

The Strictly Cash Store Is Where You Save

GET THIS: The profit you pay a strictly cash store represents the bare cost of placing the manufactured article before you, plus the legitimate profit to the owner.

NOW GET THIS: The profit you pay to the store of charge accounts, represents a bookkeepers' salary, interest on borrowed money, numerous losses by customers who fail to pay their bills, plus the profit to the owner.

Figure what your money is worth to you and what the savings between these two stores would amount to in six months or a year's time.

Ours is a strictly one-price-to-all cash store where you save. Is it not the part of wisdom to do your shopping here?

CALOMEL DYNAMITES A SLUGGISH LIVER

Crashes Into Sour Bile, Making You Sick and You Lose a Day's Work.

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a 5 cent bottle of Dodson's Liver Tone, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give to children; they like it. -Advertisement.

LETTER FROM DR. OWEN

Mr. C. B. Osborne,
Brevard N. C.
Dear Mr. Osborne:
I should like to express my pleasure at the prospect of having my good friend Shipman owner of the Brevard paper again, and you as editor. I shall wish and expect the largest possible success to this enterprise.
I have just returned to Asheville from an extended trip of six weeks through northern Alabama. I have

visited several of the coal mining towns and closed my work at the bustling and ambitious little town of Sheffield. Sheffield is in point of tonnage, one of the three largest shipping points in the south. It is now greatly excited over the prospects of a power plant on the Tennessee River at Mussel Shoals, which will develop 600,000 horse power. A four million dollar government nitrate plant is to be erected shortly. They were busy surveying the site while I was in Sheffield.

Throughout northern Alabama, and that part of Tennessee traversed in my return trip, there has been a larger food crop cultivated the past summer than ever before. Now the farmers are rushing their autumn's plowing and sowing of small grain. Evidently they are planning for a larger food crop for next year than was raised this.

In my meeting held in Alabama, one of the most pleasing features to me, was the cooperation of Mr. M. R. Osborne. He is now to be with me permanently as co-worker. He will conduct the music and assist me in many other ways. He was with me at Sheffield, Alabama, and captured the hearts of all the people there.

With best wishes, I am,
Yours fraternally,
J. C. OWEN,
Evangelist.

ROSMAN SCHOOL STUDENTS ENTHUSIASTIC FOR FAIR

Prizes for Fair Make Appeal to Pupils—Betterment Association Taking Interest in Year's Work—Literary Society Gives Program.

Rosman.—The Transylvania County Fair is now claiming much attention of the student body. The valuable prizes being offered to high schools and graded schools for exhibits in many lines are creating a feeling of rivalry and special effort. The boys are daily at practice in doing athletic stunts. Several promising candidates are doing some wonderful running and jumping. The teachers are drilling the pupils in map drawing, writing, etc.

At the regular meeting of the Woman's Betterment Association on last Wednesday Mrs. Ralph S. Morgan was elected president to succeed Mrs. Bullock, resigned. Mrs. Bullock will be out of the city for several months. Mrs. Morgan is a splendid leader and will add great strength to the association.
