Made Me a Well Man

Mr. Louis Young, 205
Merrimac St., Rochester, N.
Y., writes:

"I suffered for thirty years
with chronic bowel trouble, stom-
ach trouble and hemorrhages of
the bowels.
We bought a bottle of Peruna
and I took it faithfully, and I
began to feel better.
My wife persuaded me to con-
tinue, and I took it for some
time as directed. Now I am a
well man."

DAIRY TALE DAIRY

MARKETING BY PARCEL POST

Plan Outlined by Department of Agri-
culture for Building Up Trade
and How to Keep It.

(Prepared by the United States Depart-
ment of Agriculture.)

Parcel post as a means of transpor-
tation has been found by commercial
houses to be useful and efficient. There
is no reason why farmers cannot make
extensive use of it under certain condi-
tions if they will. It has been found
that one of the chief factors in pre-
venting the satisfactory development of
parcel post marketing has been the
price asked by some farmers for prod-
uce. To illustrate: One farmer's wife
was receiving 20 cents a pound for but-
ter in her local market, a country
store. When asked if she would be
willing to ship it to a city by parcel
post, and at what price, she replied
that she would do so at 50 cents a
pound. Would-be purchasers frequen-
tly have been known to offer producers

Well-Prepared, Attractive Parcel Post

a lower price than they can obtain in
their local markets. It is needless to
say that such imperfect and erroneous
ideas as to proper and equitable prices
altogether defeated the possibility of
marketing produce by parcel post.
Business in marketing by parcel post
can be secured and held only by ship-
ping produce of high quality and by
charging reasonable prices.

The larger the quantity, within the
postal limits, that is shipped at any
one time, the more economical is the
factor of postage and therefore the
more attractive from the viewpoint of
cost both to the producer and to the
consumer. This applies both to ship-
ments and the return of empty con-
tainers. It would not be economical to
secure half a dozen different kinds of
vegetables from as many different pro-
ducers, but if a supply of half a dozen
kinds of vegetables, or vegetables and
fruits, could be obtained in one parcel
from one producer it would be both
advantageous and attractive.

Another advantage to the producer
in parcel post marketing is that his
mail box or local post office becomes
his shipping station. This relieves him
from any extra trip in order to make
shipment, as the rural mail carrier
takes the shipment from the mail box
or some member of the farmer's fam-
ily deposits it at the post office when
going to call for the mail.

Many farmers often have a small
surplus of produce, not needed for
home consumption, which could be
marketed if some ready means of get-
ting it to a consumer were available.
The parcel post supplies this medium.
There are also many supplemental or
side lines of production which could
be developed for the same purpose.

Mutual confidence and helpfulness
are needed in order to succeed; co-op-
eration is needed. Consumers are in-
terested in buying by parcel post only
when they can secure more satisfac-
tory produce, some advantage in price,
or both. The producer will not be in-
terested in marketing by parcel post
unless it means some additional net
return to him. A high quality of prod-
uce, well prepared, carefully and at-
tractively packed, and forwarded so as
to reach its destination at the time de-
sired will go a long way toward the es-
tablishment and continuance of busi-
ness. Ordinary or inferior produce will
not only lose a customer but hinder the
gaining of others. The producer must
aim to give satisfaction by supplying
his customers, as nearly as possible,
with produce which meets their indi-
vidual desires. The consumer must
also aim to give satisfaction by properly
caring for and returning containers,
making prompt remittances as agreed
upon and by doing his part in all
phases of the transaction. In other
words, a square deal is needed.

DAIRY COW FOOD CONSERVER

One Great Law is to Turn Inedible
Feeds Into Food in Cheap-
est Manner Possible.

(Prepared by the United States Depart-
ment of Agriculture.)

Two facts stand out prominently as
reasons for the increased production
and use of milk. The first is that
milk as purchased on the market
usually supplies food material together
with the growth-producing meat or
eggs. The second reason is that the
dairy cow is the most economical pro-
ducer of animal food. One great law
of food conservation is to turn in-
edible feeds into edible foods in the
cheapest possible manner. The dairy
cow will utilize coarse materials, in-
edible to humans—such as grass, corn-
stalks, hay, etc.—and will turn them
into milk. Other farm animals also
are converters of coarse roughage into
edible foods but are not so efficient as
the dairy cow.

