

CALOMEL DYNAMITES A SLUGGISH LIVER

Crashes Into Sour Bile, Making
You Sick and You Lose a
Day's Work.

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a 50 cent bottle of Dodson's Liver Tonic, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tonic you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give to children; they like it.—Advertisement.

Inexpensive Floors that Look as Well as Hardwood

When a floor is bare and polished, it is often referred to as a "parquet" floor, when such is not the case. The reference has come to apply more to the style than to the wood itself. There are today other woods on the market which cost far less than hardwood, are just as beautiful, and wear practically as well. We can show you these stained in beautiful colors.

Near Station.

Note—Among the woods mentioned above, one of the most conspicuous for its beauty, quality and reasonable price is North Carolina Pine—for floor and trim.

WOMEN OF STATE PLEDGE SUPPORT

TO CO-OPERATE WITH STATE
DEPARTMENT TO PREVENT
ACCIDENTS AND FIRES.

STEP IN RIGHT DIRECTION

Commissioner Young Tells Women
Awful Fire Waste Will Be
Greatly Reduced.

At the annual convention of the North Carolina Federation of Women's Clubs held at Durham during the first week in May the unanimous support of the organization was pledged to the work of the North Carolina Insurance department in fire and accident prevention. This action followed an address by Commissioner James R. Young in which he outlined the plans for the department along the lines of fire and accident prevention and told of the great need of co-operation on the part of all civic organizations in every town and city in the State and especially the co-operation of the women's organizations.

Commissioner Young expressed himself as highly gratified at the assurances of support given him and stated that he considered the action of the federation a step in the right direction and one which is sure to bring splendid results to the citizens and property owners of North Carolina.

A reduction of the awful fire waste in this country, Commissioner Young says, can only be brought about along educational lines and through the co-operation and assistance of citizens who are just beginning to realize the responsibility that rests on their shoulders because of carelessness or the lack of ordinary precaution. Every fire is paid for by all the people, Mr. Young says. Insurance is collected from all and paid to him who has a fire; hence the man who has a fire intentionally or unintentionally takes money from his neighbors.

Every week in this country fire destroys 1,600 dwellings, 140 apartment buildings, 26 hotels, 12 schools, 10 churches, 3 large department stores, 3 hospitals, 3 jails, 3 theaters, 3 public halls and 2 colleges. Eight thousand persons are rendered homeless and nine persons are burned to death every day in the year in the United States.

Reasonable care and precaution would have prevented a vast majority of these fires and accidents and the Federation of Women's Clubs in the state are to be commended for the position they have taken in the fire prevention campaign.

MR. FONTAINE BUILDS MILL

V. Fontaine has just about completed the building of sheds for housing his shuttle mill. The building is at the railroad Y, one branch of which will serve for the mill side track.

AGED CONFEDERATE DIED NEAR PENROSE

(Intended for last week.)

On August 31 our community was draped in mourning upon the sad intelligence of the death of William R. Allison.

"Uncle Billy" was born June 30, 1828, and was in his 91st year. He was a devoted Christian, having joined the Baptist church about 60 years ago, and having kept the faith to the end.

He leaves six children to mourn this loss, four others having died before him. His wife died about 20 years ago.

To know him was to love him. He was kind and affectionate, having love for one and for all.

He was a Confederate veteran and won great distinction for bravery and courage in the war between the States, always clinging to the hand of the great King. He was the last survivor of the old Sammy Allison family.

He has fought a good fight. God grant that his memory may linger with us to lead us to higher and

greater life, and may He comfort the bereaved family and relatives. All honor to this son of Transylvania.

Correspondent.

JUNALUSKA SEMINARY

A high class Boarding School for Girls and Young Women, employing only refined and cultured teachers who are graduates of reputable colleges. Electric lights, steam heat, hot and cold running water in all rooms. Special attention given to social culture.

Fall term begins Tuesday, September 4th, 1917. For further information address Junaluska Seminary, J. M. Rhodes, Prin., Lake Junaluska, N. C.

REV. HAY AT OAKDALE

Rev. John R. Hay left Monday to assist Rev. W. S. Hutchinson in a revival at Oakdale Presbyterian church in Henderson county.

Mr. Hay was assigned to this evangelistic work by Presbytery. This meeting will continue through this week and into next.

With Brevard News We Appreciate Your Trade

Certain-teed

Certain-teed is tangible—something you can take hold of. It means certainty of quality and guaranteed satisfaction. Behind the name is the definite responsibility of a great business which has reached commanding position in its field because of its ability to manufacture and distribute the best quality products on the most efficient basis. An extensive system of factories, warehouses and sales offices makes possible low manufacturing costs and quick, economical distribution.

Certain-teed Roofing

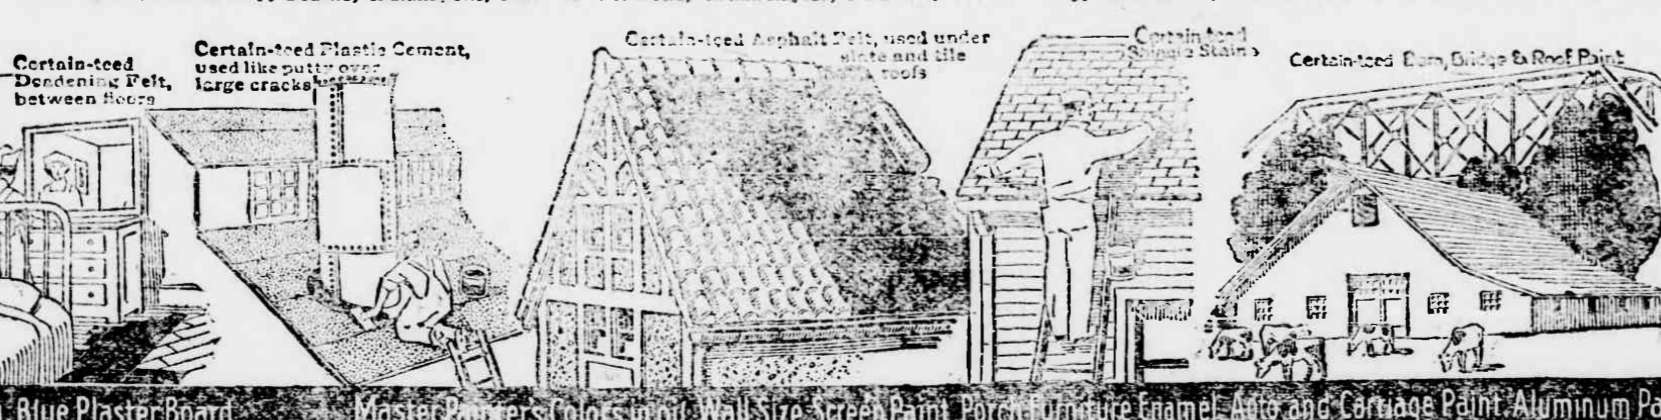

Is the best quality of roll roofing. It is recognized and used as the preferable type of roofing for office buildings, factories, hotels, stores, warehouses, garages, farm buildings, etc., where durability is demanded. It is economical to buy, inexpensive to lay, and costs practically nothing to maintain. It is light weight, weather-proof, clean, sanitary, and fire-resistant. It is guaranteed for 8, 10 or 15 years, according to thickness (1, 2 or 3 ply).

Certain-teed Paints and Varnishes

are made of pure, dependable materials made of good paints and varnishes. They are made by modern machinery to insure uniformity and are guaranteed to give satisfaction. They are guaranteed to give satisfaction. They are guaranteed to give satisfaction. They are guaranteed to give satisfaction.
