

THE SLACKER

Throughout North Carolina and the nation sentiment toward the slacker is crystallizing and the fine finger of scorn and contempt is searching him out.

There are several varieties of slackers. Here are some of them:

The service slacker—the man who should be in the ranks and is not.

The labor slacker—the man who is able to work and doesn't.

The food slacker—the male or female hog who refuses to roidjust their diet so as to meet the demands of our Allies for these foodstuffs which may be exported.

The financial slacker—the individual who can but does not buy Liberty bonds and War Savings Stamps.

Slacking at home means more blood spilled by true blue American boys in France.

Slacking in America means starvation for innocent women and children in England, France and Italy.

Slacking at home is a menace to the success of the American, British and French arms in France.

THE SLACKER'S REWARD

The intelligent, observant, patriotic people of America will not forgive slacking.

The slacker is a marked man. Not only during the war, but as the war goes on and the casualty lists come in he will be more and more scorned and hated by decent citizens.

After the war is over he will be an object of contempt. He will be without the regard of decent people in his community. His children and his children's children after him will pay a bitter price for his disloyalty—For his failure under test to do his duty by his country and by humanity.

Inevitable fate is setting him apart and he will not escape.

Every Bushel Saved Now Will Supply a Soldier with Bread Until Next Harvest.

HEALTH HINTS

As the summer advances beware of the summer diseases of children, namely: Summerdiarrhoea, acute gastro enteritis, cholera infantum and ileo colitis—now known as colitis—the "bloody flux" of past ages.

Unhygienic surroundings, careless feeding or overfeeding, and lack of judgment in the selection of foods, artificial feeding, atmospheric changes sudden changes from hot dry weather to cold wet weather, are some of the causes of the above mentioned illnesses.

Very many cases of these diseases could be prevented by a proper amount of fresh air, proper bathing, cleanliness in clothing, regular and moderate feeding, properly modified cow's milk, fresh drinking water in small amounts and at frequent intervals.

The best food for the infant is the mother's milk, next best cow's milk, properly modified, even better than the cow's milk, is the milk of the goat, this is the best milk next to the mother's milk, and in certain cases it is better than the mother's milk. The milk of the goat is less apt to be contaminated with diseased germs.

When the mother's milk does not agree with the baby, or if the baby is weaned and not well nourished, goat's milk is the ideal milk, and is unsurpassed for infants.

It would pay the people in this county to raise goats for their milk to be used in cases of sickness, etc.

Write to the Bureau of Animal Industry, Washington, D. C. for literature on the subject, wherein can be found the names of the best breeds of goats for milk.

Many families could keep a milk goat for cases of sickness more conveniently than they could keep a cow, and many can keep a goat who cannot keep a cow. In Italy great attention is paid to this industry.

Please remember that the contagious diseases, required by law to be reported, to mention all, are as follows: Measles, whooping cough, German measles, (roseola), diphtheria, scarlet fever, smallpox, chickenpox, septice sore throat, (epidemic), tonsillitis, poliomyelitis (infantile paralysis), cerebro-spinal meningitis, (epidemic meningitis), typhoid fever, ophthalmia neonatorum, yellow fever, typhus fever, bubonic plague, Asiatic cholera.

Allow me to repeat that vaccination is harmless and will prevent smallpox, that anti typhoid vaccine will prevent typhoid fever, that proper sanitation will prevent many cases of fever among adults, and fatal "summer diseases" among babies and little children this summer.

Report all contagious diseases and quarantine promptly and enforce sanitation, if you wish to prevent fatal epidemics of disease.

Help us and let us help you in this work.

Yours truly, C. W. Hunt, M. D., County Health and Quarantine Officer.

ALL WRONG

The Mistake Is Made by Many Brevard Citizens.

Look for the cause of backache. To be cured you must know the cause.

If it's weak kidneys you must set the kidneys working right.

A Brevard resident tells you how. Mrs. J. C. Loftis, Main St., Brevard, says: "I had a bad time with my back some years ago. There was a pain over my kidneys all the time and it kept me miserable. When I would go up or down stairs pains would shoot through my back so bad that I could hardly move and often I would get so dizzy I would nearly fall. I had dizzy headaches and my ankles and hands swelled, too. My kidneys didn't act properly. I tried different remedies with no relief and finally I heard of Doan's Kidney Pills. They soon relieved me and continued use entirely cured me." 60c. at all dealers. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

GREEN'S AUGUST FLOWER

has been a household remedy all over the civilized world for more than half a century for constipation, intestinal troubles, torpid liver and the generally depressed feeling that accompanies such disorders. It is a most valuable remedy for indigestion or nervous dyspepsia and liver trouble, bringing on headache, coming up of food, palpitation of the heart, and many other symptoms. A few doses of August Flower will relieve you. It is a gentle laxative. Sold by Duckworth Drug Co. 30 and 50 cent bottles. Advertisement.

