piration of time paid for except on re-  
quest and promise of payment of 1 cent  
extra above subscription rate for each  
week paper is sent until subscription is  
paid.

Friday, February 2, 1917.

We wonder what the Tryon ladies have been up to when the News-Bee openly accuses them of being "indefatigable female philanthropists."

Do you have a friend who formerly resided in this county to whom you would like for us to send a copy of the paper this week? If so, please let us have names and addresses at once.

What do you think about those roads into Greenville, Pickens and Oconee counties, South Carolina, emanating from the capital of Transylvania? That's an important point to be considered in our road-building program.

Transylvania's relations with Buncombe, Henderson, Haywood, Jackson, Macon, Oconee, Pickens and Greenville counties in so far as roads are concerned should be more cordial instead of so muddy. The feeling is good but traveling is bad.

Canton is coming. Going to clean up and hang out some clothes. The Observer says the ice plant and laundry has been reorganized and a pin factory secured. When you clean up Main street we'll run across the mountain and see how the clothes look hanging on the line.

Transylvania is booming. Big tannery going up, meaning employment for many; and now comes the glad tidings from Toxaway of the one and one-half million dollar development in lumber operations. What more could we wish for in the way of material prosperity for this county. Yet other good things will follow in their wake.

This week the News visits 1,000 homes in Transylvania and abroad where it does not make its regular weekly visits. It will arouse the old home feeling and before it leaves you sit down and enclose the price of subscription and learn of past as well as current history from week to week. It will be a good investment.

The News is pleased to know that the Brevard Club has taken up the question of advertising this section by booklets and otherwise. We have plenty of good things worth extra fine publicity and the committees having the matter in hand should not lose any time in getting the booklets before prospective summer visitors. This section and its conditions are superb for many things, but only a small portion of the world knows it.

The Jackson County Journal has resumed its campaign for a county farm life school. It argues that the county is primarily an agricultural one; that the deserted county seat buildings at Webster would be suitable for this purpose and that an extra levy of less than 1 per cent would cinct the institution. A good thing the Journal is gunning for and it would even redound to the benefit of Transylvania. May success crown the Journal's efforts.

The Asheville Times continues to qualify as a Brevard booster as will be seen from an editorial enti-

led "Genuine Forward Movement," under which it used the following introduction to the News editorial last week with reference to the new girls' camp school that will be opened in Brevard: "Not satisfied with securing a big tannery with a big payroll, Brevard, as is usual with a live town, is going after other enterprises and getting them. The News tells of the latest achievement when another educational institution was located in Brevard."

We note a change in the masthead of the Waynesville Courier whereby R. B. Wilson, owner and editor of that paper, is designated as owner and W. Clark Medford as editor and general manager. Mr. Wilson was formerly with the Sylvan Valley News. He blew loudly for Weaver in the last campaign and applied for the secretaryship, which Charity and Children, published at Thomasville, says he received, but the Waynesville Mountaineer says W. L. Hardin of Waynesville has been selected by Congressman Weaver. The Courier says nothing but certainly should lay aside its modesty and give us a little insight into the former editor's business.

**Changing News' Name.**

Marshall News-Record: The Sylvan Valley News is no more but up from its grave rises the Brevard News, one of the most up-to-date progressive weeklies in this state.

Canton Observer: The Sylvan Valley News at Brevard recently changed its name to the Brevard News. Editor Hollowell is giving his county and town a splendid newspaper and in return the people ought to give him their loyal support.

American Press: The name of the Sylvan Valley News of Brevard has been changed to the Brevard News; Editor Hollowell believing that the new name would be more suitable for the paper.

**TOXAWAY'S RELIGIOUS GROWTH**

Frank Y. Wilbanks when in Brevard from Toxaway Tuesday stated that the Toxaway Baptist church had decided to have preaching on the second and fourth Sunday instead of once a month as heretofore and in order to be in closer touch with his pastoral work Rev. W. H. Nicholson has moved from Sapphire to Oakland, a point about three miles from Toxaway.

