests of the company. Capt. Fuller read messages from Dr. Horsefield, S. K. Phillips, James A. Taylor, B. W. Parham and other citizens of Oxford, voicing the love and interest of the people back home, which was received with vast enthusiasm. Speeches were made by General Young, Colonel Minor, Captain Stem, Captain Scott, Major Chambers and others of the company. The boys sang with vast enthusiasm "Carolina" and other patriotic songs.

Colonel Rodman, of the Second Regiment, was granted a 30-day leave of absence today and will leave for home tomorrow.

The North Carolina field hospital today took over the camp hospital, relieving the Pennsylvania outfit, which leaves for home New Year's day.

The North Carolina brigade is assigned to duty with the tenth division under Major General Morton, effective when Major General Clements, of the seventh division, leaves. It was stated on good authority that the North Carolina brigade will see border patrol duty beginning February 1.

The storm did much damage to the tents and other property of this brigade. Two guard tents of the Third Regiment were blown down and burned and all over camp like damage was done. The storm quieted down at night and snow fell, but it started again early in the morning, and is still raging.

Capt. A. K. Taylor, Second Regiment, has been granted leave of absence for seven days and will leave for Los Angeles tomorrow morning. Capt. S. E. Winston, Third Regiment, has secured ten days' leave and will spend them with relatives in Brownwood, Texas.

Major J. J. Bernard, Third Regiment, has returned from thirty days' leave of absence, spent at Raleigh.

Col. Wiley C. Rodman, commanding the Second Regiment, today tendered his resignation. He gave business reasons for quitting the service. He has been in the Guard since 1894 and colonel since 1912. He is one of the most popular officers of the brigade. He is a successful lawyer of Washington and member of one of the state's best families.

Special Rates to Show

Special rates having been secured for those farmers who wish to attend the meeting of the live stock associations of North Carolina at Winston-Salem, the Animal Industry Division of the Experiment Station states that everything points to record attendance. This has grown to be one of the most progressive meetings that the farmers of the state hold, and with the increased activities occasioned by the union of the bee-keepers and poultrymen of the state with the other associations, a more attractive program and a wider range of subjects will be discussed.

BANK DEPOSITS INCREASE

Over Twenty-Five Millions Gain as Compared With Year Ago.—Increase in Resources 34 Per Cent.

Raleigh.—Not in all the history of North Carolina banking has the record of growth of total resources of the state banks been anything like that of the past year as shown by the summary of the condition of the banks at the close of business November 17. The increase in total resources for the year was 34.9 per cent, the figures being \$118,212,308 this year and \$87,660,524 a year ago. There are 437 banks and 25 branch banks included in the summary.

The increase in bank deposits for the year was \$25,575,099. Of the deposits reported this November \$48,091,956 are subject to check; \$7,680,381 demand certificates of deposits; \$11,464,354 time certificates of deposit, and \$19,874,981 savings deposits. The capital stock of the banks aggregates \$11,573,795, a gain of \$773,000. The surplus fund is \$3,688,722 and the undivided profits \$3,749,397.

Soil Survey of Cleveland.

Shelby.—E. S. Vannata, representing the Federal Agricultural Department, and F. N. McDowell, representing the state department, have just completed the soil survey of Cleveland and left for Orange county, where they will carry on a similar work.

The report on the soil shows that Cleveland ranks right at the top in soil adapted to cotton, corn and grasses. Mr. Vannata, who has made many surveys in the south, says that he has not found a superior soil in any county in the south. While it is especially adapted to the growth of cotton, the survey indicates that the farmers are not as yet making the proper use of it in growth of grasses. In the course of 18 months a colored map will be issued by the department showing the various kinds of soils found over the county and in this way the farmers will be able to determine what their soil is best adapted to.

Building For Furniture Exposition.

High Point.—Active campaigning is to be started here within just a few days to raise funds for the construction of a \$50,000 furniture exposition building in which to display the wares of High Point manufacturers. At the present time a large amount of the showing of High Point products is done in Grand Rapids, though there are three show rooms here. It is planned to construct a building with not less than 200,000 square feet of floor space. It is believed by the manufacturers of the city that this amount of space will be sufficient for all needs for year to come.

