

MANY FORD CARS WANTED

That the popularity of Ford automobiles has not waned but rather is on the increase is evidenced by a statement of A. H. King, Ford agent here, that the factory is not able to supply the demand for these

had a dozen
tions for Ford
which were unable to fill an
order so great a demand prevailed
over the whole country. In the
month of July 6,400 Fords were
sold from the factory.

Now that prices are high it is more than ever important that you give careful consideration to the roof you are going to put on. You can save real money and get a better roof by using

Certain-teed Roofing

Thru quality and sheer merit as a roofing material CERTAIN-TEED is now being used as the preferable type of roofing for skyscrapers, factories, hotels, stores, warehouses, garages, farm buildings etc., where durability is necessary.

It is economical to buy, inexpensive to lay and costs practically nothing to maintain. It is weather-tight, light weight, clean, sanitary and fire-retardant. It is guaranteed for 5, 10 or 15 years, according to thickness (1, 2 or 3 ply).

There are many oil roofs on the market, but only one CERTAIN-TEED. It pays to get the best. It costs no more to lay a CERTAIN-TEED roof than it does to lay a poor roof, but there is a vast difference in the wear. You can't tell the quality of a roofing by looks or feel. Your only safety is the seal. No one else has it. CERTAIN-TEED—then you are certain of quality and guaranteed satisfaction.

Certified Slat-Surfaced Asphalt Shingles
are superior to oil and slate shingles for residences. They cost less, are just as good looking, wear better, won't fall off, buckle or split. They are fire resistant, and do not have to be painted or stained.

Certain-teed Paints and Varnishes
The name CERTAIN-TEED on a can of paint or varnish is the same guarantee of quality and satisfaction it is on a roll of roofing or a bundle of shingles. Made for all uses and in all colors.
