

**C**AN a man of simple and inherited tastes, born and raised in the country, in the solitude of the hills, with no desire for the cities and crowded places of the world, with no longing to mingle with his fellow men or to absorb their conventional vices and virtues, understand the call which prompts men and women to work out their destinies in the melting pots of the world—to strive for the things which the multitude seeks?

Members of this commission will call on you at your homes within the next week in regards to this matter and we hope that you will do all you can in this work. After this county canvass, by the members of the commission, there will be some general round up meetings held in the county, and it is hoped that every person in the county will attend one of these meetings, and we will arrange a programme for each of these meetings. They will be held at the following places: Creswell, Wednesday, August 15th, at 8:00 P. M., Albemarle School House, Skinnersville Township, Thursday, August 16th, at 8:00 P. M., Plymouth, Friday, August 17th, at 8:00 P. M., Roper, Saturday, August 18th, at 3:30 P. M.

We very earnestly ask that every citizen in the county will attend these meetings where it is convenient, and urge your neighbors to attend them also. Unless you, each individual of the county, will give this commission your hearty cooperation in this work, we cannot accomplish anything. And there are many ways this commission can be of service to the people and to the county, for none of us have yet realized the conditions

which confront us, and why not make preparations to meet these emergencies before we are driven to them.

Very truly yours,

Washington County Food Conservation Commission,

**Does 4 Times the Work  
of 2 Horses**

**I**T won't take you long to appreciate what it means to make \$1 pay for the work of \$4. That is just about the proportion of Smith Form-a-Truck hauling cost to the cost of hauling with horses. And in addition, you can keep your horses busy on your farm without slowing up on any of your farm work, when it is necessary to make trips to town.

Smith Form-a-Truck will haul twice the load that you can haul with a good pair of horses.

It will haul it three times as fast.

Make one trip do the work that previously required two.

It is doing this for farmers all over the country. Practically every modern, up-to-date, scientific profitably operated farm uses Smith Form-a-Truck.

Smith Form-a-Truck will quickly enable you to sell the horses that you now keep for hauling, save the many charges horses cost you for feed and stabling.

In winter, in rainy weather, you hate to drive your horses to town for fear they will get stuck. With Smith Form-a-Truck, away you go in any kind of weather.

This enables you to carry your goods to market when you can get the highest prices.

There is not a single feature of your farm hauling where Smith Form-a-Truck will not make from 50% to 75% saving.

Smith Form-a-Truck will keep your boy on the farm. Anybody who can drive a Ford can drive Smith Form-a-Truck.

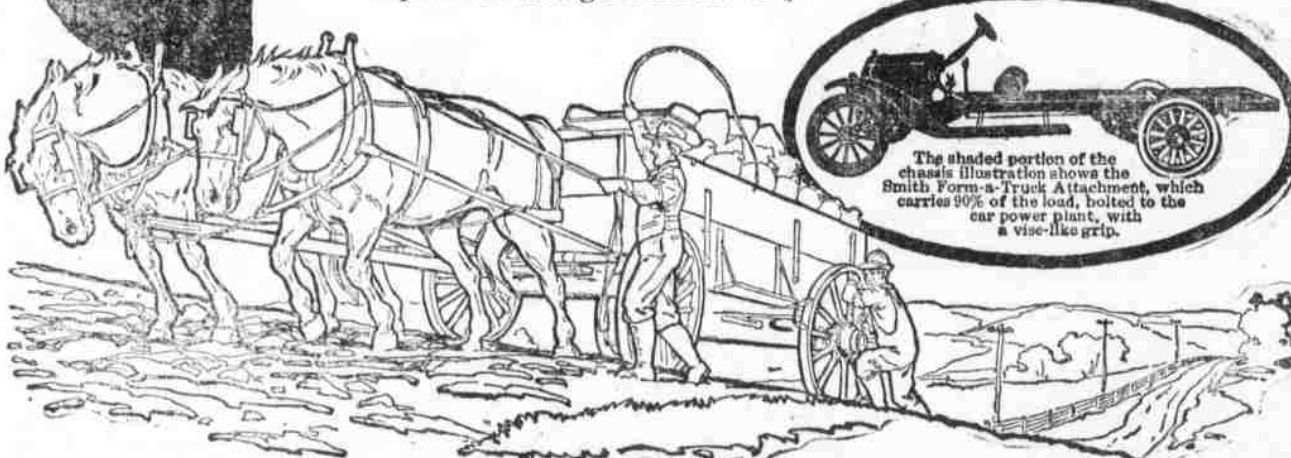

### Use Any One of Six Chassis

Using any one of six chassis, Smith Form-a-Truck combines with any Ford, Maxwell, Dodge Bros., Buick, Chevrolet or Overland chassis to make a fully guaranteed one-ton truck. It gives you real truck construction that will stand up under the hardest hauling you could ever do.

### When You Are In Town Drop In

When you are in town drop in and see Smith Form-a-Truck. It will pay you well.