DESERTER GETS COLD RECEPTION

Wanderer Returns After Absence
of Thirteen Years and Asks
to Be Forgiven.

Chicago.—Bronzed and sunburned,
Paul Thiel, who deserted his wife and
family 13 years ago, has returned to
Chicago after many years of prospect-
ing in the West, wandering in Mexico,
working in a restaurant in Kansas
City, Mo., and running a bar in the
"Barbary coast" of San Francisco.
Thiel returned as from the grave and
came home surrounded in an atmos-

phere of mystery and romance. But
there was no romance about it for his
wife, Martha, whose name appeared in
the directory as "Martha, widow of
Paul."

If Thiel expected that all would be
forgiven and that his journey would
end in a lovers' meeting he was disap-
pointed. His reception by his wife was
cool. The children, however, were more
lenient and it is through their hearts
that Thiel is seeking to win back the
lost love of his wife. The wanderer,
pending his banishment, is the guest of
his married daughter, Mrs. Robert
Firestone.

Thiel returned to Chicago to see his
oldest son, George, before the boy was
called to the colors. George, who was
a little curly headed fellow when his
father left, is now eighteen and is an-
xious to get into the service.

"We are for dad," said George. "He's
going to stay, and we like him."

But with the mother it was different.
No regrets can quite blot out the mem-
ory of 13 bitter years.

"Why should I take him back?" she
asked. "He left me with four little
children. We were living in the coun-
try at the time and he was working in
a greenhouse. I hadn't a cent and
had to write to my relatives in Chicago
in order to get back to town. Then I
worked in a laundry to buy clothes for
the children and to send them to
school. I had an opportunity to marry
again. Once was enough. I don't need
a husband, but if the children want a
father—well, it's up to them."

During his roaming through the
West and in Mexico, Thiel never wrote
to his family. When he finally ap-
peared after his years of absence, the
wanderer decided to remain in Chi-
cago.

SETS COT AFIRE WHILE IN JAIL TO AVOID FINE

gaging in an argument with Joe
Ostrowski, who was also taken
into custody, John calmly set
the cot in his cell afire and went

himself nearly smothered and to
see John still slumbering amid
a circle of flames. Joe gave the
alarm and with John was re-
leased, only to be haled into

BEES ROUT TRAFFIC COP

Take Possession of His Sun Umbrella
On Busy City Street
Crossing.

Amsterdam, N. Y.—Bees put a traffic
officer here to rout. Traffic Policeman
Albert Leagher left his post for a few
minutes. When he returned he found
a swarm of bees in possession of his
sun umbrella. He is stationed at the
busiest crossing in the city. A large
crowd gathered. For three hours all
kinds of methods for driving bees from
their perch were tried.

Finally Ralph Kline, engineer in the
department of public works, flitted
with the queen bee and got her away.
The rest followed.

Policeman Stops Game.
Kansas City, Mo.—Otilo A. Cyre,
nineteen, of Clyde, Kan., arrived at the
Union station here with \$51. He came
to enlist in Uncle Sam's navy.

Two strangers offered to escort him
to the recruiting station. In a near-by
saloon the strangers argued as to his
weight. Each had lifted Cyre several
times when a police officer here in
sight and took a hand in the proceed-
ings. Six dollars and a watch had
been "lifted" from Cyre.

Tonight! Take Dodson's Liver Tone! Better Than Calomel For Liver

Calomel sickens! If bilious, constipated and head-
achy read my guarantee.

Listen to me! Take no more sicken-
ing, salivating calomel! Bilious or
constipated. Don't lose a day's work!

Calomel is mercury or quicksilver,
which causes necrosis of the bones.
Calomel, when it comes into contact
with sour bile, crashes into it, break-
ing it up. This is when you feel that
awful nausea and cramping. If you
are sluggish and "all knocked out," if
your liver is torpid and bowels consti-
pated or you have headache, dizziness,
coated tongue, if breath is bad or
stomach sour, just take a spoonful of
harmless Dodson's Liver Tone.