UGH! CALOMEL MAKES YOU DEATHLY SICK

Stop Using Dangerous Drug Before It Salivates You! It's Horrible!

You're bilious, sluggish, constipated and believe you need vile, dangerous calomel to start your liver and clean your bowels.

Here's my guarantee! Ask your druggist for a bottle of Doan's Liver Tonic and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money.

Take calomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day's work. Take a spoonful of harmless, vegetable Doan's Liver Tonic tonight and wake up feeling great. It's perfectly harmless, so give it to your children any time. It can't salivate, so let them eat anything afterwards. Advertisement.

"IT IS THE WAR." In France they are not of the total energy of the country, and to some extent, the spirit of the war is the kind of spirit needed in every American home.

BED, BATH AND BOARD IN JUNCTION CANTEEN

Brings Heaven a Little Nearer to an American Sammie.

A mother who is a Red Cross worker in her home town gave to her chapter the following letter she had received from her son in France:

"If you could have seen me yesterday, when I left trenches which the rains have turned into open sewers, even you would never have known me. I was mud from head to foot, so covered with crawling flies that the poorest tramp in the world would have run from me, and I fairly ached for rest."

"You see, my first turlough had begun, and I caught a turn for Paris. We were packed into a freight car, travel is so congested we spent most of our time stopping. At last, when night came, we were dumped out at a railway junction with the information that the train for Paris would be along the next day.

Canteen Like New York Hotel.

"I tell you I was discouraged. Then suddenly across the tracks from our station I saw an American Red Cross canteen, and all my troubles were at an end.

"Lots of people must have the same idea of these canteens that I used to have—just little shacks where you were handed out a cup of sloppy coffee. We are all wrong. These Red Cross places beat a New York hotel for variety of service, even if they don't have the air furniture and waiters. Here is what happened to me."

"First I had a bath, a real one with plenty of soap and water. When I was getting clean my clothes, every article, were cleaned and sterilized. Then I had a meal of real American cooking, actually sitting down at a table to eat it. After that I went into the anteen barber shop and had a shave and haircut. Then, being a gentleman of leisure, I strolled into the canteen movie theater and saw some good American films. However, I soon turned in for the night into a clean, dry bed that felt like heaven—or home.

"And now this morning, after a fine breakfast, I am sitting in the canteen writing this letter to you and waiting comfortably for my train. You just can't possibly imagine what these Red Cross women are doing for us soldiers and for the French and English, too. Each canteen takes care of thousands every day.

"They make us feel like human beings once again and give us the nerve to go on with this game of being the Kaiser. And when we win you can give a good share of the blame to the canteens that...

GOOD ROADS ASSOCIATION TO MEET AT WRIGHTSVILLE BEACH

Announcement is made by H. M. Bost, Assistant Secretary of the North Carolina Good Roads Association, that the members of the executive committee have selected Wrightsville Beach as the place for the 1918 convention of that association, and the date is August 7th, 8th and 9th, with headquarters at the Oceanic Hotel there.

The directors of the Association urge a large attendance, and believe that good roads enthusiasts from all over the State will be present at this convention to take advantage of the opportunity to urge the construction and maintenance of high ways as a military and national necessity.

MISS WALKER GOES TO FRANCE

Miss Elsie Walker, who is now in New York City, has been accepted by the War Council of the American Red Cross for service in France. She will sail shortly for the War Zone as a member of a Red Cross Canteen Unit.

Miss Walker was one of the most energetic workers in the ranks of the local Red Cross and has a number of friends here who will be much interested in her career.

RESOLUTIONS OF RESPECT

Brother O. H. Galloway

The subject of these resolutions died in Gloucester at the home of his mother, on May 16, 1918.

Whereas, We, as brothers of Transylvania Council No. 477 Jr. O. U. A. M., who knew and loved him, desire to testify to the love and esteem which we bore him. Though circumstances would not permit his regular attendance at our meetings, we shall sadly miss him. We know he is not dead—only asleep—resting after the long life of earthly toils.

Therefore be it Resolved:

1. That while we deeply deplore the severance of our brother from Transylvania Council No. 477 Jr. O. U. A. M., we bow in humble submission to the will of him who doeth all things well.

2. That in the death of our brother we have lost a faithful and true member, the family an indulgent husband and father.

3. That we extend to the grief-stricken family of our deceased brother our deepest, sincere and most affectionate sympathy in their sad bereavement.

4. That a copy of these resolutions be spread upon our minutes, a copy sent to the family of our deceased brother and one to the Brevard News for publication.

Respectfully submitted, P. L. Gallamore, Carl Whitmore, C. C. Cantrell, Committee.
