ALL WRONG

The Mistake is Made by Many Brevard Citizens.

Look for the cause of the backache.

To be cured you must know the cause.

If its weak kidneys you must set the kidneys working right.

A Brevard resident tells you how.

Mrs. J. C. Loftis, Main St., Brevard, says: "I had a bad time with my back some years ago. There was a pain over my kidneys all the time it kept me miserable. When I would go up or down stairs pains would shoot through my back so bad that I could hardly mov and often I would get so dizzy I would early fall. I had dizzy headaches and my ankles and hands swelled, too. My kidneys didn't act properly I tried different remedies with no relief and finally I heard of Doan's Kidney Pills. They soon relieved me and continued use entirely cured me."

HISTORY OF THE GREAT WORLD WAR

By Francis A. March, with the Introduction Written by Gen. Peyton C. March, the Highest Officer in the United States Army.

Dr. March is to literature what Gen. March is to the U. S. Army, at the top.

This work undoubtedly will be the best written and the most authentic

only fascinating but actually thrilling. Every one has a friend or relative who made the supreme sacrifice and this book has a place for picture and history of the event.

No one should fail to read this book and no family should fail to secure a copy. No library complete without it. Will contain about 750 pages, more than 200 illustrations. Three styles of binding; \$3.75, \$3.00 and \$2.75. Ready about Jan. 20.

Write me a postal stating binding, name and address and I will include in my first order.