**JOHN S. BOGGS NOT IN FARM LOAN ASSOCIATION**

A correction—To Noah M. Hollowell, editor of the Brevard News, and all others whom it may concern. I note that my name has been used as a charter member of the Transylvania County Farm Loan association. While I am an enthusiastic farm loan man, believing it to be a good thing, the law states plainly that men who wish to form an association must sign the articles of association, and said signature must be acknowledged, before a notary public or other official authorized to administer oaths. Except for a few minutes on Monday, January 22, I was not at the meeting of the association and took no active part in the alleged formation. I certainly did not sign any articles of agreement and if there are others whose names appear in the list who did not sign and whose signatures were not attested, I would advise them to investigate matters at once. Jan. 27, 1917. JOHN S. BOGGS.

**WHY THAT LAME BACK?**

That morning lameness—those sharp pains when bending or lifting, make work a burden and impossible. Don't be handicapped by a bad back—look to your kidneys. You will make no mistake by following this man's example.

W. Davis, farmer, Waynesville, N. C., says: "My back bothered me off and on for years. It was so sore and lame that I could hardly stoop and it was impossible for me to lift. When I got up suddenly, specks came before my eyes, blurring my sight. Nothing did me any good until I tried Doan's Kidney Pills. They soon gave me relief and I know I can always depend on them."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Davis had. Foster-Milburn Co., Props., Buffalo, N. Y.

**BUNCOMBE COUNTY STOCK DEALER IS OUT WITH FACTS**

W. C. Sales Tells How Wife Regained Health on Just Two Bottles of Tanlac.

It is really wonderful to know that two bottles of Tanlac have done for Mrs. Sales and I am anxious to let others know about the merits of this great reconstructive agent by offering my statement for the paper," said W. C. Sales, of Washes Creek, who is one of the best known farmers and stock raisers in Buncombe County.

"For four years my wife suffered from stomach trouble and indigestion. Though she had to live on milk and eggs this diet caused her great distress. She did not get a full night's rest and couldn't bear to be alone. She fell off in weight and strength. I spent hundreds of dollars, but nothing helped Mrs. Sales gain a particle. She kept getting worse and worse and had feared the end was in sight when neighbors told us about Tanlac.

"It may be hard to believe, but two bottles of Tanlac have worked such a change in my wife that she is not only up and around, but can do her regular work again. She has an appetite like a horse, so to speak, and when you consider that he is 60 years old it is not hard to understand when I say the work of Tanlac in her has been wonderful."

Genuine Tanlac is sold in Brevard at the Duckworth Pharmacy; Hendersonville by Hunter's Pharmacy.—Advertisement.

**MR. WHITMIRE SELLS**

W. P. Whitmire, who about a year ago purchased Lott's Shoe store in Hendersonville, has sold to G. M. Glazener. Both were formerly engaged in business in Brevard.

**Bethlehem's Bid on Shells for the United States Navy**

To the American People: The Secretary of the Navy has awarded contracts amounting to over \$3,000,000 to a British bidder for 14 and 16-inch projectiles for the Navy because of very much lower prices offered by the English bidders.

We know nothing of the basis upon which the British bids were made, but the public is entitled to know the facts upon which we ourselves bid for this work.

Two years ago we took contracts to make 4,200 14-inch shells at a price of \$1,515,000. Up to now not a single shell has been accepted by the Government, although we have expended, in wages, materials, etc., on these orders \$522,381, and we have not received a SINGLE DOLLAR on these contracts.

In addition, a literal interpretation of the contract might make us liable for penalties amounting to \$678,016.

In the light of our experience, and having no other basis, we bid for 16-inch shells approximately the same rate per pound as that which the Navy Department actually awarded a 14-inch shell contract one year ago.

**Brevard Banking Co.**

The Brevard for \$5.00

The best watch value ever brought into Transylvania county, or North Carolina for that matter. We have recently had the Waltham Watch Company make us up some watches with the name "The Brevard" on the dial and plate. It is 7-jewel, has safety steel barrel, patent Braguet hair-spring and patent detachable balance staff with solid nickel case and is a dandy. It's worth more but we are selling them for \$5.00. This is better than sending to the mail order house or going to Asheville. Come in and look it over.
