Hold Eleventh Annual Convention at Wrightsville Beach,-Officers Are Elected.

Wilmington.-The crowning event of the closing session of the eleventh annual convention of the Southern' Textile Association in session at Wrightsville Beach was adoption of a resolution renewing allegiance to the flag and expressing willingness to make any sacrifices for the perpetuation of democracy. Adoption of the resolution, which was presented by James A. Greer, of Greenville, S. Want New County.

Asheville.-Declaring that they have done everything possible to secure a decent road to Asheville, citizens of Black Mountain have taken to the war path and have announced their intention of petitioning the legislature for the right to form a new county, with Black Mountain as the county age, and saved \$37.82, the amount less seat. Legal advice has been sought, which each borrower would have had and a definite organization for conducting the fight is being built up.

The road between Asheville and Black Mountain is in bad shape. The floods of last year wiped out a portion of the road, and in places there is only a trail through the fields. The county commissioners have promised to give Black Mountain a concrete road to Asheville, but so far have made no effort to start work on the

The latest plan of the Black Mountain people includes the taking of the eastern part of Buncombe county, with all of Black Mountain township, which is unusually rich, and with a strip from McDowell county and another small strip from Rutherford county, forming a new county.

Some of the leading citizens of the neighboring towns are behind the movement and expect to meet with success.

USE MORE NUTS.

We have our nuts freshest and cheapest in the fall, but the peanut is

like the poor "always with us," and we may fall back on the plebelan ground nut for many good dishes. Any nuts that are purchased shelled should be carefully washed and dried before

using, even when they have been handled under sanitary conditions as far as known; this is essential.

Those who are fortunate enough to have a hickory grove or even one or two trees to supply them with this delicious nut, no other need be desired. The black walnut too is another goodflavored nut and grows in various parts of the country.

Where one lives near a brook where watercress grows, a most refreshing and satisfying salad may be made, using watercress sprinkled with nuts of any kind, a little shredded onion and a French dressing.

Any plain ice cream is made more appetizing by a spoonful of fresh chopped nuts; a few nuts added to almost any cake filling improve it. They may be made into a loaf, being a good substitute for meat or served with fruit and gelatin, make a very pretty dessert.

Pecan Breakfast Muffins .- Take cupful and a half of flour sifted with a teaspoonful of baking powder, add an egg, a half teaspoonful of salt, and a cupful of milk. Beat well for five minutes; add two cupfuls of rolled pecan meats and bake in a hot oven in gem pans. Other nuts may be substituted, but these are especially good.

Gingerbread is made quite elegant by sprinkling a half-cupful of chopped nuts over the top just as It goes into

Nuts and Cottage Cheese Salad .-Mix a half-cupful of chopped nuts of any kind, peanuts are good; add a little onion juice and cream to unseasoned Dutch cheese; season well with salt and paprika and mold in balls. Serve three rolled in chopped nuts in a nest of lettuce, passing a bolled dressing to serve with it.

Nut Wafers .- Beat two eggs and add a cupful of brown suger and a half cupful of nutmeats chopped fine and two tablespoonfuls of flour. Drop by teaspoonfuls on buttered tins and bake in a slow oven until brown.

Remove the center from a round of

sponge cake, leaving the bottom and sides whole. Into this pour a strawberry gelatine jelly or any other desired flavor, and when it is cold and firm cover with sweetened and flavored whipped cream. Cut in wedge-shaped pieces when serving.

Almond Pudding.-Boil three-fourths cupful of water to a thick sirup and set aside to cool. Rub two ounces of almond paste to a smooth batter with one-half cupful of cream, adding the sirup. Cook in a double boiler to a creamy consistency, stirring while over the fire. Beat and cool, flavoring with a few drops of vanilla. Crumble six lady fingers and stir in, then fold into a cupful of cream that has been beaten stiff. Pour into a mold and chill thoroughly before serving,

Caramel Junket .- Put six tablespoonfuls of sugar into a saucepan and stir over the fire until it melts and becomes a rich brown, remove from the fire, add a few tablespoonfuls of tallk and let stand until dissolved. To a quart of lukewarm milk add this caramel mixture and a junket tablet dissolved in a tablespoonful of water. Pour into cups or glasses and let stand in a warm place until the junket is set, then place on ice until serving

Cornmeal mush makes a most wholesome dessert and one which the children may ent with impunity. Butter a dish of hot mush and serve it they would be in plain colors, Perwith maple sirup.

Apple Pie With Cream Cheese .- Line a pie plate with pastry and fill with tart apple sauce which has been sifted. Bake without a top crust and when cold cover with a cupful of whipped cream to which has been added half a cream cheese pressed through a ricer.