Woman Accidentally Killed.

Greenville.—Mrs. J. C. Buck, of Chicod township, Pitt county, lost her life from the accidental discharge of a gun. There were several boys at her house getting ready to go hunting. They were loading their guns and as one of the boys started out of the house his weapon in some way discharged, and the shot took effect in her head, killing her instantly.

Mrs. Buck had been married twice, and her last husband and several children survive.

Two County Agents Appointed.

Raleigh.—Recent appointments to the field staff of the Agricultural Extension Service are those of Mr. W. J. Brockington, who has been selected to be county agent in Wilson county, and Mr. Donald McClure, who will be county agent in Halifax county. Both of these men were obtained by Mr. R. W. Freeman, who is the district demonstration agent in charge of the eastern section of the state.

NORTH CAROLINA BRIEFS.

Cumberland county's cotton crop was 1,000 bales shorter this year than last.

The Federal Reserve Bank of Richmond declared a 6 per cent dividend for the period from January 1, 1916, to November 1, 1916.

During a dense fog George E. Green ran his auto off the bridge near Cliffside. The car turned completely over and was partially demolished. Its occupant was taken into the home of a man named Pargett, nearby and Doctor Alhands summoned. His right shoulder was dislocated.

Because of the railroad facilities and their accessories, power in abundance, climate, labor and all the advantages necessary to the establishment of an armor plate factory, Forest City is the ideal place for this enterprise. The board of Trade, and a goodly part of the citizenry of Forest City, came together in mass and awoke to the advantages this town has to the establishment of the armor plate factory. Committees were appointed to draft the necessary resolution and appear before the committee in Washington at once.

Dr. J. H. Scarborough, a native of Montgomery county, has just ended a visit to his old home at Mount Gilead and with relatives at Troy. He was a delegate from the state of Missouri to the Southern Commercial Congress held recently at Norfolk and delivered an address before this meeting on the subject of good roads.

The statement is made on what is considered good authority that there will be another cotton mill organized at Cherryville the first of the year, making the seventh for the town.

INTERNATIONAL SUNDAY SCHOOL LESSON

(By E. O. SELLERS, Acting Director of the Sunday School Course in the Moody Bible Institute of Chicago.)
(Copyright, 1917, Western Newspaper Union.)

LESSON FOR JANUARY 7

JESUS THE LIGHT AND LIFE OF MEN.

The studies for the first six months of this year are devoted to the gospel of John; the remaining portion of the year to II Kings, Ezra and Nehemiah, being a study with the prophets. One year from now we begin the new "graded uniform lessons" recently adopted by the reorganized International Lesson committee.

John was younger than his brother, James, and lived to be the oldest of the apostles, dying somewhere between A. D. 95 and 98. His name means "Peace," though he is surnamed the "son of thunder" (Mark 3:17). Five of the New Testament books bear his name. He blended the gentleness of a dove with the force and vision of an eagle." The purpose of his gospel is clearly stated (ch. 20:31). Only about 8 per cent of it is found in the other three gospels. Seventy-six times the word "witness" is used. The word "father" occurs 140 times and the name "Jesus" 240 times.

I. The Word (vv. 1-7). Words utter thoughts; a word is an expression of an inaudible and invisible thing. As the Word, Christ is Creator (ch. 14:9; 8:19), he is the source of light. "The word is God heard; the life is God felt, and the light is God seen"—Moody. This eternally existing person is called the Word because in him God fully expresses or reveals himself. The Bible is the written word because in it God speaks and reveals himself through this person who is the eternal Word (Heb. 1:3). The first verse brings out the fact that there are at least two persons in the Godhead, the one divine person in company with whom the word was, and the word, himself, was God; that is, was also a divine person. He who by his incarnation became our brother and our savior was first our creator and the creator of all things, and apart from him not anything came into existence. The Word did not become the light of men by his incarnation in Jesus of Nazareth. He was ever the Light of Men. The light that shone in the Old Testament time shone from him. When sin came, night came.