Here's my guarantee—Go to any
drug store and get a bottle of Dodson's
Liver Tone for a few cents. Take a
spoonful tonight, and if it doesn't

straighten you right up and make you
feel fine and vigorous by morning, I
want you to go back to the store and
get your money. Dodson's Liver Tone
is destroying the sale of calomel be-
cause it is real liver medicine; entire-
ly vegetable, therefore it can not sali-
vate or make you sick.

I guarantee that one spoonful of
Dodson's Liver Tone will put your
sluggish liver to work and clean your
bowels of that sour bile and consti-
pated waste which is clogging your
system and making you feel miserable.
I guarantee that a bottle of Dodson's
Liver Tone will keep your entire fam-
ily feeling fine for months. Give it to
your children. It is harmless; doesn't
gripe and they like its pleasant taste.

Mixed About Mother.

My husband, who is stationed at
Camp Zachary Taylor, Ky., was pre-
sent when some negro soldiers were
signing up for government insurance.

One soldier, having named his
mother as the beneficiary of his pol-
icy, gave his own age as thirty-six,
and when asked for his mother's age
was answered: "Thirty-eight." The
officer said, "Why, man, she's bound to
be older than that," whereupon he re-
ceived this reply, "Oh, well, boss, just
make it forty then."

Another negro soldier gave his
mother's maiden name as Mary Thom-
as and in a few moments exclaimed,
"Hod on a minute, sub; that ain't
her name; it's Mary Thompson. Some-
way I've just got so much on mah

Catarrhal Deafness Cannot Be Cured

by local applications as they cannot reach
the diseased portion of the ear. There is
only one way to cure Catarrhal Deafness,
and that is by a constitutional remedy.
HALL'S CATARRH MEDICINE acts
through the blood on the mucous sur-
faces of the system. Catarrhal Deafness is
caused by an inflamed condition of the
mucous lining of the Eustachian Tube.
When this tube is inflamed you have a
rumbling sound or imperfect hearing, and
when it is entirely closed, Deafness is the
result. Unless the inflammation can be re-
duced and this tube restored to its nor-
mal condition, hearing may be destroyed
forever. Many cases of Deafness are
caused by Catarrh, which is an inflamed
condition of the mucous surfaces.

Heartburn, Belching, Indigestion, Food Repeating and Nearly All Kinds of Bodily Miseries

The first sign of stomach misery
usually comes after over-eating.
The doctors call it "superacidity".
The people say—"sour stomach".

Millions of people who have lost
their ambition, energy, courage,
vitality and strength—who are
weak, pale and listless—who go
through life just dragging one foot
after another—tired and worn out
nearly all the time—nervous, irri-
table, subject to
severe headache,
insomnia, and a
long train of physi-
cal ills—would be
surprised, yes,
dumbfounded, to
learn that it is just
an acid-stomach that
is causing them all their
misery. Yet in nearly
nine cases out of ten that is
just where the trouble starts.

Now a sour, acid-stomach, or "super-
acidity", of course, simply means
too much acid in the stomach. You
can now quickly rid your stomach of
its excess acid. A wonderful modern
remedy called EATONIC literally
wipes it out. It does the work easily,

quickly and thoroughly. It makes
the stomach pure, sweet, cool and
comfortable. Helps you to get full strength
out of every mouthful of food you eat and
unless you do get full strength from your
food you cannot enjoy robust, vigorous
health.

EATONIC is in tablet form. They are
pleasant tasting—just like a bit of candy
—and are absolutely harmless. Take
EATONIC and find out for yourself how
wonderfully different you will feel. See
how quickly EATONIC banishes the
immediate effects of acid-stomach—
sourness, bloating, heartburn, bel-
ching, food repeating, in-
digestion, etc. See, too,
how quickly your gen-
eral health improves—
how much you relax
your food—how much
more easily your food
is digested—how soundly
you sleep—how nervous-
ness and irritability dis-
appear. And all simply be-
cause by taking EATONIC, you
rid your stomach of a lot of
acid that has been holding it
making your life miserable.
