mercial rate, costing 5 cents per inch
or one-fourth cent per word.
Subscriptions not continued after ex-
piration of time paid for except on re-
quest.

Friday, May 11, 1917.

Support Your Officers.

The election is over. Every voter has enjoyed his say or neglected his opportunity or duty. Self-propelling rumors and false reports have been set in motion. Bitter words have been needlessly spoken. We have a mayor and five aldermen. They are our officers. It is the duty of the citizens of the town to support and encourage them and if their record does not prove satisfactory another hearing will take place at the polls, but meanwhile give the town board your sympathies and the benefit of your counsel and loyal support in the hope of making a better town. The officials are good, strong, capable men. Bury your hatchet and stick to them.

PLEA FOR REDUCTION OF LOCAL TAX RATES

Columbus, Ga., May 2, 1917.
Editor, Brevard News:

Will you please give me space in your paper to put in a few lines. I noticed in your last week's issue a good deal about a ticket for mayor. I wish to make this statement. I hope that there can be some way of getting our taxes reduced both town and county as they have got so high that they are a heavy burden on the tax payers. When the town books were audited some time ago, I noticed a statement of those who had not paid, and there was a lot of people who had not paid for some two or three years. It is fair for all to pay, let it be who it may. That statement showed that some of the best property owners had not paid for several years and that there had been money borrowed at different times and interest paid.

If the taxes had been collected from every body and applied to the town they could have saved that interest.

Under the present tax rate it is hard to make rents on property pay anything. It will pay the voters to try and get a ticket that will get the taxes down as they are too high for the size of the town. Politics should be left out, get the man. I write this because I feel an interest in Brevard and have always paid my taxes and well know I will have to continue to do so as long as I have any property there but it showed good and well when the gentlemen audited the books for the town and county how things were.

Respectfully,
THOS. L. WALTERS.

NEW LAW FOR ELECTING SCHOOL SUPERINTENDENT

The last general assembly of North Carolina passed a law establishing a State Board of Examiners and Institute Conductors and provided that this board shall have as one of its official duties the examination and certification of all applicants for the position of county superintendent, city superintendent, rural supervisor, principal or teacher in any of our elementary and secondary school work. Under this law all persons who expect to serve in the public school work as superintendent, assistant superintendent, supervisor, principal or teacher will be required to hold a certificate issued by the State Board for the class of work they wish to do.

YOHEEYO CAMP FOR GIRLS WILL NOT OPEN

State Normal College,
Greensboro, N. C.,
May 4, 1917.

Editor, Brevard News,
Brevard, N. C.

Dear Sir:
On account of the unsettled condition of national affairs, Yoheeyo, the camp proposed for Rockbrook farm, will not open this coming season. We feel that the country has a right to the concentrated thought and efforts of all its people.

Will you please make notification of this fact in your columns? Thanking you for your favor.

I am, Very truly yours,
EDITH C. HAIGHT,
Business Manager.

BREVARD SCHOOL TEACHERS NOT YET SELECTED

Owing to the requirements of the school law in regard to the election of teachers by joint action of committees and county superintendent, it is understood that there will be no election of teachers for the Brevard graded school before July 1, when the newly appointed board of education will assume its duties and appoint a superintendent for the coming term. It is understood that Prof. J. C. Jones has been offered the principalship for another year, but he has not given a positive acceptance of the offer.

The work of Prof. Jones for the past two years is said to have been very acceptable to committee and patrons.

DEATH OF MISS S. E. GLAZENER

(From Easley Progress.)

Miss Sarah Elmina Glazener, a maiden lady 82 years of age, died at the home of G. G. Ballard, near Dacusville, on the 25th ultimo, from the infirmities of age, and was buried the following day in the Robinson burying ground, Rev. J. M. Looper conducting the services. Miss Glazener, who was a relative of the late J. R. Glazener, of this city, came to this county about two years ago from Transylvania county, North Carolina, with her relative G. G. Ballard, with whom she made her home.

She had been a consistent member of the East Fork Baptist church since she was ten years of age.

HAPPY WOMEN

Plenty of Them in Brevard, and Good Reason For It.

Wouldn't any woman be happy, After years of backache suffering, Days of misery, nights of unrest, The distress of bladder troubles, When she finds freedom.

Many readers will profit by the following:

Mrs. J. D. Moore, Factory Hill, Rutherfordton, N. C., says: "I suffered from sharp, shooting pains across the small of my back which made it almost impossible for me to get around. Every time I moved I was in misery and couldn't be on my feet long enough to wash the dishes or bake. Doan's Kidney Pills gave me relief at once and after I had taken one box, the pains in my back left and I could do my housework with ease."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Moore had. Foster-Milburn Co., Props., Buffalo, N. Y.—Advertisement.