II. The Witness (vv. 6-10). John the Baptist came for a witness. He was not the light. Some might have thought him to be the promised Messiah. This he denied. He was a lamp which held forth light to men concerning the true light "which lighteth every man that cometh into the world." He reflected light (v. 8). John told all that he knew. Testimony will expand as experience enlarges. The spoken word of man must confirm the experience of the word in our lives. John was a wonderful man, a man whom God delighted to honor, but he was a man. Men are not asked to believe blindly, but always upon an abundance of testimony.

III. The World (vv. 11-14). This world was created by Jesus, and throughout its existence he has been in the world, though the world knew him not. This living light had been coming into the world, and was not fully come until he was manifest to Israel at the baptismal act of John. In order to be made manifest the "Word was made flesh" in the person of Jesus. The world did not apprehend the light (v. 5) nor did the world which he was in and which was made by him (v. 10). Even his own people, literally his own household servants, i. e. Israel, received him not to themselves, but whoever receives him, even the vilest sinner of earth, and takes him into his heart to be all Jesus desired to be, savior, lord, teacher, friend, that instant he becomes a child of God. We cannot attempt to explain this mystery. The union of spirit and body was in one person, a simple fact; though unexplained, still true. The union of God with a human body, forming one person, Christ Jesus, sometimes spoken of separately, sometimes as a whole, sometimes as divine, sometimes as human. We cannot divide his activities into two sections and say this is divine and this is human; they are inexplicably blended into one. This Christ really dwelt among us. He did not merely appear to some persons, or come in a vision, and yet his abode among us was only temporary, only a few years, and we beheld his glory, the glory of the only begotten Son. The world expected a Messiah and his own creation, his own inheritance received him not, rejected him, opposed him, crucified him, their lord, savior, king and messiah. Those who received him and believed on his name became sons.

To be a child of God we must be born into the nature and character of God, into his spiritual life. We are members of his family.

We are heirs of all things through him, his joy, his love, his character and his blessing and the privileges of working for him and with him. We become heirs by being born of God, not of blood, physical descent nor inheritance, for the best of parents cannot bestow this gift upon their children.

Not by our own efforts or exertions nor the will of the flesh, not by the will of men, through wisdom and man's highest powers of intellect, but of God.

Church Gave Away Apples.
The big red Western app. was the text of a recent sermon by the Rev. Christian F. Reinsner in Grace Methodist Episcopal church, New York. Twelve hundred apples were given away to the congregation.

Doctor Reinsner used the apple to illustrate that as sunshine, proper nourishment and care will grow fine apples so will clean living, good government and religion develop fine citizens. He praised the efforts of Billy Sunday, and said the evangelist has been so successful that he has even got Boston awake and interested in his form or religion.

10 CENT "CASCARETS" IF BILIOUS OR COSTIVE

For Sick Headache, Sour Stomach, Sluggish Liver and Bowels—They work while you sleep.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret to-night will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months.—Adv.

Take a Tub of Electricity.

Electrotherapy is a great field in which there are unlimited possibilities for the application of electricity. High frequency currents especially have a great future. The time is bound to come when this form of electrical energy will be on tap in every private residence. Nikola Tesla writes in Collier's.

It is possible that we may be able to do away with the customary bath. The cleaning of the body can be instantaneously effected simply by connecting it to a source of electric energy of very high potential, which will result in the throwing off of dust or any small particles adhering to the skin. Such a bath, besides being dry and time saving, would also be of beneficial therapeutic influence.

New electric devices that will be a blessing to the deaf and blind are coming.

Trench Descriptions Vivid.

The soldier is not usually a man of words, but he can string them together very effectively at times, and some of his similes would not disgrace our American cousins, past masters though they are in the art of picturesque and vivid phrasemaking. "He would pinch the sugar from your tea while you were stirring it!" is the description I heard applied to one warrior with confused ideas of ownerships, and of another of parsimonious habits it was said that "he flings his money about like a man with no arms!"—London Chronicle.
