BETTERMENT ASSO'N URGES FARMING AND GARDENING

Editor, News:

Every one who has given the matter any thought must see and know the duty before each of us: to conserve the resources of our country in this time of trouble.

Our president is asking that every farmer accept as his patriotic duty the raising of as large a crop as possible; and we who are not farmers must do our share and plant gardens.

Will not all who have vacant lots put them under cultivation or allow them to be used by others who are willing to make gardens? In that way the town will take a great stride toward self-support, and also make a cleaner and more thrifty appearance.

If each community in the United States could be practically self-supporting during the coming summer and winter our country could then give, of her abundance, to the allies, and be of greater help than if two hundred thousand men were sent to the battle front.

ELIZABETH MOUNT SILVERSTEIN,
President Brevard Betterment Association.

ELIO COLITIS CLAIMS LIVES AT CEDAR MT.

E. A. Heath of Cedar Mountain when in town Tuesday reported that Elio Colitis, the disease that caused some deaths and considerable apprehension this county last year, was quite evident in his community. Mr. and Mrs. Hubert Summey lost three children and Mr. and Mrs. Summey have been very ill but are improving.

Leonard Burns, aged about 21 years, the son of Mr. and Mrs. Alexander Burns, died on Monday afternoon after an illness of about two weeks.

Mrs. Robert Jones has been in a critical condition.

The daughter of V. B. McGaha has been quite ill but her condition is improving.

Deaths, sickness and fear of further spread of the trouble have filled the community with sadness, gloom and apprehension.

The News is informed by a reputable physician that the disease is curable and that precaution should be taken and a physician consulted in its earliest stages. Instructions about similar to those in cases of typhoid fever are given as to precautions in preventing spread of colitis, such as washing dishes used by patient in boiling water, changing bed clothes and disinfecting daily, also clothes of nurses, burying excreta, etc.

The Cedar Mountain people believe and trust that the disease has made its worst ravages in the community and thinks that it is practically checked.

Beware of Ointments for Catarrh that Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists. Price 75c per bottle. Take Hall's Family Pills for constipation.

Yours truly,

MATILDA McLEAN.