BIDS WANTED

For building school house for Penrose high school, contract to be let the first Monday in June. Plan of building will be furnished by Supt. T. C. Henderson.

SOUTH MUST RAISE OWN FOOD CROPS

SECRETARY LUCAS RETURNS FROM CONFERENCE AND TELLS OF ACTION.

DEPARTMENTS TO CO-OPERATE

Labor and Tin Can Situation Are Problems Being Given Serious Consideration by Commission.

Raleigh.—More than ever convinced of the absolute necessity of the South's raising its own food and feedstuffs this year, John Paul Lucas, executive secretary of the State Food Conservation Commission, has returned to his office after attending the conference held at Washington at the instance of the Federal Trade Commission for the consideration of the production, transportation and distribution of food and feed products. Information brought out at that conference will be used not only by the Federal Trade Commission itself, but will be passed on to the Department of Agriculture and the Interstate Commerce Commission. According to Mr. Lucas all departments and commissions at Washington are co-operating as never before in securing prompt action in matters especially that have any bearing upon the proper conduct of the war—and the production of foodstuffs is recognized as one of the very important factors in the war situation.

"One of the country's greatest handicaps at present is its lack of adequate transportation facilities," stated Mr. Lucas. "This was strikingly manifest in our conference. It was the consensus of opinion that the present prices of wheat and flour and some other products are due as much to inadequate transportation facilities as to crop shortage. The South will not only save itself from hunger and suffering by raising its own food and feedstuffs this year, but it will to a considerable extent relieve the railroad situation by releasing for other purposes the tens of thousands of cars that have heretofore been necessary to bring us the \$700,000,000 of food and feed products that we have bought from the West.

"Other states are taking the same steps we are to meet the situation, with variations of course. Many states have considerable legislative appropriations with which to carry on the work and the best talent everywhere is being utilized in the campaign. Stereuous work is being done in the great grain states because the nation is expecting from that source to feed its armies and navy and the armies and civilian population of its allies. The South and New England are expected to feed themselves and release for military purposes the surplus that the West will be able to raise.

"The problems to be solved, in the unanimous opinion of our conference, relate not only to as largely increased acreage as possible, but also to labor, transportation and the tin can situation, which is very serious. All of these matters are being considered and handled by the proper authorities and radical steps, if necessary, will be taken in applying remedies."

Discharge 500 Guardsmen.

Raleigh.—Full five hundred men, it is estimated, will have been discharged from the National Guard service in North Carolina when the last of the discharges are issued. Practically all of these are on the basis of the provision for discharge of men with dependent families. This represents more than fifteen per cent of the entire guard.

Although this condition was sufficient to warrant a discharge, if asked for, while the National Guard was in mobilization quarters at Camp Glenn last summer, the discharge was purely optional with the men having dependents. Now such discharges are mandatory.

These discharges leave still further gaps in the personnel of the National Guard, which must be filled by volunteers or drafted men.

Greensboro Invitations Out.

Greensboro.—Greensboro College for Women announces a splendid commencement program, with Governor Bickett and Bishop Kilgo as the principal speaker and preacher, respectively. Invitations are being mailed this week to friends of the college and graduating class. President Turentine feels elated over his success in securing such splendid speakers for the baccalaureate sermon and literary address. The commencement will open Saturday evening, May 19, at 8:30 o'clock.

Bank Loans to Canning Clubs.

New Bern.—A local bank has notified the home demonstration agent for Craven county that his institution will extend loans to all members of county canning clubs, the money to be used to purchase cans for canning the surplus vegetables grown on the farms. The loans will be made on promissory note, without indorsement. This work was inaugurated in the county only two weeks ago, but there are already more than sixty enthusiastic members.

CRACK OF PARTY WHIP STIRS UP HORNETS NEST

The original town ticket went to Asheville and had some large circulars printed and challenged the second ticket for a joint discussion of the issues in controversy at the court house Monday night. The discussion took a turn from issues and resolved itself into a prolonged and quite uncomplimentary exchange of sparkling remarks as to the ingredients it takes to make a pure democrat.

The crack of the party whip didn't take so well and there were some remarks of quite a personal nature from some of the speakers who didn't like to be read out of the party because of the exercise of their right with the ballot.

The sprinkle of republicans present enjoyed the occasion greatly at the expense of the democratic party.

EVER SALIVATED BY CALOMEL? HORRIBLE!

Calomel Is Quicksilver and Acts Like Dynamite on Your Liver.

Calomel loses you a day! You know what calomel is. It's mercury, quicksilver. Calomel is dangerous. It crashes into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated, and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for 50 cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.—Advertisement.
