VOLUME—XXIII

BREVARD, NORTH CAROLINA, FRIDAY, MARCH 15, 1918.

NUMBER—11

JUDGE SUPERIOR COURT FOR 18TH DISTRICT

Transylvania Offers Her First Candidate for Judicial Honors. Welch Galloway the Capable and Deserving Man.

For the first time in her history Transylvania county offers a candidate for Judge of the Superior Court.

Our townsman, Welch Galloway, will be before the Democratic primary on Saturday, June 1, 1918, to be voted on in the five counties making up this judicial district: Transylvania, Henderson, Rutherford, McDowell and Yancey.

Mr. Galloway did not seek this entrance into the primary, but leaders from other counties made known their willingness to stand by him if he would enter the race.

After making some investigation as to political conditions in this District he has concluded to enter the primary.

It behoves his home county to stand solidly back of him. He is a native of the county. His standing in the county is known of all, and nothing should keep this county from rolling up a unanimous democratic vote on Saturday, June 1, and make him the nominee of the Democratic party for judge in the 18th Judicial District of North Carolina.

We feel sure that Mr. Galloway would appreciate a solid democratic vote. If the District will nominate him, the democrats will elect him in November 1918.

Transylvania county is entitled to some recognition on the State ticket. She has never had any candidate on the regular state democratic ticket, and now is the opportunity.

This paper feels confident that Mr. Galloway is capable of filling the position. He has been at the bar for 18 years in regular practice, and there is nothing to keep any democrat from casting his vote for him. He has never before offered himself for any county or State office, and he cannot be said to be an office-seeker.

We fully believe that not only will this county roll up a solid vote for our home citizen, but that a splendid vote will be given him in other counties in the District.

Let every man do his duty on primary day and the result will not be uncertain.

The board of directors will call a meeting of the stockholders as soon as Mr. Noland, the cheese expert, can meet with them.

WELCOME BACK TO BREVARD

Tom Teague, who has been in Greenville during the winter, has returned to Brevard for the purpose of resuming his duties at the garage of Teague & Turner.

Mr. Teague left Brevard at the beginning of the winter because there was not enough business to sustain a partnership profitably. He is now here for an indefinite period and the News, as well as his many friends, welcomes him back.

UNION MEETING IS GETTING UNDER WAY

Evangelist Belk Making Fine Impression—Meeting May Run Through Next Week

REV. GEO. W. BELK

The union meeting alternating between the Presbyterian and Methodist churches is getting into full swing. Rev. Geo. W. Belk of Charlotte, N. C., has been doing the preaching in a meeting here for the past 15 days and it has been a delight to hear him.

His exposition of the Scripture has been sound and his arguments logical and to the point.

It was refreshing to hear him reason on the "Atonement," "Justification," "Sins," "Righteousness," "Security" and many other of the fundamentals.

The morning hour with the Bible brought us to the "Heart of the matter." He certainly knows the Book.

I take pleasure in writing this appreciation of his work in our town, fearlessly standing against the evil practices of the day backed by the word of God.

May God continue to use him and continually bless him in his work.

W. T. BOSSE AND FAMILY MOVE TO PICKENS, S.C.

W. T. Bosse, who has been in Brevard for about 15 years, left this week with his family for Pickens, S. C., where he will reside in the future.

Mr. Bosse has been a faithful and trustworthy employee in this office for a long time and we regret to see him leave. We heartily commend him to the people of Pickens. We are sure he will make good in his new field of labor.

Promptness is one of the noblest traits of his character.

DRUNK AND DISORDERLY

We have been reliably informed that there were eight or ten negroes and some dissipated whites staggering around Davidson River station, drunk on Jamaica ginger, last Sunday night. There is a law forbidding the sale of Jamaica ginger by merchants, only for medical purposes. We hope none of our Brevard people were in the gang.

Somebody had better look out, or trouble will be his lot.

The above item was sent to the news by a good citizen and if there is not a repetition of the offense the matter will drop.

