Beware of Ointments for Catarrh that Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is too fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price 75c per bottle. Take Hall's Family Pills for constipation.

"SAFE FARMING" IS URGED BY HUDSON

COUNTY AGENTS ENCOURAGING FARMERS TO PLANT MORE FOOD STUFF.

ONE CROP WAY IS NOT SAFE

Estimated That North Carolina Imports Annually Around Sixty Millions Dollars In Foods.

Raleigh.—When a farmer has staked his hopes on one crop for producing the money necessary for him to live and keep his family in comfort, he is taking a gambler's chances, according to Mr. C. R. Hudson, who through the medium of the County Agricultural Agents, is waging a "Safe Farming" campaign. It is not safe to play one crop any one year. After the time and labor has been given this crop, it may bring good price and repay all effort, but it may not bring a good price and then all is not well. It has been estimated that the Southern States have been importing annually from other sections of the country over seven hundred million dollars worth of food stuff. While North Carolina does not head the list

SAYS FARMERS MUST NOT STAKE HOPES ON ONE CROP.

C. R. HUDSON.

of Southern States in this practice, still, it is estimated that our bill is around fifty to sixty million per year. This seems unreasonable yet it is very true and true in a section of country that has fertile soil, as fine a climate and as intelligent set of farmers as may be found anywhere under the sun.

Cotton brought a good price last year, but it is wondered how much food the money from a bale of cotton would buy, now, with all kinds of foodstuffs higher than ever before in the history of the country. The food and feed situation is abnormal now in the United States and the wise farmer is he who produces food and feed at home this year. He may get a good price for both tobacco and cotton, but the money received will not go very far in purchasing those necessities of life which could easily be produced at home.

Mr. Hudson is having the County Agents of the Agricultural Extension Service encourage all farmers to plant gardens, spring oats and Irish potatoes also need immediate attention. A few acres planted now to Appler or Burt Oats will help out very much in the feeding of stock. The Irish potato crop was short last year and a good crop should be planted, at once, to this important and valuable food crop.

"Yackety Yack" Out in May.

Chapel Hill.—Editor in Chief James Ralph Patton sent to press the seventeenth volume of the "Yackety Yack," the University of North Carolina annual. The book this year is the most unique that has ever represented the institution. The binding is to be of flexible Roycroft with the historic old well embossed on it. In the senior division individual cartoons have been instituted which will in itself, add to the spice of the volume. A greater amount of space has been given to the athletic department.

Raise Fund For Cripples.

Asheville.—Mrs. Locke Craig, Mrs. Whiteford Smith and Charles A. Taylor, composing the finance committee for the collection of funds for the children's bureau, designed to aid the crippled children of the state, reported that over \$800 had been collected by the sale of hearts on "Heart Day" Saturday, and that indications pointed to the bringing of the total up to \$1,000 or more. The girls in charge of the sale had splendid success and received varying amounts, from a few pennies to bills for the fund.

PROF. J. C. JONES TO TEACH AT CULLOWHEE

The announcement of the Cullowhee Normal and Industrial School of its summer session, which begins on June 13 and ends on July 25, carries the information that Prof. J. Clyde Jones, principal of the Brevard public school, will be a member of the faculty for the summer session.

Prof. Jones will teach three courses in mathematics: (1) A course in methods of teaching arithmetic. (2) A review of Milne's arithmetic book 111, preparing for the county examinations. (3) A review of Milne's high school algebra, preparing students for state examination.

Prof. Jones has had work at Cullowhee, having supplied for his brother, Prof. H. B. Jones, a member of the Cullowhee faculty, for a while in 1913.

SHUTTLE BLOCK FACTORY WILL BE REBUILT SOON

Victor Fontaine, who has been spending the greater part of the winter at his hardwood plant at Moncks Corner, S. C., returned to Brevard last week in order to prune his vineyard and make preparations for the reestablishment of his shuttle block factory, which was destroyed by fire when the store of A. N. Jenkins was burned during the holidays.

Mr. Fontaine has decided upon a location for the plant near the cotton mill and hopes to erect it immediately for the purpose of making shuttle blocks from dogwood.

Mr. Fontaine completed the pruning operations in his vineyard last week. He has conclusively demonstrated that a vineyard can be made a success for his is probably the best in this section.

MR. PLUMMER'S STORE FRONT WILL BE ENLARGED SOON

Preparations are being made for the enlargement of the store front of H. A. Plummer, who announces a "remodeling sale" for the next few days.

The front will be re-arranged so as to afford enlarged and more attractive window display than possible under present conditions.