URGED TO ATTEND UNION MEETING

Matters of Vital Importance to be Discussed. Without Activity The Greatest of Undertakings Will Lag. Be Up and Doing.

The union of all the churches was

arranged at the recent session of the Association, that the said union be deliberative and wholly devoted to the study of the local needs of the Sunday school work, that Zion church at Rosman be the place and that Friday and Saturday, March 29-30 be the time, and that the line of thought be first as to the practicability of organizing our Sunday school for us into a convention with needed officers and committees. 2nd, a vigorous campaign to enlist our church members and others not reached, to engage in Sunday school work and Bible study. A religious census followed by grading the school will greatly help in this. By whom and how done?

3rd, the organization of teachers' training class.

4th, the obligation devolving upon the schools to meet the general expenses of administration.

5th, more definite plans for making your schools more evangelistic.

The executive committee begs the following brethren to introduce that phase of the subject assigned Nos. 1 and 2 Friday p. m., C. B. Deaver and C. C. Duckworth respectively. Nos. 3 and 4 Saturday a. m., by Prof. Lewis and A. M. Paxton. No. 5, Friday, 2 p. m., by J. M. Hamlin, followed by executive, miscellaneous, or summing up.

Devotional exercises for each session and preaching Friday evening at 7:30 will be provided for on the ground.

To conform to train service the union will open Friday at 2 p. m.

The program is being published early with the fact in mind that each church will have a conference preceding the time appointed for the union meeting.

Each church has ample time and is earnestly requested to appoint a delegation. Will not the pastors urge this date upon their respective churches? Our general work is lagging because of the want of contact with the churches and brotherhood and this will ever be the case unless we come together in common council.

Brethren, Come, so prays the Executive Committee.

Appropriations For Relief Work In France Announced By Red Cross War Council

The Relief work of the American Red Cross in France is already well under way, and appropriations for this work to the amount of \$20,519.259.65 have been made by the Red Cross War Council to cover the period from the time when the United States entered the war up to April 30, 1918.

Of this amount \$14,019.889.50 is for military relief, under which head comes everything pertaining to hospitals and hospital supplies, canteen service, and arrangements for the reception and comfort of the American soldiers when on duty.

For civilian relief, including aid to refugees, care and prevention of tuberculosis, care of children, re-education of maimed and blind soldiers and general relief work in six districts of the devastated area, a total of \$9,556,482.15 has been appropriated.

The Bureau of supplies and other administrative bureaus will receive \$3,259,541.75. Under this head come all transportation facilities, the department of engineering, the expenses of 27 warehouses and insurance on goods stored therein, as well as all office expenses in France.

Under the head of miscellaneous activities, for which \$3,583,336.20 has been appropriated, come such things as relief of the families of sick and wounded French soldiers, all emergencies, the American ambulance fund, food for the French people, the Red Cross health center and other similar work.

In addition to this amount, an appropriation of \$7,662,636.12 has been made for the purchase in the United States of supplies for shipment to France.

Of this appropriation, only a very small percentage goes for salaries as more than 3/4 of the Red Cross workers in France are volunteers, a great many of whom even pay their own expenses. It has been estimated by the War Council that for every dollar donated to the war fund, \$1.02 is spent in direct relief, the .02 being interest.

THIRD LIBERTY LOAN COMMITTEES APPOINTED

Transylvania County to "Do her Bit" Toward Winning the War—Committees Appointed in Each Township to Promote This Loan

To the Citizens of Transylvania County:

In response to the call of Secretary McAdoo, for the third Liberty Loan, to be opened on April 6th, 1918, we, as county chairman and vice-chairman, are going to ask that the gentlemen whose names follow be patriotic enough to join and work with us in putting up and keeping the machinery in motion until our efforts, combined with the efforts of the various similar committees throughout the state, have made it possible for every one to "do his bit" by lending Uncle Sam our money, before he finds it necessary to place a war tax on us to meet the cost of the war:
